THE MAIN MESSAGE

The main message of this newsletter is that if one wants to restore America to freedom and free enterprise without government control, the **ONLY WAY** this can be done is for her churches to have great revival in a return to significant obedience to God. Then, God will change the nation. Working only with the government will not (can not) do it.

BACKGROUND UNDERSTANDING

In order to understand what is happening, particularly in America, one must understand that we are now in the sequence that God is using to terminate history. The endtimes are unfolding in a similar sequence to terminate history and America that God used to terminate Israel. It is God's way. **CYCLIC HISTORY IS NOW OVER.**

The sequence is summarized below. It is summarized in more detail in my prophecy report: *The Pattern Sequence of Revelation* and developed in detail from the Scriptures in my book: *Watchman Warning*, pages 30-34. The chapter is on my website.

Please read the following reports on my web site next with priority for many more needed details and understanding:

1. *Summary: Signs Signal We Are Heading into Revelation's Endtimes Tribulation* (April 18, 2009) (FOUND UNDER NEWSLETTER)
2. *Key Summary Report - How the Endtimes Unfold: Pathway Understanding as to Why the Rapture Comes after the Tribulation At Christ's Second Coming* (Updated August 17, 2009) (FOUND UNDER ENDTIMES PROPHECY)

THE SEQUENCE IN SUMMARY

God selects a favored nation (was Israel and in these endtimes is the United States.)

UNDERSTAND WHAT IS HAPPENING (We Are Now in Revelation's Endtimes Sequence That Is Bringing World Government and History's Termination.)

When the nation generally obeys God, He blesses her greatly. The United States has been blessed by God in orders of magnitude more than any nation in history including Israel and England. When the nation, particularly God's people, the Church, disobeys, He brings great warnings of coming judgment. We are now getting major signs that signal these warnings. These signs include (there are others) major government intervention, financial crisis, severe weather, and a major falling away of our churches (which is happening now). As the disobedience continues, He brings nations, representing world government, against her and places her, using a most terrible calamity, under the rule of world government, for divine discipline. This disciplinary period in these endtimes, the Bible calls the Tribulation. Then, after the Tribulation is over, God delivers His people to Himself and destroys the world government. In these endtimes, the deliverance is by the Rapture of the Church to Christ at the marriage of the Lamb. Then all the remaining unbelievers are killed.

SUMMARY MESSAGE

Again, THE ONLY WAY that the situation in this endtimes sequence can be placed on hold is to have a major revival in our American churches across the country. Working mainly with the government will not change this outcome. Satan is allowed major control and influence (using the government) commensurate with the degree the churches are falling away. Church leadership in the churches that are falling away can expect great judgment.

Church leadership, in my view, has lost their appreciation for God's Greatness such that they become and do all of what God wants. They are not walking by sufficient faith to gain the needed revelation. As a result, they do not recognize their wrong doings and are not watching the trends that are leading to world government. Unless they warn, alert, and prepare their people, they will be caught blind-sided when the calamity comes that brings the endtimes Tribulation.

Our churches are now being transformed to become an immature church with a loss of biblical intellect. They now have a low plateau of Bible knowledge. This is Satan's strategy for the endtimes. It allows him to bring the endtimes with world government (socialism with a loss of freedoms), and many in the churches will not know what is happening when they come. As a result, there will be a major falling away. Our churches and country people must return to God.
