OVERALL PURPOSE●¹ ●²

(Reprinted from Main Report For Background)

The newsletter-report's purpose is to present an objective current state-of-the union message - what is happening today, why it is happening, where things are going and why, and what we as churches and Christians should (must) now urgently do. The situation is multi-faceted and both biblical and secular aspects must be integrated to see the overall picture. This report presents an overview of the entire situation that needs to be known by everyone. We must see that God is using a special sequence by how He is terminating history. This sequence will be described and we are in it now. Things are happening today according to the sequence, so it must be carefully understood.

LINE ITEM SUMMARY

(This is a summary of the main report with same title.)

- * God's Plan for history is that we gain a maximum maturity in Christ-likeness in relationship living as He walked with the Father so that we can relate to and know God the Father in close relationship with Him toward the maximum. Apart from this relationship, there is nothing.
- * When we refer to the word "maturity" throughout this report we mean a high-skill spiritual ability in Christ-likeness living as He does in head-subordinate relationships with the Father where the Father directs everything in real time in both thought and action. It is a life lived with everything coming from God the Father. It includes being in ministry. Thus, when people see us, they see the Father because from ourselves we are doing nothing.

1. **DISCLAIMER:** This report presents our view of the Bible and what God intends for us. You are invited to study on your own to reach your own conclusions and pray for what God would have you do. We cannot be responsible for what you do or do not do in any category. We have attempted to point the pathway to have God's intended best and, in our view, share for how the endtimes will unfold. This report is meant to come along side, bring added value, and encourage you to seek God's best, train, and prepare. None of us have complete information. But we can help each other.

Line Item Summary: Train Urgently to Gain Maturity and to Evangelize, Signs Signal We Are Heading into Revelation's Endtimes

- * There is no direct teaching. But many doctrines signal our maturity we have at death, we most likely will have forever. God may build upon our maturities in different ways than we can know now.
- * We need to be eternity oriented such that we seek and gain maximum maturity in Christ. Many if not most churches are mostly this life oriented with salvation and are not attempting to mature their people toward the maximum. Do they know how?
- * The minimum training curriculum in summary consists of (1) Glorifying and worshiping God; (2) Becoming mature in Christ, leaning to walk as He walks; (3) Being involved in God's work; and (4) Believing and standing strong on the Christian-Faith Doctrines. Training consists of the what to's, the how to's, examples of the how to's, personal testimonies for living out the what to's, and some form of on-the-job training.
- * However our church lives and ministries are plateauing because they are mainly training with the a,b,c's and using rock music. Our churches are being transformed to become the immature church. They do not appreciate God's Greatness such that they search out all He wants us to become and do.
- * Many or most of our churches are using forms of rock music. This music was used in Voodooism to call up evil spirits and demons. It energizes the body, instead of the spirit and soul. In our view, one cannot become mature sitting under rock music. And leaders who sanction it, lack discernment. Our Church children are growing up under rock music. They have little chance of reaching a maximum maturity in Christ. Thus, we are developing the immature church. This is satanic strategy for the endtimes.
- * What makes music good or bad is its structure. Good music will have the melody dominate, the harmony next, and the rhythm under control. Rhythm brings fun and life to the music. This good structure goes to the spirit, soul, and heart needed for proper worship. What makes music bad is when the rhythm is dominate with a loud syncopated repetitive beat. Such music reaches (activates) the body and encourages body motions. Worship from the spirit, soul, and heart is not possible under rock music.
- * The falling away and sin in our churches (partly or greatly) include having much immorality, going mainly to only fundamental teaching, using the Devil's rock music, not evangelizing the children and people out in the community, combining the world's doctrines with the Bible's, doing what God has not ordered, and not training with a version of God's whole counsel. This has resulted from a lack of appreciation of God's absolute and infinite greatness such that churches seek out everything He wants done and to the degree by which He wants it done and then do it. Churches are no longer enduring sound doctrine and are not warning their people of the soon-coming endtimes. Our churches are more this life oriented, than eternity oriented. ***They do not see the endtimes calamity coming and act wrongly as if the present times will last forever. They believe wrongly we are still in cyclic history.***
- * ***The future with the endtimes Tribulation will not change unless the Churches and people return to "much greater" obedience. The problem lies is that our Churches do not recognize (or accept their actions as) their disobedience (and incomplete obedience) and the signs of the soon-coming Tribulation. The problem comes when our churches do not know how to mature their people at the higher levels or see the need. They can seek out and pray for more understanding.***
- * ***Churches do not realize that their first priority is to mature their own people, not work for numbers and reach the youth - even though both need to be done. Churches not maturing their people toward the maximum have church life and ministry that has plateaued (or is plateauing).***
- * Our churches are doing many-many good things. They have good ministries. But in the overall view, the

existing signs signal they are falling short - particularly in areas that they are not doing. They are training and teaching with only "a small portion" of God's Whole Counsel. Churches need to do careful evaluation of their ministries and make needed changes and additions. We are going into the endtimes and our church people need to be warned, trained, and prepared.

- * We must be eternity oriented. ***The Bible teaches (implies) that all "unbelievers" in the judgment after death, to satisfy God's Justice for sin, will spend eternity in the Lake of Fire forever (forever and ever) without ever getting out.*** We must greatly increase our evangelism.
- * In eternity (and now more and more as we become gain more maturity), God will direct every thought and action we will have. This direction will be very likely based on our maturity, our spiritual gift, and our calling.
- * We are now in great spiritual warfare between Christ and Satan.●³ Christ works to have the elect believe and accomplish God's work. Satan works to prevent it. For example, Satan uses same sex marriages and abortions with the goal to prevent the elect from being born and accomplishing God's work. The sin also gives him more power to rule.
- * Signs now signal loudly that a calamity is soon coming that will take us in the near term into the endtimes Tribulation. Only God knows the timing of the calamity. But signs signal it can be imminent. The signs in the United States are similar signs that were in Old Testament Israel just before Babylon invaded and placed her under Babylon's world government for 70 years.
- * Many Biblical doctrines show that the Rapture of the Church, without ambiguity, is Post-Tribulation. A Pre-Tribulation Rapture is not possible and will not happen. The Church will go through the Tribulation because she is responsible for its coming.●⁴

3. SPIRITUAL WARFARE: Before people came on the earth, God placed the names of those who would choose Him (His elect) in a book and the works they would do in another book. He placed the names of all who would live in the Book of Life. When a person formally denies the Gospel in life or by death, their name is erased from the Book of Life. God places the actual works of all people in the Book of Works. Christ is to have the elect believe and accomplish God's works. Satan is to prevent both. If he can, he will win the warfare and will not be cast into the Lake of Fire. He can rule forever. However, Christ wins the warfare. The names of the elect remaining in the Book of Life will match the names in God's other book and the works of the elect will match God chosen works. Thus, Christ wins and Satan loses the warfare. The winner of the warfare is determined after the endtimes Tribulation when at that time all people - who are to live - (in the endtimes Tribulation) will have made formal decisions in life or by death to accept or deny the Gospel and will have completed their works. Then after this determination, Satan and his angels are cast into the Lake of Fire.

4. . THE ISRAEL SITUATION: Christ is now marrying the Church and has divorced Israel - the northern kingdom in her history and the southern kingdom at the Cross. The divorce occurred because apostate Israel would not return to the marriage or recognize Christ as their Messiah. The divorce occurred because, by His own laws, He cannot have two wives at the same time. The marriage is in the oriental marriage concept. The Church is now betrothed to Christ in a legal arrangement that cannot be broken without divorce. The Church as the bride does not now live with Christ. The Church goes to live with Christ in the formal marriage (the marriage of the Lamb) at the Second Coming of Christ after the Tribulation. This is when the Rapture takes place. The Cross set aside animal sacrifices and physical temples forever (the Church is now the temple of God and is to be a living sacrifice). The Jew and Gentile believer are now one in Christ as the Church without ethnic division. There are no Jewish periods coming. The 1000 years (could be a day or short period of time) in Revelation are the period when the Church reigns with Christ to determine whether or not any one left on earth after the Rapture can be saved. None can. Then as the last part of the endtimes sequence, Christ brings Armageddon and the destruction of all unbelievers. Satan and his angels are cast into the Lake of Fire. Again see my prophecy reports for detailed development from the Scriptures.

Line Item Summary: Train Urgently to Gain Maturity and to Evangelize, Signs Signal We Are Heading into Revelation's Endtimes

- * We must now urgently train our people, especially including our children and youth, to become maximumly mature in Christ while we still can in freedom. We would do well to place all our Church people into small home fellowship groups now (composed of those living near each other) so that worship, fellowship, **and mutual support can continue after our church doors are shut by the government.** We need to put in some supplies for about three months without needing to go to stores that now can be without supplies because the calamity can cause the infrastructure to break down without goods now getting to the market place. Our freedom will be taken away in the Tribulation. We must brief and warn our people, including our children and youth, about the soon-coming Tribulation, what will happen to them when it comes, and prepare them to stand strong under great persecution and martyrdom. If they are not briefed and warned, they can be caught blind sided when the calamity comes. Regardless of our past, we should make our futures the best we can.
- * Revelation's endtimes unfold in a similar sequence as God used many times with the Old Testament Israel as a most favored nation: (1) There was much prosperity in obedience; (2) God brought warnings of a coming calamity in great disobedience; (3) God brought a calamity with greater disobedience and placed Israel under discipline under the rule of world government for a time period; (4) then God brought (delivered from discipline) Israel to Himself bringing her back into the land of Israel; and (5) destroyed the world government. In these endtimes, the United States is God's most favored nation. In her general obedience, she has been blessed by God more than any nation in history. Now in growing disobedience, she is getting warning signs of coming calamity. The disobedience increasing, God will bring a world government military against her and place her under it rule for discipline. The discipline period is the endtimes Tribulation. After the Tribulation discipline has run its course, God will deliver the church to Christ from the discipline by the Rapture of the Church. This happens after all people who are to live have made formal decisions to accept or reject the Gospel. (No one is born or saved after the Rapture.) Then He will destroy all the unbelievers. Then all go to their eternal states: believers to the new Jerusalem and unbelievers to the Lake of Fire. Thus, the Rapture is Post-Tribulational.

Revelation's sequence and the United States in endtimes prophecy are not directly taught in Scripture where they are easy to find. They are discovered by comparing the entities, sequences, vocabulary, wording, etc. used in Revelation with the sequences that God had with OT Israel. They match showing the events of Revelation unfold in a similar sequence with a favored nation. Revelation's sequence is developed in detail from the Scriptures in Chapter five of my book: *Watchman Warning*. This chapter is on my web site.

- * The current action of the United States government with its bail out program in trillions of dollars is leading to massive inflation where thousands more will lose their jobs. Then the government will declare martial law and take over all businesses, banks, and property. It will lead to a socialistic government where we will lose our freedoms. At this time, nations of the current world government (China and Russia?) will bring calamity by blowing up and plaguing some American cities. There will be major war in the Middle East and in the far east (North Korea). The movement will then place us under world government for discipline and this is the endtimes Tribulation. **The government will make war against the Church. The goal of Satan in the endtimes is to have: (1) a one world government; (2) a one world currency or financial system; and (3) a one world religion. This will give him more power to rule and control using his man and people.**
- * 2 Chronicles 16:9 "For the eyes of the Lord move to and fro throughout the earth that He may strongly support those whose heart is completely His. . . Acts 13:22 " I have found David the son of Jesse, a man after My heart, who will do **ALL My will.**" (Emphasis mine.) **We should search out all His will and do it. Then we can be a person after God's own heart.**
