BOTTOM LINE:●² To have God's best, we must appreciate His infinite Greatness such that we are maturing our people maximumly in Christ-Likeness to have God's best in eternity so that we can have a maximum fellowship with Him and know and relate to Him toward His maximum. Thus, our churches must be eternity oriented. In the big picture, this is all there is. We should work now with excellence and thoroughness to have God's best in our lives as He has planned. God plans that we now in our lifetime gain a maximum maturity in Christ-Likeness so that we can know and relate to Him in eternity towards His maximum as He directs every thought and action we will ever have. He will do this commensurate with our spiritual ability, gifting, and calling. This is greatly in addition to becoming a Christian so that we can go to heaven. Becoming mature is the desired outcome. Becoming a Christian is the first part of the procedure. However, be on the alert, signs and conditions now warn and signal that the endtimes are soon coming that will take away our freedoms to train by placing us under endtimes world government. They are coming because our churches in the United States (being God's favored nation to bring the endtimes) are now greatly falling away from God's requirements, unknowingly implementing satanic strategy. Satan, in order to win the warfare over Christ and not go to the Lake of Fire, must prevent some of God's elect from believing and/or prevent the elect from accomplishing some of God's chosen work. He will not be able to accomplish these. Only a righteous Christ can win. **(All Satan had to do to win the warfare was to prevent the Crucifixion of Christ. But trying to get rid of Christ, he worked to have Him Crucified. Thus, Satan caused His own defeat. This is God's way. Satan did not understand how justice needs to be satisfied for sin.)** But to help accomplish his goals, Satan gets the churches to: (1) dumb down their training (not maturing their people) so fewer people will be in ministry to reach fewer people for Christ; (2) not greatly evangelize the children in the community so they may not become the elect and not become ministers as adults; (3) use loud beat rock type music so slow down human thinking and bring worship to Him; and (4) use sodomy and abortion so the elect might not be born. One major work was to establish many false religions, looking right, to entrap people and lead them away from the Cross, salvation, and God's true work (gain no elect). The churches are dumbing down their training and using rock music to reach the youth and gain numbers

without also working to mature their people at the higher maturity levels. However, one who does not take care of his own is worse than an unbeliever (or an infidel). The ones wanting to greatly grow, must do so on their own.●³ The only thing that can that can return things to God's will and slow things down is that our churches across the country must have great revival with much greater obedience and return to God's music. We need now to evangelize the children and have all believers gain maximum maturity in Christ-likeness with great urgency because our training time in freedom will soon be taken away. **Apart from relating to and knowing God toward His maximum in eternity, there is nothing. The objective of this report is to bring much added value to the Church I love and serve by sharing the critical issues. The information in this report is need-to-know for all Church and family leaders (leaders may know part or much of this - but it can be good review).●⁴ For a detailed development and discussion of God's Plan over history read: *God's Plan over History for Man to Become Mature in Christ Needed to Eternally Know and Relate to Our Perfect God in His Greatness* on our website.**

WE SHOULD BE ON OUR KNEES BEFORE THE LORD: We need to pray for what God would have us do and become now and hopefully before the soon-coming endtimes unfold. This is for us to have sufficient understanding so we will have His best in our lives particularly from an eternity perspective. We should believe and live our lives now from an eternity (outcome) perspective and to stand strong on Christ without falling away in the endtimes as they unfold.

GOD - WHERE WE MUST BEGIN: God has created all things that exist. We must appreciate God's "absolute and infinite" Greatness possessing all the existing perfect attributes and character qualities without having any darkness or sin of any kind or any amount. This makes Him God. We are created beings in His image and all that we have that is righteous, good, and holy (and from which we train) comes (came) from Him as a source without exception. He, being perfect, is the only person qualified and able to work all things together for our good and direct our lives. (Humans and angels sin when they try (they break God's perfect spiritual laws). This requires a justice to be satisfied- by Christ on the Cross as an event for believers by Grace or in the Lake of Fire for unbelievers eternally in severe punishment.) Examples of His Greatness include: (1) He works with billions and billions of people and angels all at the same time; (2) He is everywhere present that exists simultaneously (one cannot go anywhere - in all universes that exist -, without God being there now and has always been there); (3) He has created a universe so large we do not know how large it is - there may be no end to it; (4) He is and has the perfect character qualities that exist such as love, holiness, righteousness, grace, mercy, long suffering, peace, knows all truth, and many others; and (5) He has always had all the knowledge that exists or will exist throughout all eternities (past, present, and future). Our God is most

3. **GREEK CLASS:** I took a Greek class where the teacher worked mainly at the least common denominator of the class. As a result, half of the class , the brighter students, left half way through the course. There was little purpose in staying. They were learning little.

4. **ALL DOCTRINES AND TEACHINGS HARMONIZE:** Everything in this document to my understanding harmonizes, but may not be entirely correct. But it is my understanding and perspective for what the Bible teaches for what we need to know, believe, do, and become under God. I can see the entire worldview because God has trained me as a satellite system engineer to find all things for the entire system and all things must work. So I study the Scriptures from Genesis to Revelation to find for God's plan and how all things work together to bring us, who will respond, to a maximum maturity in Christ-Likeness for eternity.

infinite and perfect. All of who and what He is and does is His Glory. There are no other gods. It is not possible. Read our report: *The Attributes of God*. The Lord Jesus Christ (also God that can be visibly observed) is the visible image of the invisible God. Both He and God the Father have always existed - they have preexisted (this preexistence is not possible for us to understand. (If God has not always existed, we might not exist.) We learn of God by knowing Christ because He lives out what comes from God the Father as a source. The Bible teaches that he who has seen Christ has seen the Father. For they are one. Because God the Father is infinite and exists everywhere that exists, we in eternity will (may) never see Him visibly with our eyes. We will always have to walk by faith that He exists and is directing our lives as we need to do now. When we walk by faith trusting God to fulfill His promises and we activate our faith by obeying the instructions with the promise, we live without sin and receive revelation from the Scriptures. We live without sin because everything is coming from God as a source. **(We will not see God the Father in heaven for no other reason that we must live by faith that He exists so we will live without sin and gain revelation of God and His ways.) This is how we will live in heaven. Thus, we must learn to experientially walk by strong faith now. We must learn to live this way to live without sin and to gain revelation from the Scriptures for now and in eternity.** We will see His visible image - the Lord Jesus Christ and the Father as Christ lives out what comes from the Father as a source. (And possibly we see much of God (and Christ) in each other as we live out His will as written only in the Bible or that which will be revealed in heaven both as directed by God.) We are to love God in His Greatness by and with our whole being so we will obey His commandments. As we do, we get to know God and live holy and righteous lives. **So living by sacrificial love is most essential.** This is why if we do not live by love, we are nothing - we do not get to know and experience God in His depth-breadth.

GOD'S PURPOSE FOR PLACING PEOPLE (US) ON THE EARTH: The only important matter and objective for our lives is that we can relate to and know God and live by His infinite and perfect Greatness (e.g. including by His righteousness and holiness), both now, but especially in eternity, with everything at His direction. **This is the only purpose for life.** To do this, we need a developed high-skill spiritual ability in Christ-likeness, including such as walking by living faith (faith that is activated by our obedience to the instructions associated with God's promises), by sacrificial love, and by all things coming from the Father (Bible) as a source. Then we can live perfect lives and have an infinite-loving fellowship with Him and afterwards with each other. Apart from a perfect life with and directed by Him, there is nothing? How can there be? Thus, God placed us on the earth to gain a maximum mature high-skill spiritual-ability in Christ-likeness living as He lives with everything for life coming from God the Father as a source. Christ is our only role model. We should be most thankful that we exist, have salvation, and can live perfect lives under God's direction. **The measure of our maturity can only be determined by God. It is measured by how well we respond in real time to God in comparison to how Christ would respond if He, being perfect, were to respond (act) in our place.** We needed to be on the earth in order to observe and know the perfect sacrificial love of the Father which was demonstrated by Christ on the Cross. As stated; we need to live by love to know God and to live holy and righteously. Having spiritual ability in eternity, God will direct every thought and action we will ever have commensurate with our spiritual maturity (our ability to respond), our gifting, and our calling. This is how He works all things together for our good. It will then be God all in all. **This is the only perfect life that exists for people. We will not respond as robots. We will obey Him because we love Him - not from any fear from Him. This is why it is so important now to learn to live and practice living by love of His Greatness for who and what He is.** This is God's plan for

BIBLICAL WORLDVIEW SUMMARY

our eternity so that we can relate to and know Him as the most perfect God and live holy and righteously by His perfect ways in intimate fellowship with Him and afterwards with each other. **(As will be presented many times. apart from knowing and relating to God, and living by His perfect directed ways, there is nothing now and especially from an eternal perspective. There is no life apart from Him. The fact that He exists, we can exist.)**

NEED-TO-KNOW OVERVIEW: The Bible indirectly teaches (implies) that the degree of our spiritual growth with maturity we have at death, we will most likely have forever. God commands us now to pursue maturity. The maturity developing environment of the world, the flesh, and the Devil with any sin we have now will not be in heaven. The Devil will not be in heaven. Thus, by what we know now, our maturity will not (can not) increase in heaven because there is no development environment that we know about and we cannot sin (making mistakes) in heaven because we will not act (we will not be able to act) independent of God's leading. The main reason we are on the earth is to develop this spiritual maturity so that we can relate to God in His perfection in eternity. Since God is perfect and has infinite depth - breadth, by not gaining the maximum maturity we can have, we can pay a "most terrible eternal price" because we will most likely know less of our most perfect God and be used in lessor ways per unit time sequence in eternity (if there is time sequence in eternity). This can result if we now do not live by strong faith as to gain revelation from the Scriptures. Again, apart from knowing and relating to God toward His maximum, there is nothing. **The main and only job of Church leadership is to train her people experientially (procedure) to reach a maximum mature high-skill spiritual ability in Christ-likeness (outcome).**●⁵ **The Church needs to know the training topics for getting there. This training is done by at least (there are more topics) training (procedure) to live out God's plan "experientially" learning to live by: (1) Exalting, glorifying, pleasing, honoring, and obeying God; (2) Living godly and holy lives living as our Lord does in head-subordinate relationships with everything coming from God the Father as a source, and by sacrificial love and by living faith; (3) Helping to accomplish God's Work of evangelizing the world especially the children, discipling believers to maximum maturity in Christ-Likeness, building godly families training in divine head-subordinate relationships in unity with God, planting new churches, and helping the needy; (4) Knowing, believing and standing strong on the basic Christian-faith doctrines; and (5) Having a daily personal devotional life of prayer and Bible reading with a personal relationship with God. All of the above topics have a depth breadth. All of the above, including being in ministry, must be lived out "experientially" to accomplish the above and to some extent to gain high maturity in Christ-likeness. Having mainly Bible knowledge, being a pastor, a seminary graduate, and attending church services, without "living out" the Scriptures "experientially," does not make us or allow us to become mature. A mature person will also live out these principles as well to train others and self to become mature or mature using them.**●⁶

5. **TRAIN WITH NEEDED TOPICS:** If we are to mature our people, including our youth, to become mature in Christ, we need to know most of the topics needed to live out experientially to get there. What are they?

6. **TRAINING;** I have trained people with these principles for many years in my church in the past including by giving seminars. Many of my training ppt charts are on our website. I have found out and learned much from others. I am still learning. I am available to give teaching and seminars now on God's plan, endtimes prophecy, (continued...)

●⁷ (Many characteristics of mature people, and the way to become mature, are found in my document: *Keys to Becoming Mature in Christ-likeness In Godly Relationship Living* listed in the references.) (But how well are our churches even trying with excellence and completeness to accomplish this training job in depth-breadth reaching the needed and desired results? How well are you and I doing it? How well are we actually obtaining maturity and to what degree? Observation shows that few churches appear to be actually training with very many of these training topics in their needed depth-breadth particularly using testimonial experience. Do they know what they are? Is this not satanic strategy? How mature are these leaders?)

WHAT WE MUST DO: Because God is perfect and we are created beings, we should search the entire Bible for ALL that God wants us to become (outcome oriented) and for ALL the procedures needed (to be discipled) for getting there (procedure oriented). We should train with these, in their depth-breadth, and do nothing else. We should record a list of these (from being both outcome and procedure oriented), writing them down (in a computer), of all we are learning and update our findings when we learn more. (Where can I read these in your and my Church?) Not doing this with excellence, we will (can) fall short of His plan for us. We can reach less maturity than God plans for us. When we train from the Bible, we should teach with what to do, how to do it, examples for how to do it, testimony by how we did it or lived it out, and place our people in some form of on-the-job training, including in some ministry. We can train them by demonstrating how evangelizing is done on-the-job and then have them do it, gaining personnel experience. (Leaders generally should do teaching and training only "after" they have lived out most of the principles in their life experience. For example, I would not take lessons from a teacher (instructor) for how to fly airplanes unless he has actually flown airplanes.)

OBSERVATION SHOWS THAT THERE ARE NOW LARGE NUMBERS OF OUR CHURCHES FALLING AWAY IN VARYING AMOUNTS FROM OBEDIENCE TO THE SCRIPTURES (HAVING LOST DISCERNMENT OF KEY SCRIPTURES) - BEING TRANSFORMED TO BECOME IMMATURE CHURCHES WITH A LOSS OF BIBLICAL INTELLECT AND HAVING A LOW PLATEAU OF BIBLICAL KNOWLEDGE (Satanic Strategy for the Endtimes): Our churches, in varying degrees, are unknowingly falling away to implement satanic strategy by no longer enduring sound doctrine. They are doing some good things that we all stand by. This is great. But they are no longer training with sufficient of God's Whole Counsel, greatly maturing His people, and no longer adequately evangelizing and discipling the children in the community. Our young people are growing up with but a very limited knowledge of the Bible, including particularly for how to live the Christian life and by being in the ministry to help accomplish ministry. We now have many young people no longer attending Church after beginning college. Some churches are teaching good Bible content, but without also teaching

6(...continued)

and teachings that help us to and are needed to become mature in Christ, and accomplish ministry (to the degree I know). **The concept is to train people to have a mature walk with God, not just to teach Bible content and doctrines of the faith for information and commitment.** So how do you do this?

7. **OUR MATURITY:** If we do not know these teachings and/or are not living them out, what does this say about the degree of our maturity in Christ-likeness?

BIBLICAL WORLDVIEW SUMMARY

(training) how in depth-breadth to live the Christian life. **The sad part is that our churches do not have discernment of their falling away, believing they are doing right - they no longer endure sound doctrine. They do not understand that they are partly responsible and the cause of the soon-coming endtimes Tribulation. They are not looking for and do not know or recognize the signaling signs of the soon-coming endtimes. They continue church life wrongly as if it will continue undisturbed long term without a coming Tribulation. Thus, they are not warning and training their people with urgency to become ready? Thus, their people will most likely be caught blind sided and unprepared. To become greatly mature in Christ there are many topics (introduced earlier) to live out experientially (like there are many subjects to study to gain a college degree). So what are they? Do you or your church have a list of them? Where can I read them?** However, our churches appear to train with only a few of them. Are the church leaders living them out, knowing what they are? (Churches disciple people towards Christ-likeness without having the needed topics to bring them maximum maturity. They use paraphrased (man's interpretation) rather than accurately translated (God's direction) Bibles. (I never want to hear a paraphrased Bible read.) There is much increase in immorality, including with our young people. Churches are using loud repetitive syncopated beat rock drum bands that use the Devil's music structure similar to that such as used in Voodooism to call up evil spirits and demons (research shows and reveals this). (The problems lie not with the instruments, but how they are played (used).) (The Bible teaches that when filled with the Holy Spirit one will sing melody of hymns from their hearts unto the Lord.●⁸ Music leaders teach that the best music has the melody dominate, the harmony next, and the rhythm under control. Rhythm brings fun and life to the music - but it never should be dominate.) **Because these things are happening, it appears that our churches are walking more by sight than by faith, not getting the needed revelation from God. They are attempting to work all things together by themselves. And they do not appear to appreciate God's infinite Greatness to be eternity oriented such that they, as God requires, mature their people toward the maximum (do they know how?) and evangelize the children in our communities. (85% of those coming to Christ do so in the age range 4-14 - many who do are in ministry as adults.)**

ASPECTS OF THIS LIFE: Being created immature from the beginning of history, man (beginning with Adam and Eve) broke God's laws by disobedience to His commands (sinned). This resulted in receiving a depraved sin nature that wants to live independent of God and thus, sin in disobedience (breaking God's spiritual laws). This depraved nature is passed down to all people via the man in sex relationships, having children. People in this condition were placed into the Dominion of Satan. This allowed Satan to take charge of (capture) The Title Deed of the Earth away from Christ. God allows (planned for) development of divine life experientially for believers now using the testing and

8. AWESOME AND GREAT SPIRITUAL SINGING: I attended a CEF international conference where there were 1100 people from 87 different nations attending. **"ALL"** the people were in the ministry, **"ALL"** the people were Christians and "highly committed" to Christ, and **"ALL"** the people had led tens of kids to Christ. When they sang the great hymn: *To God be the Glory*, it was absolutely awesome. They were singing from their hearts, souls, and spirits unto the God they love and serve. The tears ran down my face. They had this great and wonderful worship because God had used them greatly in the ministry. They saw His greatness at work when He brought salvation to people, especially to the children. Such great worship is not possible under rock music.

development environment of the world, the flesh (sin nature), and the Devil. Believing “exclusively” in the Cross of Christ with His death, burial, and resurrection (the Gospel) as God works in the person (the person must respond to God working in him activating his faith such as by prayer or water baptism to have the needed living faith), the person becomes a believer and a Christian. When a person believes the Gospel, he is spiritually placed into Christ on the Cross, dies with Christ, is buried with Christ, and is risen from the dead with Christ. Dying on the Cross removed the depraved nature from legally representing the believer. When rising spiritually from the dead with Christ, the new believer receives a new divine nature that now legally represents him. This experience is the born again process and is called spiritual baptism. Water baptism is a physical picture and representation of this. The new divine nature does not and can not sin. He, as a new believer, is transferred from the Dominion of Satan into the Kingdom of God over which Christ rules now from heaven, sitting on David's throne. God directs and matures the new believer in this divine nature. Because the divine nature now legally represents the believer and cannot sin, the believer has eternal security (life) with a guarantee to be with Christ in heaven forever after death. The believer still retains the depraved nature now and will sin using it. When doing so, he should confess his sin when Christ's blood keeps on cleansing him from his sin to restore any lost fellowship with God. ●⁹ As believers, our sin natures with their memories are taken away (removed) from us in our resurrection when we enter heaven. We no longer can sin after this time because all direction for life will come from God and nothing from us as a source.

NEED-TO-KNOW BACKGROUND AND BIBLE TEACHINGS TO HELP US UNDERSTAND BIBLE PROPHECY:

Our Lord is now marrying the Church according to the oriental marriage concept. The Church is now legally the bride of Christ, but does not now live with Him. She goes to live with Him (at the Rapture) at the marriage supper of the Lamb (Christ) after the Tribulation at Christ's Second Coming. This happens after all the tares are bundled for the fire in the endtimes Tribulation by taking the mark-of-the-beast (taking the mark-of-the-beast, they formally deny the Gospel). By His own laws, Christ cannot have two wives at the same time. He was formally married to Israel. He divorced the northern kingdom of Israel in her history in a direct Bible teaching when she in her apostasy would not return to the marriage. Christ's death on the Cross dissolved the marriage to the southern kingdom of Judah. Thus, Israel as a covenant nation in a marriage arrangement before God is gone forever as of the Cross. There are no Jewish periods of God coming. The Cross broke down the barrier of the diving wall between the Jew and the Gentile, so now as believers, they are now one in Christ - being His Church and single Body. The Cross set aside animal sacrifices and physical temples in God's plan forever. **Bringing them back is major sin for it denies the efficaciousness of the Cross.** The Church is now the sanctuary of God and is to be a living sacrifice. They may come in Satan's plan. Daniel's seventieth all Jewish week is history. Christ died in the middle of the seventieth week. It does not and can not refer to the endtimes Tribulation. ●¹⁰ The endtimes Tribulation is “all-nations” in characteristic, not totally Jewish that would be required for a Pre-Tribulation Rapture of the all-nations

9. **FORGIVENESS OF SIN:** The Cross satisfied all sin a person committed before becoming a Christian. After becoming a Christian, his divine nature cannot sin. But he does sin when using his depraved or sin nature. Then he should confess this sin and then the blood of Christ keeps on cleansing him from all sin.

10. **FALSE LEADING:** Believing falsely that God has returned Israel now to her land and believing falsely that Daniel's exclusively Jewish seventieth week of seven years is the endtimes Tribulation, leads people wrongly to believe a Pre-Tribulation Rapture. As such, although it should not, this puts the Church to sleep for an urgent need to mature and prepare her people. This can only be satanic strategy.

BIBLICAL WORLDVIEW SUMMARY

Church and for Daniel's all Jewish seventieth week (7 years) to be equal to the endtimes Tribulation. The Tribulation will last longer, about twenty years, not seven, learned by examining biblical chronology. The Church, composed of all saved ethnic people groups, is now to be a living sacrifice and is the temple and sanctuary of God. The overall purpose is to mature all people (as believers in all ethnic groups) in Christ-Likeness for eternity regardless of where one lives in the world (on earth). (After the Cross, the land of Israel as a special place now has no purpose to God - but it may to Satan for it allows him to begin a war that will bring the endtimes with world government over which he and his man will rule very likely from Jerusalem.) Thus, the Church will go through the endtimes Tribulation. Many believers from all nations die (are martyred) in the great Tribulation. There will be very few Christians alive at the time of the Rapture at Christ's Second Coming. Most believers will have been martyred. (One cannot be a believer without being in and part of the Church.) The Bible uses the word "saint" for the Church in the New Testament epistles and in Revelation showing the Church (without using the word Church) is in Revelation's events. There is no Pre-Tribulation Rapture coming. It is not possible and will not happen. There is no Biblical basis for one. The Pre-Tribulation Rapture is not taught in the Scriptures. **The Churches should now warn, alert, and prepare their people for going through the soon-coming Tribulation or they will be caught blind sided by the sudden Calamity, causing Church leaders to be guilty of the people's blood.**

THE DISPENSATIONS AND KEY COVENANTS: Throughout history there are three dispensations of 2000 years each. The first is the Gentile Dispensation from Adam to Abraham when there were no Jews on the earth. The second is the Jewish Dispensation from Abraham to Christ. This was the time when God worked with Israel. The last is the Church Dispensation that runs from our Lord's Crucifixion to His Second Coming, including the endtimes Tribulation. During the Jewish Dispensation, there was the Law Covenant. People had to obey the law which they could not do that was designed to lead the people to look for the Messiah, their Savior. This was followed by the New Covenant established by the Cross under Grace that brought salvation to all believers, both Jews and Gentiles. The New Covenant was promised to the Old Testament Jews. But it only comes in the Church period for all believers in the Cross, including the Jews. No one can work or try to be obedient to gain salvation. It is given by Grace through faith, apart from works. The Cross is efficacious, complete in its self. (Although works are used to activate his faith.) All believers, both Jews and Gentiles, are part of Christ's Body and Church. After the New Covenant came, the Law Covenant with physical temples and animal sacrifices was put aside forever. Israel as a covenant nation was set aside forever. The Church is now to be a living sacrifice and the sanctuary or temple of God. It is now God's nation under Him.

THESE CURRENT ENDTIMES: We are no longer in cyclic history. Events are now leading to the termination of history. God is using the United States as His endtimes favored nation to help terminate history in a similar way and sequence (a pattern) that He used with Israel in the Old Testament as a favored nation. This pattern and sequence (taught indirectly) are determined (discovered) by comparing wording, vocabulary, sequences, entities, etc. in Revelation with the Old Testament Scriptures re Israel. See chapter 5 of *Watchman Warning* for Scriptural development (the chapter is on our website). Because the sequence repeats, I call it a pattern sequence and my view of prophecy, the Pattern View. When His people in the favored nation generally obey, He gives the nation great blessings. Israel in her history was blessed more than any other nation at that time. God has blessed the United States more greatly in these endtimes by orders and orders of magnitude than any nation in history including more greatly than Old Testament Israel and England. Then when His

people go into disobedience, He allows (causes by His spiritual laws) the rest of the country to go commensurately bad. This is happening now in the United States and the current signs now signal that the general conditions now in the United States are similar to those that were in Old Testament Israel just before Babylon invaded and placed her in divine discipline under world government. Thus, the United States as a country is now going increasingly bad commensurate with the increasingly falling away of the Church and will most likely soon experience the endtimes judgment as divine discipline. **God, in these type times, uses His watchmen to warn His people of coming judgment. This document is a Watchman Warning. (Please thoroughly understand that “the only thing” that can change (make right) the situation in our nation is that the churches across the country must have massive revival in obedience to God. Then God will act to change the nation towards obedience and for the good. Where this revival may occur in pockets, a general country-wide massive revival is unlikely because our churches as a whole no longer endure or know sound doctrine. They attempt to do some discipling, but way insufficient to accomplish the required job to actually gain great maturity.)** When the disobedience greatly worsened, Israel was placed under divine discipline such as under the rule of Babylon for 70 years. Then after the discipline period was completed, Israel was allowed to return to God and to her land. Babylon was destroyed. The current signs now signal that the United States is soon to go under “divine discipline” administered by the sudden Calamity (sudden crisis) placing her and the world's nations under world government in Revelation's endtimes Tribulation (only God knowing the precise timing). After the Tribulation is over, the heavenly court will determine that Christ has won the spiritual warfare over Satan. The elect did actually believe and did actually accomplish God's chosen works. **The heavenly court then will return the Title Deed of the Earth to Christ and give (grant) Him the legal authority, according to the rules of the spiritual warfare, to bring the final judgments and to Rapture the Church. The Rapture cannot take place until “after” this authority is given (awarded) which occurs “after” the endtimes Tribulation. It is given after all people who are to live, have lived, and have made binding decisions by life or by death to accept or deny the Gospel. Thus, as being stated, a Pre-Tribulation Rapture will not and can not happen and is not taught anywhere in Scripture.** Then, God will deliver His people to Himself by the Rapture of the Church at Christ's Second Coming at the marriage of the Lamb. This is when the bride of Christ (the Church) now goes to live with Him. **(No one is born or saved after the Rapture.)** Then all the remaining unbelievers will be killed in Revelation's 1000 years as a day at Armageddon. Then all people will go to their “eternal” states via resurrection. The Church will go to the new Jerusalem in a new heaven and a new earth with great blessing. Unbelievers will go to the Lake of Fire under divine punishment for another way to satisfy God's justice for sin. Believers will now fellowship with God and then with each other forever and receive heavenly rewards for what was done on earth under God's direction. (There is no Jewish golden age millennium coming after Christ's Second Coming.)

SIGNALING SIGNS THAT THE ENDTIMES ARE SOON COMING: These signaling signs, “happening simultaneously,” now signal strongly that the endtimes Calamity and Tribulation are soon coming (similar to those that happened in Old Testament Israel), include: (1) emphasis on sodomy and abortion (so the elect might not be born); (2) “extreme” weather, earthquakes, and fire storms; (3) a great famine (dumbing down) of God's Word in our churches (they no longer are enduring sound doctrine); (4) a “most severe” financial crisis; (5) the Middle East is setting up for a major war; (6) great increase in sin including adultery and fornication even including with the youth; (7) the coming of

disease and pestilence; (8) the United States government is now working to bring world government starting with attempting to bring a government controlled health plan; and (9) Peace-peace when there is no peace. **Some of these signs have been with us for some time. But I have never seen them all so strong "at one time" as they are now. Reference: Pages 30-34 of *Watchman Warning (Chapter One: The Essence of the Issues - the chapter is on the website)*.**

SUMMARY: WHAT HAPPENS WHEN THE ENDTIMES COME (The events under the seven-sealed scroll of Revelation is how Christ wins back the Title Deed of the Earth from Satan lost in the Garden of Eden - the Tribulation is used to polarize the beliefs of all people who are to live and to bring divine discipline on the endtimes Church): **(1) CALAMITY (coming suddenly without warning apart from the signally signs and the warning of God's watchmen, like a sudden earthquake):** (1) Several American cities will be blown up and plagued; (2) a financial crisis with the stock market collapsing; (3) the infrastructure will break down with few items getting to the market place (there will be famine); (4) power outages; (5) key Christians and Patriots will be arrested and executed; (6) major chaos; (7) a declaration of Marshall Law; and (8) the world's nations being placed under world government. **(2) ENDTIMES TRIBULATION:** World government, world religion, and world currency and/or a new financial system will come. Military troops will control chaos of people and conditions in the Calamity and in the Tribulation. (Are there troops now training in the United States to handle this chaos? I have seen reports that they are. They may be troop training in other countries, as well such as in Russia and China, to help put down and control the chaos in the United States.) The government will make war against the Church (Christianity) using incarceration, persecution, and martyrdom; there will be same sex marriages and abortion promoted (so the elect might not be born); and children will be educated satanically by the state to produce Satan's world without the Bible, God, Christ, and salvation. World government will control all things including: health, businesses, property, banks, religion - all things in a form of socialism. People will need jobs. People not self supporting with jobs very likely will be warred against. Even though many Christians will stand strong in the great Tribulation, there will come a major falling away from God in the Tribulation. This falling way will allow the bringing of another very severe calamity that will kill a large number (such 90%) of the world's population and bring in the mark-of-the- beast system. "After the beast period," Christ resurrects and raptures the Church at the marriage of the Lamb.

SUMMARY: URGENT CHURCH MINISTRY: The Church should now execute and accomplish the following ministries "urgently" and "with excellence" after appreciating God's infinite Greatness and being eternity oriented: (1) Evangelize and disciple the children in the community using "many-many" after-school Bible clubs working with Child Evangelism Fellowship (CEF) (the children stand little or no chance to come to Christ after world government comes and after their satanic indoctrination at that time and even now). Otherwise Satan will train and use the children to develop his world; (2) Mature their people (including the youth) in Christ to the maximum (including to walk by strong faith) skill levels for use in eternity to know and relate to God toward His maximum; (3) Warn, alert, and prepare their people for going through the endtimes Tribulation (Train them also with endtimes prophecy and what they will experience as the endtimes come or they will be caught blind sided), They will need to put in about three months of supplies to get through the Calamity time; (4) place their people, living near each other, into small home mutual support groups; and (5) avoid using loud syncopated rock repetitive (or similar) beat music. Instead use the hymns and like music. (Church leaders should "personally" investigate the dangers of using repetitive and/or similar loud rock beat type music and from where it came and how it was (is) used to call up evil spirits and demons. Thus, what is

happening in our churches when we use it? **If Church leaders will do this personal investigation, they will never use rock-type music in the Church ever again.) Churches believing otherwise should do these recommended above anyway as a hedge about being wrong. The Church people must not be caught blind-sided under any circumstances and unprepared. This is unthinkable. (But the way our churches are going now, these ministries most likely will not happen.) The watchman must warn (such as in the report) or be guilty of the people's blood. Church leaders hearing the warning and who do nothing are also guilty of the people's blood. God will judge them.●¹¹**

THE KEY MESSAGE: Train one's own people including the youth to become maximumly mature in Christ-Likeness (particularly to live by very strong faith (and sacrificial love) now and in the Tribulation) to know and relate to God toward His maximum in eternity. Apart from this, there is nothing. Do this with urgency in the short time period remaining before the calamity and endtimes Tribulation come. Will your church do these? Will mine?

If these are found by the government in the Calamity and/or in the Tribulation, it will give the government information to go after Christian workers and people and arrest them, shutting down their ministries. The government will want to make war against Christians and their work, incarcerating them, attempting to stop all missionary efforts.
