REPORT PURPOSE: This newsletter is a terse summary meant to give readers a fast overview of God's Plan for people, our current conditions and where they are going and why. We urge you to implement with a sense of urgency the recommendations at the report's end. We urge you to read the reference documents to gain the details and more comprehension of our circumstances. They are most critical and have eternal impacts. We need to be in the center of God's Plan and will without unknowingly falling away as many churches now appear to be doing. What is presented is my view, working from God's Greatness. I realize that all may not agree. If you disagree, please make things a matter of the most serious prayer. (We are headed toward world government when our freedoms will be taken away. Your children will be satanically educated by the government without your being able to do anything about it. Take a look at things from the big picture perspective and examine the trends and conditions all around us.)

GOD'S GREATNESS AND HIS PLAN FOR OUR LIVES: We must begin with appreciating and knowing God's Greatness. He has every perfect attribute. No one else does. God has a great and wonderful plan for our lives. This is knowing and relating to Him in His depth-breadth in His holiness and righteousness living by sacrificial love and by faith in close intimate fellowship with Him and each other forever. Living with Him as a perfect person is all there is. God being a most and the only perfect person, we must realize that all direction for life must only come from Him, Thus, to live perfect lives, He must direct every thought and action we will ever have. This will happen in heaven. This is what makes Him God. We are to obey Him as our perfect head. Thus, now we should search the Bible for everything He wants done and do it (and nothing else) with commitment and excellence. We should live now learning to live with all of life coming from Him.

REQUIREMENTS: In order to know and relate to Him experientially in His depth-breadth, we must become mature in Christ-likeness in high-skill spiritual ability in relationship living. We must learn to live as Christ lives. The only reason we are here is to gain this maturity for the sake of having this most wonderful eternal relationship. However, we are born with depraved natures that do not allow

us have this maturity. We must first become Christians by believing that Christ died on the Cross satisfying God's Justice for our sin. We activate our faith in Him to do so by praying to God that we believe by only what the Bible teaches. As we do this, we receive a divine nature that now allows us to pursue maturity in Christ as God continues to work in us. When this happens, God's condemnation for sin is removed from us. If we do not receive Christ as Savior, we will go to the Lake of Fire for God to satisfy His Justice for our sin in an alternate way.

GOD COMMANDS US TO GAIN MATURITY: God commands us, as Christians, to pursue becoming mature in high-skill spiritual ability in Christ-likeness in relationship living. We are to learn to live as Christ lives only thinking and doing what comes from God the Father as a source (today - The Holy Bible and special leading by the Holy Spirit to help carry out what is in the Bible). This is so that we can academically and experientially know and relate to our perfect God (and His heart) in His depth-breadth living holy and righteously by faith and sacrificial love in close fellowship with Him and each other both now but most importantly in eternity. Becoming mature is the main reason we are here. Apart from knowing and relating to God in His depth-breadth, there is nothing.

GAINING MATURITY IN CHRIST-LIKENESS: The Church and family heads should train their people in depth-breadth both academically (the what to's) and practically (the how to's) to live as Christ lives with maturity and share testimony. The methods (both academically and practically with on-the-job training) by which God wants believers to reach this maturity and to obey Him, include to: **(1) Exalt, Worship, Obey, Please, Honor, and Glorify Him. (2) Live a Godly and Holy Life Patterned After the Relationship that Christ Has With the Father by Sacrificial Love and by Faith. (3) Accomplish His Work of Evangelizing Entire Areas, Discipling Believers to Maturity, Planting New Churches, Building Godly Families, and Reaching out to the Needy; and. (4) Believe and Stand Strong on Basic Christian-Faith Doctrines Including on God's Attributes and on the Doctrines of Spiritual Warfare and Endtimes Prophecy.** Each of the above four activities has a large depth and breadth. ***Christians are to have these activities as the center of their lives. Every Christian needs to know and be involved in all four if he or she is to develop and have great maturity.*** This means that the Christian should be involved in God's work, but in a manner that exalts, praises, and glorifies as one lives a godly life — in a testing and proving environment.

THE CHURCH'S ONLY JOB: **The only job the Church has** is to help mature their people in Christ by training and involving them as stated in the previous paragraph: *Gaining Maturity in Christ-likeness*. This means the churches need to have the doctrinal background and the life experience with testimony for it to happen. Otherwise, we may do good things, but fall short of the goal. We should understand that reaching the youth for Christ and evangelism is vitally needed, and must be done, but recognize it is a subset of becoming mature in Christ. ***Thus, the Church's highest priority is to mature their own people, including the children and youth. This is God's mandate. This is to be a higher priority over reaching the lost ,even though both must vitally be done.***

DUMBING DOWN: Today, even though there are exceptions, thousands of our churches, not understanding God's mandate, are in varying degrees dumbing down their teaching and working mostly for human, not divine, relationships and drawing the youth. They are working to satisfy human needs as seen by humans, instead of also and mainly what is required by God.

SATANIC STRATEGY: *Satan is influencing the churches to unknowingly implement the dialectic process. Satan uses the process as a method to take things from where they are to where one wants them to be. Satan works to prevent the elect from believing and to prevent some of God's work from being accomplished. In order, as one way, to help accomplish this, he, as a method, is getting the churches to dumb down their training. He wants the churches to become spiritually immature.*

As a result of implementing the process, our churches are becoming spiritually immature with a loss of biblical intellect and with a low plateau of biblical knowledge. They are in various stages being taken out of the spiritual ministry. They do some evangelism without attempting to work with other churches to evangelize complete local areas. They teach some good things for spiritual growth but do not teach God's Word in its depth-breadth to mature their people, especially their children and youth, in Christ-likeness. Thus, our churches are not outcome oriented. They are in a major falling away from God and His best that is helping to bring the endtimes Tribulation with its socialist world government. Thus, the Church will go through the endtimes Tribulation because she is helping to cause it to come.

FAMINE OF SOUND DOCTRINE (My view): Our churches now, no longer endure sound doctrine, are bringing a famine of God's Word, and are not maturing their children and youth. In using rock music and speaking in wrong tongues, our churches cannot tell the difference between the holy and the profane. Bringing rock music into the Church to reach the youth is bringing the world into the Church which the Bible warns us not to do (*Romans 12:2 - And do not be conformed to this world, but be transformed by the renewing of your mind*). Instead of implementing God's requirements for teaching and music, churches are doing what is right according to their own eyes. They are attempting to work all things together for good according to their ways, instead of trusting God to do so only according to His ways. **Churches are in various stages of falling away.**

GREAT SIN: In dumbing down, doing things their way, our churches are attempting to work all things together for good. ***This is disobeying God and acting like the Most High God. Certainly they do not mean to do this and do not want this result. They want to do right. But this is happening and is major sin. It is patterned after the great sin of Satan.***

SIGNS AND CONDITIONS: Signs and conditions now signal the Revelation's Tribulation beginning with a terrible calamity can come any time. Only God knows the timing. When world government comes in the Tribulation, we will lose our freedoms, the government will control our lives, and it will educate our children satanically. The government will make war against all dissenters. Thus, it will make war against Patriots, Christianity, Islam, and Judaism. Individuals will be martyred and incarcerated, They will be exiled to other nations. We must have Christ as our only strength.

PROPHECY: Many doctrines, taken together, clearly teach the Church's Rapture occurs after the endtimes Tribulation at Christ's Second Coming. Christ's Kingdom, the Kingdom of God, is ruled from heaven, not from the earth. Jew and Gentile are one in Christ without division, Thus, there is no earthly Jewish Kingdom coming in the Tribulation and after the Rapture and after Christ's Coming.

REVELATION'S ENDTIMES SEQUENCE: Revelation's events unfold according to the requirements of a seven-sealed Scroll. These events are how our Lord wins back the Earth's Title

Deed that He lost to Satan in the Garden of Eden. He must win it back for the heavenly court, according to God's Plan, to give Him the legal authority to bring the resurrections and the judgments. The events come according to a sequence similar to the one God had with the Jews. There is a favored nation, was Israel, and now is the United States. When the favored nation obeys, there is great blessing. When it disobeys, it gets warning, and eventually is placed into a period of divine discipline. The endtimes discipline period is called the Tribulation. After the discipline period, God delivers His people to Himself and destroys the nation that placed His people into discipline. In the endtimes, the deliverance is by the Rapture of the Church to Christ that is followed by the destruction of all unbelievers.

AUTHORITY: The heavenly court awards Christ the authority after the Tribulation at the seventh trumpet to bring the resurrections and final judgments. This award is awarded after the court determines that Christ has won the spiritual warfare over Satan. This determination is made after all the people who are to live, have lived, and have made formal and binding decisions in life or by death to receive or deny the Gospel. The elect did actually believe and did actually accomplish all of God's chosen works.

CLEARLY UNDERSTAND: One can forfeit or impede knowing God in His depth-breadth in eternity, and not send spiritual wealth on ahead and not receive heavenly rewards that God wants to give. This happens by not becoming mature in Christ, worshiping Him, living godly, helping to accomplish God's work, and knowing and standing strong on Christian-Faith Doctrines.

Where the Bible has no direct teaching either way, the biblical data implies that the spiritual ability we have at death, we can have forever without further opportunity to improve it. Thus, we must pursue maturity in Christ as God commands in the Bible for what ever reason He may have. If it is fixed forever at death, and we do not pursue it, it is to make a most terrible eternal error. ***We need the maturity to know and relate to God. And apart from this, there is nothing. Understand, we are talking about eternity here.***

WHAT WE SHOULD NOW DO: ***We should urgently train our people, especially our children and youth, to become mature in Christ by the means previously stated. We should memorize Scripture and some hymns for when we will be in prison. We should brief our people for what can happen and about our becoming mature in Christ. We should put in some provisions to get through the coming calamity.***
