## **PRELIMINARY DISCUSSION AND SUMMARY**

### **NEED-TO-KNOW INFORMATION**

***If we are to understand our current times, we need to know what is happening, why things are happening, and where things are going - what is the result of what is happening. In general, our churches are dumbing down their training that is resulting in the immature church. Our young people without adequate training and challenge, are leaving the church after they leave home and enter college. All of this is satanic strategy. Thus, few will know what is happening when the endtimes unfold. People will fall away from the faith under the coming great persecution. We must now mature our people in Christ-likeness to the maximum levels and prepare for going through the endtimes Tribulation with urgency. If one does not, they will most likely be caught blind-sided by the most terrible calamity that is coming soon to bring Revelation's Tribulation and world government. They will, as Christians, enter heaven with but limited maturity needed to know and relate to God in His depth-breadth.***

What is presented is the author's view of what and why things are now happening and will be happening. What is presented may not be your view and we may not be correct on some details. But please pray ardently where you disagree and do what we recommend for the sake of your people. We must not be wrong and allow our people to be blind sided. The trends now signal devastating times ahead.

## WATCHMAN WARNING AND DISCUSSION

***Signs and conditions now signal and most loudly warn that Revelation's endtimes calamity is very likely imminent that will bring Revelation's endtimes Tribulation with world government.*** The current times are "most critical." Revelation's endtimes appear to be upon us and things will come "suddenly" with little warning, apart from the signs and conditions and the warnings from God's watchmen. Many now see the great potential of God's judgment coming upon America and the world - largely through the churches falling away (including the dumbing down of their teachings and using rock music), the increase in gay marriage and relationship acceptance, the severe financial crisis, and the severe weather storms: e.g. high winds, heavy rain, severe snow and ice storms, and fire storms. All we need now is a great earthquake. Many have lost their jobs and thousands of dollars in the stock market.

Things happening can be best understood by realizing: (1) the endtimes events are happening as a result of an intense spiritual warfare between Christ and Satan and (2) that the endtimes are now unfolding in a special (pattern) sequence where God uses the United States as His endtimes most favored nation. God is using the nation and the endtimes sequence as a means to terminate history.●<sup>2</sup> These concepts will be discussed.

***We encourage you to carry out our recommendations with a "sense of urgency." Thus, (1) URGENTLY highly mature your people, especially including your children and youth, in Christ-likeness (See Appendix (1) for topics) and (2) brief and warn them about the soon-coming endtimes coming with calamity that brings the Tribulation, what they will experience when they come, and what they should do now with urgency, including putting in a few months of life-supporting provisions. (See Appendix (3)).***

If we are to change things, we must have revival in our churches nation-wide before the increasing sin crosses God's allowable line (threshold) for sin. After sin crosses God's allowable threshold, there is no turning back. Judgement will come without recourse. (Many or most of our churches today do not appear to know and recognized the signs that signal the soon-coming of the calamity that will bring the endtimes Tribulation. They, without having understanding and not making needed preparations, can (will most likely) be caught blind sided when the soon-coming calamity comes. We must attempt to prevent this.)

If you want to change a nation for the worse, dumb down the training of the children and youth and kill off the older people who know doctrine. (Of course, if one wants to better a nation, educate the children and youth in depth-breadth with God's Word and protect the older people.) After a few years go by with the dumbing down, the nation is changed. The changing of our nation is happening now by means of "much less" teaching in our churches, including to the youth - no longer teaching and training with God's Whole Counsel. This dumbed-down training will greatly increase and our older people will be martyred in the Tribulation. Thus, our nation (United States)

**2. ENDTIMES SEQUENCE:** Understanding this sequence for how Revelation's events unfold, we can know the signs that signal when Revelation's calamity might come and that now a watchman warning is needed. ***This newsletter-report brings a watchman warning.***

## **Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent**

is being changed and will be more greatly changed in the Tribulation - transformed from God's to Satan's plan. **(Will not our church leadership be judged?)**

***As being presented, church and family leadership should know that, in the endtimes sequence, the churches' falling away, mainly in the favored nation, is responsible for the endtimes Tribulation coming and helping Satan in his plans. (Thus, America and the Church will go through the Tribulation for divine discipline.) Thus, implementing satanic strategy no doubt without realization or desire, our churches are dumbing down their teaching and using the world's rock music for the sake of reaching the youth (they are attempting themselves to work all things together for good, instead of doing things God's way, and trusting Him to do it).***

***But this transforms the church to produce an immature church. It is one that will not know much Bible doctrine, will not know what is happening when the endtimes come, and will not recognize the signs of the soon-coming endtimes Tribulation. Thus, these churches, being transformed, will most likely be caught blind-sided when the calamity comes.*** This falling away gives Satan more power and circumstances to implement his plans, both now, but especially in the Tribulation.

***God's judgment will come, and He, alone, knows the exact timing.*** We can not be sure of the accuracy of all our secular information, but we believe what we see and forecast, fits under the biblical overlay for the Pattern Sequence. **We present much detail for happenings from the Bible as written in my book *Watchman Warning*.** Much material in this newsletter is also contained in my other web site documents and newsletters as references.●<sup>3</sup> They contain the Scriptural development that is presented here in summary.

***But because of the urgency before us, I wanted to bring a comprehensive summary of the most key, critical, and need-to-know information in one place in an easy-to-read manner.***●<sup>4</sup>

*One can read the references later, especially the one on God's Plan for History.*

*(Please read this newsletter report prayerfully and carry out its recommendations "with urgency," even if you believe differently as a hedge of being wrong. The consequences of being wrong (and where little responsible action is taken) are most terrible and irreversible for our people, especially for our children and youth, when the Tribulation begins and especially when they enter eternity. See Appendix (6) for mistakes interpreters and church leaders are making to establish their wrong prophetic and Christian growth (and practices) views (in our perspective.) Thus, with urgency, train and prepare your people for the soon-coming endtimes Tribulation.)*

### **WATCHMAN WARNING ALERT**

*Acute existing signs and conditions now signal and warn "most loudly" that the sudden coming (without warning) of the calamity that will bring Revelations's Endtimes Tribulation with world government may be very likely come in or near some March-April (maybe even in the coming year, March-April 2009). The reasons for this timing are presented later in appendix (2). Of course, only God knows the accurate timing, but we should be prepared for what ever March-April or for whatever other time or month is used. Not to be prepared is being irresponsible.*

*The Tribulation comes as divine discipline on His people and the world for sin. The sin in thousands of our churches, particularly in America, is greatly increasing, especially by dumbing down training and using rock-type music. America's people are also greatly sinning and this sinning is on the increase. We should now go to our knees in the most serious prayer, make needed changes, and prepare our people. We, as good shepherds, must not let our people be caught blind-sided by the coming calamity as far as depends upon us.*

engineer where I take information from many sources (many other people) and design, a complete ground to space, satellite communication system where everything works. Using this background, He has had me study the overall Bible systematically in the concentrations of: (1) the Bible as a whole (God's plan for history, the spiritual warfare, and why we are here); (2) Christian-Life Relationship Principles learning to live as Christ lives - the importance of becoming (and how to become) mature in Christ; and (3) how the endtimes unfold (Bible prophecy) and why, discovering the endtimes Pattern Sequence of Revelation - what must happen that allows Christ to rapture the Church. Studying the doctrines with a systematic approach, using information from many sources, has led to the study over 40 doctrines essentially at the same time in order to establish my prophetic view. God has led me to read many-many books on Bible prophecy to learn from many others and to find and avoid serious mistakes some are making.

## THE MAIN REPORT

### BACKGROUND INFORMATION FOR UNDERSTANDING PURPOSES

The overall situation, as introduced above, is that God has established a spiritual warfare between Christ and Satan to bring the development environment to mature God's people and to bring a method by which God terminates history. In order to win the warfare, Christ must bring God's elect to believe the Gospel and to accomplish God's chosen Work. For Satan to win, he must prevent some of these. However, Christ is determined the winner of the warfare after the endtimes Tribulation at the time of Revelation's seventh trumpet. He then receives the authority to Rapture the Church and bring the final judgments. ●<sup>5</sup>●<sup>6</sup> This happens after all people who are to live, have lived, and have made formal and binding decisions to formally accept or to reject the Gospel in life or by death. ***No one is saved or born after the Rapture.***

The purpose of human history and the warfare development environment (with the world, flesh, and the Devil) is to mature God's people in Christ-likeness. This is so that they (we) can know and relate to our perfect God in His depth-breadth in eternity. ***Apart from this relationship with God (and then with each other by His ways) in eternity, there is nothing.*** So we should pursue maturity (God's best) as God commands, and then, with commitment, excellence, and thoroughness. ***Pursuing and gaining maturity, under God's leadership, is "the only job" of the Church. See Appendix (1) for minimum needed training topics. They include ministry and helping the needy.***

### THUS, WHAT IS MOST IMPORTANT

(1) We are to appreciate God's absolute Greatness and His power and headship over everything

---

5. **BACKGROUND INFORMATION:** God placed the names of all the elect in a book and the works they would do in a another book. He placed the names of all who will ever live in the Book of Life. If anyone formally denies the Christ in life or by death, their name is erased from the Book of Life. He will place all the works that everyone will actually do in the Book of Works. At the seventh trumpet after the Tribulation, the heavenly court examines the books. If the names remaining in the Book of Life match the names of God's elect in the other book and if the works in the Book of Works of the elect match those in the other book (and they will), then Christ wins the warfare (and He will.) With this determination, Christ is given the legal authority to rapture the Church and to bring the endtimes final judgments.

6. **ANGELIC CONFLICT:** God also uses the endtimes Tribulation to resolve the conflict with the angels. This involves the spiritual warfare with Christ. If Christ wins the warfare, the holy angels will rule with Christ. Satan and his angels will be cast into the Lake of Fire. If Satan should win the warfare (he will not be able - only a righteous Christ can win the warfare), then he and his angels would not have to go to the Lake of Fire. He would rule over all angels and humans in eternity. There is much more details in my reports.

## Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent

(He must direct every thought and action we will ever have); and (2) we need to have a maximum maturity in Christ so that we can have a maximum relationship and interface in eternity with God in His Greatness in His depth-breadth (there is nothing else.)

Our spiritual maturity can only be measured by God. The measure is how we respond to God in all areas of life in comparison, to how Christ, being perfect, would respond, if He were to act in our place. **He is our only perfect role model.** (Church and family leaders should be role models patterned after Christ's role model for the sake of their people. Observation shows that there are insufficient role models existing today. Also preachers teach what to do without also teaching how to do things, giving personal testimony for how they lived out the teachings

## HOW THE ENDTIMES UNFOLD IN A PATTERN SEQUENCE, AND THE ROLE OF THE UNITED STATES IN ENDTIMES PROPHECY

Our studies show that Revelation's events unfold in a similar sequence as to what happened to the Old Testament Jews using a most favored nation. This was determined (discovered) by detailed studies by comparing Revelation with the Old Testament prophets and Israel's history. We did this by comparing the vocabulary, phrases, entities, events, nomenclature, happenings, sequences, etc. used. Israel was a most favored nation in Old Testament times. The United States, being most greatly blessed by God, is His endtimes most favored nation. We know this, even though the United States is not directly named in Scripture because the general characteristics of the United States match those of Israel.●<sup>7</sup> The United States has been greatly blessed by God. However, things are now happening according to the Pattern Sequence, and the signs now in the United States were in Israel just before Babylon invaded.●<sup>8</sup> **The Sequence in Israel was (is) a model for the one in Revelation. One must study what happened to Israel with teachings in Revelation to know how Revelation's endtimes events unfold.** Because the sequence repeats, we call it a Pattern Sequence and our view of endtimes prophecy, The Pattern View.●<sup>9</sup>

---

**7. MATCHING CHARACTERISTICS:** These matching characteristics (of the United States with Israel as a most favored nation) include: (1) begins in obedience, ends in disobedience; (2) is more sinful than the surrounding nations; (3) no one believes that an enemy will ever take her over; (4) God makes her a beautiful and most successful nation; (5) she is the center of nations; (6) trusts in her beauty and plays the role of a harlot in reverse - pays her lovers; (7) offers food to those who accept her harlotry; (8) she sacrifices her children (sex, abortion, drugs, false ideologies, etc. - now sodomy, same sex marriages); (9) has biblical signs of apostasy in her end time period; and (10) in her beginning, has a mandate to take the Gospel to the nations which she does. Her history and future events follow the pattern for Israel to a large degree. See Leviticus 26 and Deuteronomy 28 for the pattern sequence of events.

**8. LIST OF SIGNS:** See *Watchman Warning* pages 340-344 for signs with Scriptures and/or Appendix (5) for a detailed list of signs.

**9. PROPHECY DOCTRINES OF THE PATTERN VIEW:** Key doctrines of this view (my view) are: (1) there is an endtimes Tribulation; (2) Christ's Second Coming occurs after the Tribulation; (3) The Rapture occurs at Christ's Second Coming after Christ has been declared the winner of the spiritual warfare and after all people have lived and have formal decisions to believe or deny the Gospel; (4) the 1000 years of Revelation occur during the time of Christ's Coming, not before or afterward; and (5) Daniel's seventieth week is history and does not refer to the Endtimes Tribulation (the Tribulation lasts more than 20 years, not 7 years as many  
(continued...)

## Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent

The relationship rules according to the Pattern Sequence that God uses with a favored nation are when the favored nation is generally obedient to God, she gets great blessing.●<sup>10</sup> The United States has been blessed by God by orders and orders of magnitude more than any nation in history including much-much more than even Israel and England. The United States is without doubt a most favored nation to God. When she becomes disobedient, she gets warning (signs) of coming judgment. (This is happening now.) As her disobedience continues and increases, God brings a world government military against the favored nation and places her under the rule of the world government for divine discipline for a number of years. (e.g. For Israel's southern kingdom, it was for seventy years under Babylon.). In the endtimes, the disciplinary period is the endtimes Tribulation which can last more than 20 years. After the disciplinary period is over, God delivers His people to Himself. In Israel's time, the deliverance was to the land of Israel. In the endtimes, it is via the Church's Rapture to Christ at His Second Coming after the Tribulation is over. Then God destroys the world empire and in the endtimes kills all the unbelievers.

***In Summary, we are now getting the warning signs. The endtimes discipline on the favored nation and other nations is by the endtimes Tribulation. It will come sometime, and, by the signs and conditions, its coming now appears most imminent. Again, only God knows the timing.***

***The over-all or big-picture situation for God's Plan for history including how the endtimes unfold is multi-faceted. So one must take the time to learn the details.*** You are greatly encouraged to read my web site documents: especially *God's Plan over History for Man to Become Mature in Christ Needed to Eternally Know and Relate to Our Perfect God in His Greatness*. This document derives and presents God's plan for history from Genesis to Revelation. Read also: *The Pattern View of Prophecy* which presents the Scriptural details and doctrines for how history sequences and terminates (as Bible prophecy for how the endtimes unfold). This report and others on my web site show from the Scriptures why many other prophetic views are not as correct. See the other references presented earlier. This newsletter report is a summary.

## WHAT IS HAPPENING

***Sin comes in many forms in our churches and world. We may not always recognize it. It includes such as: (1) doing insufficient or untrue evangelism;***

---

9(...continued)

believe). ***No one is saved or born after the Rapture.*** Christ has divorced Israel as a Covenant Nation as of the Cross. Christ is now marrying the Church (composed of believing both Jews and Gentiles), and by His own laws, He cannot have two wives at the same time. All people are born in the Dominion of Satan. When one (Jew and/or Gentile) believes the Cross and become a Christian, they are transferred into the Kingdom of God and become part of the Church - the single body of Christ. All who are saved are part of and are in the Church without exception. ***Thus, there will be no future exclusive Jewish periods - not possible.*** Thus, a Pre-Tribulation Rapture is not possible and will not happen.

10. **PATTERN SEQUENCE:** The general sequence for the favored nation is found in the Old Testament prophets, and especially in Leviticus 26 and Deuteronomy 28. *Watchman Warning* (chapter five, starting with page 193) develops it in detail from the Scriptures.

**(2) not adequately maturing one's people (believers) in Christ at the higher skill levels, dumbing down the training of believers (teaching doctrine mainly and only at the fundamental level); (3) using the Devil's loud repetitive-beat rock music in our churches (can bring up evil spirits and demons and satanic worship)●<sup>11</sup> (rock music brings the world into the Church and is wrongly going to most of our churches today);●<sup>12</sup> (4) having and/or approving same sex**

---

**11. LOUD REPETITIVE-BEAT ROCK MUSIC (IMMORALITY AND OTHER ADDICTIONS FROM ROCK MUSIC):** Melody reaches the spirit and the soul. Loud repetitive rock-beat music reaches the body. Which brings maximum worship to God? ***Does rock music bring any worship to God from "His" perspective?*** Those who sit under rock music come mainly for the experience rather than what means the most to God. They believe wrongly that music is neutral (amoral). Thus, they believe wrongly there are no absolutes in music. But Professional musicians tell us that good music has the melody dominate, the harmony next, and the rhythm last and under control, but it "never" uses dominate loud repetitive beat. Proper rhythm brings fun and life to music. Would not God prefer the best music to demonstrate our worship of His Greatness. This is what I think. People like the rock music because it meets their felt needs. But it often brings ill effects upon people.

Check out web sites for "Christian rock music:" "blessing or blasphemy" and "Christian or Satanic." Then you will see that the music is Satan's.

Read: (1) *How to Conquer the Addiction to Rock Music* by Youth Who Have Found Freedom; (2) *What the Bible Has to Say About "Contemporary Christian" Music; Ten Scriptural Reasons Why the Rock Beat is Evil in Any Form by Institute of Basic Life Principles*; and (3) *Notice of Complaint Against The Unrecognized Enemy of the Church* all by Institute of Basic Life Principles. **Testimonies of many young people are given in these publications for how rock music beat has caused them many addictive type problems and what they did to get rid of them and rock music.**

If one reads the following:(1) Lucarini, Dan: *Why I Left the Contemporary Christian Music Movement*; (2) "especially" Wheaton, Dr. Jack: *Crisis in Christian Music* (read at least this book); and (3) Garlock and Woetzel (Drs'): *Music in the Balance*, one would never use contemporary loud repetitive syncopated beat rock music in the church and Sunday School ever again. They would go with the good hymns that can bring maximum worship to God.

Quote from *Crisis in Christian Music* page 166 by Dr. Wheaton: "Music is a bridge between heaven and earth. It is also a bridge between earth and hell. Just be careful which bridge you take, or lead others on."

"Reaching teenagers" with "Christian rock" music is like giving out liquor with Bible verses on the bottles. To justify vulgar music on the basis that it is being used to communicate the Gospel is the same as justifying profanity in the pulpit or pornography in Gospel literature. Introducing the "rock beat" into Christian music is like establishing a pluralistic society~ It is simply a transition from one controlling religion to another.

Another quote on page 107 by Dr. Wheaton: "No one knows exactly why demons can be summoned by certain rhythmic patterns, but there is a mountain of field research, including film and video that proves this is the case." My comment: We must be careful what rhythmic patterns we use in our churches.

**12. RESEARCH:** The problem in our churches today is that they are not researching the source and effects of rock music and the situation where rock music has been used to call up demons and evil spirits, whether

## Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent

**marriages and immorality, having much adultery; (5) denying the Gospel; (6) worshipping false gods and having false religions without the true Gospel; (7) having abortions; and (8) (churches particularly) attempting to work all things together for personal good (not trusting God to do so). (In order to trust God, all things must be in or based on the Bible (must come from God as a source), and we can trust God to fulfill His many promises.) Much falling away is happening in the Church Growth and Emerging Church movements. Check out their details on the internet.**

The calamity comes when the sin of the Church and people in the favored nation crosses God's line or threshold for allowable sin. The signs that were in Old Testament Israel as God's favored nation just before Babylon invaded and placed her under divine discipline are now in the United States as a favored nation. Some of the major signs of coming judgment now in the United States include the above listed sins and signs (there are many more - See Appendix (5) for a detailed list of signs.) They, as previously introduced, especially include an "extreme" financial crisis (e.g. Habakuk 2:6-8), "strong support" for same sex marriages (particularly with the youth and young people), extreme storms and weather (e.g. high wind, severe ice and snow and fire storms), and a decrease in the knowledge of God and the Bible. As His people go into apostasy, God brings a famine of His Word. This is happening now. David Wilkerson in his book (1998): *America's Last Call* states (quote): "*The Bible warns that when God pours out His judgment on nations, He begins by crippling the economy* (page 22)." ***This happening now in spades. (Satan, as strategy, brings same sex marriages and abortion so that the God's elect might not be born and the sin that allows him more power to rule and to help prevent the elect from believing.)***

We expect the world government will bring socialism (with an end to: (1) our freedoms; (2) protection by law; (3) free enterprise; and (4) constitutional government). It will make war against Christians with many or most being martyred. The government will come after us. America will be totally changed and will be in chaos. There will most likely be much rioting to get needs and to protest. All our freedoms and free enterprise will be gone. There will be many shortages. The government will in time confiscate and own all real-estate property, including Church property. People under world government have no rights or freedoms - no laws to protect us, as people and as churches. God will no longer listen to our (rock?) music (Amos 5:3).

Before the end of the Tribulation, as previously introduced, all people who are to live, will have lived, and will have made formal and binding decisions to accept or deny the Gospel in life or by death. Then, the Rapture comes at Christ's Second Coming at the marriage of the Lamb with the judgment of the nations.●<sup>13</sup> At Christ's Coming, most believers will have been previously martyred

it brings worship to God, and whether it brings dangers to our young people, If church leaders did the needed research, they would never-never use loud repetitive beat rock music. It is not of God. It is part of the Devil's strategy to dumb down our churches.

13. **MARRIAGE TO CHRIST:** The Church is married to Christ according to the oriental marriage custom. The Church, when believing in Christ as Savior, becomes the bride of Christ in a legal arrangement. But at (continued...)

and those alive at this time, will most likely know but little Bible doctrine. The Bible will not be allowed by law to be taught for the 20 years or so length of the first part of the Tribulation and also in the last part. (E.g. The wheat (believers) cannot be separated from the tares (unbelievers) in Rapture until “after all” the tares are bundled finally in the Tribulation for the fire (Lake of Fire)(Matthew 13:26-30)).The Tribulation is God’s way to terminate history.

### **WARNING: WHAT WE SHOULD DO NOW “WITH URGENCY”**

***There are two major things we must now do with “urgency.” We may have only a few months remaining in freedom to do what we need to do.***

**ONE** is to train our people, especially our children and youth, to become mature in Christ in preparation for eternity and to live by “strong faith” in God for all things when under the Tribulation’s great persecution. We should memorize much Scripture, especially many of God’s promises (See our report: *Living by God’s Righteousness* for a list of promises and commandments.) (The Bible teaches that a number of believers from all nations so great, that no one can count them, die in (come out of) the Great Tribulation). **THE OTHER** is to brief, warn, and prepare our people physically and spiritually for going through the very soon-coming endtimes when there will be great persecution. There will be a great shortage of supplies such as food and water as the calamity comes. Thus, one should have about a three months or so supply on hand. There will be communication and power outages. Standing strong under persecution, one can gain more maturity.

### **PLEASE OBSERVE**

***In our churches, we have the gung ho, the very faithful, the watchers, and new people. Churches should spend about 80% of their training time maturing their gung ho and very faithful toward the maximum in Christ-likeness using a version of God’s Whole Counsel emphasizing learning to walk as Christ walks (See Appendix (1) for curriculum). But they should not dumb down the majority of their training time for the watchers and new people as many churches are doing now at the expense of not maturing their gung ho and most faithful. When this happens, no one really gains and the church life, spiritual growth, and ministry truncates. Churches can keep their worship services and can have special other training times for the watchers and the new people to encourage them to become the gung ho and the very faithful and to bring them doctrinally up to speed. But churches should not dumb down - training mostly***

this time, the bride does not live with the bridegroom. Then, at some future time, the marriage takes place and the bride lives with the bridegroom. This “live in” for the Church occurs after the Tribulation at Christ’s Second Coming at “the marriage” of the Lamb. This “live in” occurs at the Rapture of the Church.

***only with the fundamentals.***●<sup>14</sup>

***With our dumbing down and using rock music, we are building a most immature Church with (transforming the church to have) a loss of biblical intellect and with a low plateau of Bible knowledge. Very few people, including the youth, have been taught Bible prophecy or the ways we gain a maximum maturity in Christ, even though churches are teaching some good things. I ask young people from different churches several doctrinal questions, and they struggle to answer any of them. Our public schools are also dumbing down and are teaching same sex marriages. Few public school graduates now can do critical analysis, hardly read or write, and do detailed technical work. This is part of Satan's strategy for the endtimes, allowed by God as the Church falls away.***

***Our churches seemed to be concerned with having as Sunday school and Church worship service with a sermon. They are without general concern about what is happening around them (knowing and recognizing the endtimes signs). They are not doing a sufficient critical analysis against the degree of God's requirements that show how well a job under God they are actually doing and training, and to bring their people to a maximum maturity in Christ. (Are they maturing their people in Christ? It does not look like it.) (They may not know how to adequately mature their people in Christ. But they can train with what they know and earnestly search for more understanding.) They have little concern about any coming of the endtimes and do not know and recognize the signs that signal it's coming can be imminent. Churches in this situation will not know what is happening when the endtimes calamity and world government come. All of this is satanic strategy meant for the endtimes.***

***Most churches, not increasing obedience, not preparing their people, and not observing the signs, most likely will be caught blind-sided when the calamity comes with war, famine, and the plague. This happened to Old Testament Israel. They did not heed the warning of the watchman. This situation will most likely repeat. This report brings a watchman's warning.***

---

14. **DUMBING DOWN:** Years ago, I attended a Greek class where the teacher taught at the lowest common denominator of the class. Half way through the class schedule, half of the class, the brighter students left. There was no point in staying. They were learning, but little. This is happening in our churches today in Bible training.

***In a period of disobedience when believers do not use sufficient faith to trust God to direct and lead everything, there comes a major falling away. When this happens, God brings a famine of His Word (Amos 8:11) and no longer protects the children (Hosea 4:6; Deuteronomy 28:32, 41; Ezekiel 5:17). Churches in this condition, no longer endure sound doctrine (2 Timothy 4:3). Church leaders have eyes that cannot see and ears that cannot hear. They continue, falsely, as if the current times will continue long term as normal. These situations are happening now and are increasing as the sin is increasing and the coming of the calamity is imminent. These churches will be caught blind-sided.***

### **SUMMARY: WHAT MATTERS IN THIS LIFETIME AS A MAJOR THEME (Introduced earlier)**

One of God's main purposes (He may have others) for why we are on the earth (after first becoming Christians) is to reach a highly mature high-skill spiritual ability in Christ-likeness in head-subordinate relationship living as Christ walked with the Father. This is so that in eternity we can relate to and know God the Father (being the infinite God) in worship, ministry, fellowship, and holy and righteous living, greatly in His depth-breadth toward the utmost. ●<sup>15</sup> ***Apart from knowing and relating to Him, there is nothing.*** God will most likely direct every thought and action we will ever have, commensurate with our ability to handle them. Being more mature, we can be directed to do greater things and know more about our perfect God.

God commands us now to pursue and gain this maturity. The Bible does not teach declaratively either way, but there are several Scriptures that signal the maturity we have at death, we can have forever. Examples are that the development environment of the world, flesh, and the devil and our sin when we make mistakes will not be in heaven. God commands us to pursue maturity. Being more obedient, we will gain rewards. Thus, we must pay attention. ●<sup>16</sup> ***Apart from becoming***

**15. HAVING THE GREATEST LOVE:** We believe that a major (the main) reason God placed us on earth was for us to learn and live out the principle or concept of the greatest sacrificial love that exists (Christ dying on the Cross with a break of fellowship with the Father so man could be saved). This is so we could learn to live sacrificially by love, obeying God's commandments. ***We also are to learn of His Greatness, by studying His attributes and character qualities, so we will have a humble attitude and a much greater love for God. (See the report and supporting charts on our web site that presents the Attributes of God. These documents, or ones like them, are needed reading and studying.)*** When we do, we learn of God and live holy and righteously. We are also to live by faith in what God does according to His promises. We are to activate our faith by obeying the instructions with the promise. When we do, with all things coming from God as a source, we live without sin and gain revelation from God. God and Christ, not the organized church, must be the center of all aspects of our lives. ***The Church is to teach and train with these principles.***

**16. MATURITY UNDER PERSECUTION:** People around the world who know little but are obeying what they  
(continued...)

*mature in Christ-likeness now so we can know and relate to God in eternity, is there any other reason we are here?*

## **“TWO VERY IMPORTANT” PLANNING TASKS**

*Because the reason we are now on the earth is to gain this spiritual maturity in Christ-likeness living out what He is working in us, we need to (should) establish two things “in detail.” ONE is be **OUTCOME ORIENTED** and thus, establish (on paper - in a computer) a training curriculum in great detail in depth-breadth from the Scriptures that defines “ALL” the things that constitutes maturity - what we are to be like, think, act, respond, and become when we are mature. THE OTHER is to be **PROCEDURALLY ORIENTED** and thus establish “ALL” the ways in great detail (on paper - in a computer) for what we must pursue and do (train and disciple and follow God working in us) to reach this maturity.*

*We can help each other and periodically update these curriculums as we learn more. Unless we do both of these in detail, we most likely will fall short and do some wrong things. Does your church and family have these? (If so, please send them to me.)●<sup>17</sup>*

## **PLEASE OBSERVE**

*The price appears very high for us to seek and gain the maximum maturity in Christ-likeness in responsive obedience to Him as God commands. But the price is much-much-much higher if we do not, because the depth-breadth of our relationship to God “for (in) ALL eternity” can be effected. And God may use our maturity (and build upon it) in eternity in different ways than we can know now.*

*Our expectations are that God in eternity (being infinitely perfect in all*

---

16(...continued)

know and are living under great persecution can have greater maturity in Christ than many or most of us here in America who know much more, but are doing but little with it.

17. **MATURITY COMMENTS:** God produces the maturity in us with our responsive love and faith obedience. But we can obey only what we know. So we should have physical detailed documents for what we are to become and for how we are to walk with God, so we will not fall short or do things wrong unknowingly. **We can always update our documents when we learn more.** Not having details here, we can unknowingly accomplish much less than we realize or desire. We can be partly the cause of the Tribulation coming.

***righteous attributes) will direct every thought and action we will ever have in our divine natures in a depth-breadth according to our maturity. He has all truth. This makes Him God. If we, as previously presented, have less maturity than that He desires when we die, we can very likely learn less of God and His ways in eternity. He may direct us in lessor ways. Learning and living by His ways is all there is. (We will live by nothing coming from us as a source.) To learn the most of God and be used greatly of God, it appears we will need a maximum maturity in faith and love and to live in biblical head-subordinate relationships patterned after Christ's walk with the Father. We must learn their principles. We will respond from our love of Him to keep His commandments. Thus, we need also to learn to live by the greatest sacrificial love now (concept demonstrated on the Cross). We need to live by great faith in God to fulfill His promises so He will direct us and do great things (as He promises) in greater and deeper ways in heaven. This allows us to gain more revelation from God of who and what He is and about His total glory. Then we can know more of His Greatness. And as stated, there is nothing else from the eternal perspective. What else can there be?●<sup>18</sup>***

*1 Corinthians 13:2 - And if I have the gift of prophecy, and know all mysteries and all knowledge; and if I have all faith, so as to remove mountains, but do not have love, I am nothing.*

*Hebrews 11:6 - And without faith it is impossible to please Him, for he who comes to God must believe that He is, and that He is a rewarder of those who seek Him.*

## **UNDERSTAND SATANIC STRATEGY (Summarized)**

When living particularly under the endtimes Pattern Sequence such as now, the strategies listed below are used by Satan to allow him to bring the endtimes Tribulation and to give him more ruling power in the Tribulation. These strategies are to help prevent the elect from believing and accomplishing God's work. Such results are necessary if he is to win the warfare and avoid going eternally to the Lake of Fire. It will also allow him to rule the world and angels eternally. ***The degree he can use these strategies is commensurate with the degree of the falling away of the church. His strategies include:***

**18. STATISTICAL BELL CURVE:** We of course do not know, but because much of the world's statistics result in a bell curve, our expectation (guess estimation) is that very few will have the most and the least maturity. The vast majority of Christians will have an average maturity represented by the bell-curve hump. And the bell hump will most likely be eschewed toward the least maturity.

## **Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent**

1. **Transform the Church** (and the children in the public schools) to produce the immature church with a loss of biblical intellect and with a low plateau of Bible knowledge by dumbing down the church to do limited teaching and use the world's loud repetitive rock-beat music. Have the churches teach little or no Bible prophecy. Then the church will not know what is happening when the endtimes come and will have a major falling away under the coming endtimes persecution.

***Not knowing and understanding, people will most likely be caught blind-sided when the calamity comes. This is a church leadership issue. Then, in the Tribulation, with more power, Satan will have government falsely indoctrinate the children and youth, and kill off the older people who know doctrine. With these happening, after a few years, the world will be transformed to Satan's world - very few if anyone will know the Bible in any depth except the older people who survive his wrath. (Precursors to this procedure are happening now in most of our churches.)***

2. **Take steps to kill the economy**, so as to have but few finances, and thus, prevent or limit God's work from being done and, in the long term, allow him to confiscate all real estate, banks, and industries for his rule. It is to have the Church possess fewer (if any) funds by which to prepare and accomplish ministry, especially missionary work around the world. Then, after the financial crash in the coming Calamity-Tribulation, he will control people by a ruthless dictatorial government and most ministries, including missionary work, without needed funds, will cease or greatly decrease.

3. **Bring many wrong religious systems (no true Gospel and few teachings by which to gain maturity) and wrong religious practices (such as speaking in non-biblical tongues, ●<sup>19</sup> not doing much evangelism, and having to work for and to maintain salvation)** that look right. It is to keep the elect from believing to be saved and accomplishing God's work. It is to prevent the elect from becoming mature so they will accomplish, but little of God's work. ●<sup>20</sup>

4. **Have the Church believe wrong endtimes doctrines (and to know insufficient doctrines needed to mature their people) so they will not have added incentive to train their people or have adequate knowledge and training for how to do so.** (This should not matter, but it seems to effect churches to become complacent.) Then, for this purpose, have the churches "believe wrongly" that the Rapture will occur before the Tribulation, there is no endtimes Tribulation, or that the world will be Christianized before Christ comes. Have the churches believe wrongly and particularly know but little of Bible prophecy with how the endtimes unfold and what they will experience as they do. Then they will not know or recognize the signs of the soon-coming calamity and Tribulation and will not know to give a watchman warning.

---

19. **DOCTRINES:** Tongues speaking people, in my view, most often believe wrongly that their power comes from the baptism and the filling of the Holy Spirit. However, the baptism of the Holy Spirit happens to every new believer as they are given a new divine nature. The filling of the Holy Spirit is obeying Scripture that the Holy Spirit directs (leads) us all to use. We are not against our charismatic brothers in any way. But by their false practices, they need to know they are in a falling away that helps to bring the Tribulation. And prior to about AD1830, almost no one has spoken in any tongues since about 100 AD.

20. **REFORMED CHURCHES:** Some reformed churches appear to be doing little evangelism in the community because they believe that God will save the elect regardless of what they do. To me, this is to implement satanic strategy.

## Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent

5. **Bring sickness and the plague so people will not be able to do much ministry.**
6. **Encourage the churches and people to have major sin.** Then, as God allows, bring world government, so that he can control all things. And with major sin, this keeps them from gaining major maturity in Christ.
7. Encourage same sex marriages and having many abortions so the elect might not be born.

The current falling away of the Church is helping to allow the bringing of the above.

### SUMMARY

***We must thoroughly understand that we are now in the endtimes Pattern Sequence, and that signs now signal loudly the endtimes Tribulation's coming is very likely imminent (even though only God knows the exact timing). The Church will definitely go through the endtimes Tribulation. Its coming is caused by God using Satan commensurate with the church's falling away and the increased sin in the world. The Church (you and me) are the cause of its coming. There is no Pre-Tribulation Rapture coming. There is no preterist view where there is no endtimes Tribulation. The world will not be Christianized before Christ comes (even though there is now some wonderful revival in many parts of our world).***●<sup>21</sup>

***We must learn to stand strong in the endtimes Tribulation under incarceration, great persecution, and the coming martyrdom. Again, even if you believe otherwise, carry out our two recommendations (summarized below) with urgency as a hedge about being wrong in your prophecy and training views. This is best for your people. We (you and me) must not let our people be caught blind-sided under any circumstances - this is unthinkable and irresponsible.***

***(1) With urgency, mature your people, especially your children and youth in Christ, training them to do ministry (See Appendix (1)). Make serious and urgent plans for this training and***

**21. IMPACTS OF WRONG PROPHETIC VIEWS.** *The wrong prophetic views of the Pre-Tribulation Rapture, the Preterist View with no Tribulation, and that the world will be Christianized before Christ comes gives no incentive to bring a watchman warning and prepare people for the most difficult soon-coming endtimes. Such doctrines tend to have churches take their time about maturing their people if they do anything. They bring a sense of complacency. Thus, these churches unknowingly leave their people to become blind sided and unprepared when the calamity comes suddenly without warning. This is satanic strategy.*

*(2) Brief and warn them about the soon coming endtimes and what will happen when they do come. Train them to stand strong in Christ under the coming persecution. Recognize there will be many shortages (e.g. food, water, electricity, communications, lighting) and all or most property will be eventually confiscated. There will be much sickness and disease.●<sup>22</sup> America will be placed under a controlled socialism with a loss of freedoms, free enterprise, and protections being without our Constitution and current way of government. (See Appendix (3)).*

## TRAINING TIME OPTIONS

Not everyone will work to become mature in Christ, join a home support group, and/or put in preparations. Most likely most of the gung ho and very faithful will. One can do the training and briefing of the watchers and new people on several Saturdays and/or Sunday nights with regularity without needing to change one's regular worship Sunday services of the gung ho and the faithful. ***But one should (mus) consider no longer using any form of loud repetitive beat rock music.*** One can use other contemporary music. ***But under "no circumstances" add contemporary loud rock beat music with its associated musical instruments to your traditional hymn services.*** Use choruses with redundant lyrics to a minimum. Maintain the traditional services with the best hymns that describe who and what Christ and God are (without rock music) to bring a maximum worship of God. ***There are many great hymns.*** I listen to them when I work at the computer.

**Please understand, that not to train to become maximumly mature in Christ and not to be logistically prepared for whenever the Tribulation comes is great folly. Leadership most likely will be highly judged.**

## Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent

**AS A PROCEDURE** (method) to produce **THE OUTCOME** of being mature in Christ, we should train (disciple) with at least the following Christian-Life Relationship Principles (No doubt there are many more):●<sup>24</sup>●<sup>25</sup> (Because of the impending endtimes, we should do this training with great urgency. We can call it: “Project Speed Up.”)

1. Believe with conviction, that the Holy Bible is the only source of our faith from God (no church and no religion is). (The true believers (both Jews and Gentiles) in Christ as Savior are the Church. The Church uses organization activities and buildings, but they are not the church. Thus, in the biblical sense, one cannot go to church. But instead the Church assembles for worship (in buildings)).

The true Church, founded only on the efficacious Cross of Christ (without the need of works or water baptism), is a personal relationship with Christ and with God. It is not a religion. It uses organization, but it is not an organization. However, one needs to activate their faith in the Cross to have living faith by some biblical action such as by a prayer, confession of Christ to others, or water baptism. But one is not saved by these actions - we are saved “only” by faith in the Cross - what Christ has done. **The Cross is efficacious - complete in itself.**)

(In our worship services and personal study, use an accurate translated (not an interpreted) Bible (e.g. use KJ, NKJ, and NAS ), no paraphrases. We should want to learn from an accurate translated Bible, not one that contains much interpretation and potential many interpretation errors, just because the English provides better listening and reading.)

2. Learn to glorify, please, honor, praise, worship, and obey God (only God is Great) in all that we think and do. Our lives should be Christ and God centered in every aspect. We are to be humble and do all things to the glory of God - things coming from Him as a source. We are to trust God, not ourselves, to work all things together for good. We should study God’s attributes to learn of His absolute Greatness. This will help us to love Him greatly and obey His commandments toward the utmost.(We glorify God by being obedient to what He has asked us to do. Then when people see us, they will see Him through us, because we are doing nothing from ourselves as a source. He does not accept glory from anything that comes from us as a source. He alone has perfection.) Our Lord said:

All Church and family leaders should read this document.

**24. MY TEACHING AND TRAINING:** I have taught and trained with these principles over the years, learning much from others. **(I am available to give training and seminars on Christian-Life Relationship Principles, God’s Plan, and endtimes prophecy. God has had me concentrate on these.)**

**25. TRAINING:** When training in Christian-Life Relationship Principles, we should present what should be done, how we do things (how we carry out what should be done), examples for how we do things, testimony from the instructor’s life (and from the life of others) for how he lived them out, and providing some form of on-the-job training. We should not just teach what should be done. (e.g. As an example when learning to fly an airplane, one must know the principles, how to implement them, and later to apply them in the air.)

## **Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent**

*John 17:4 - "I glorified Thee on the earth, having accomplished the work which Thou hast given Me to do.*

3. Learn to live godly as Christ does in a head-subordinate relationship with the Father with everything coming from the Father as a source. Then people see Him, not us, as we live our lives. Thus, we should learn to live by head-subordinate relationships in our families and world patterned after Christ's walk with the Father. The Father is head of Christ. Christ is the head of man. Man is the head of women. Parents are head of children. Live by sacrificial love to serve God and each other, keeping God's commandments (we should know them). When we do, we live holy and righteously. Live by faith trusting God to fulfill His promises (we should memorize them). When we do, we live without sin, are partakers of our divine nature, and receive revelation of the Scriptures from God. We activate our faith by obeying the instructions with the promise. Have the character qualities for Church leadership and those of the beatitudes. ***We should have a strong devotional and prayer life, where we read much from (of) the Bible.***
4. Help accomplish Christ's ministry (work) under His leadership, being led of the Holy Spirit (using our spiritual gifts as team members together) of: (1) evangelizing "complete" local areas, especially the children (one can be trained by and work with Child Evangelism Fellowship to establish tens of after-school Bible clubs); (2) discipling believers to a maximum maturity in Christ (not just having spiritual growth in Christ); (3) planting new churches; (4) building godly families; and (5) reaching out to and helping the needy.
5. Know, believe, and stand strong on the basic doctrines of the Christian faith such as contained in a good Church doctrinal statement. ●<sup>26</sup> Believing these doctrines greatly build our faith. But they must be accurate, complete, and true or we can believe wrongly without our knowing it.
6. Fellowship and share with other believers in homes and Church services (which could be in homes.)

### **NOW THAT THE ENDTIMES ARE SOON UNFOLDING, ADD:**

1. Should place all of Church people into mutual home support groups, now that the endtimes are unfolding . Put in some supplies (including both food, water, and lighting) for life and ministry for at least three months with some urgency. Very likely Bibles will no longer openly be sold. Recognize we can be without electricity and communications for some time. Cell phones and ham radio with some source of power may be usable.
2. We should now memorize much Scripture, especially the promises, for the time we most likely will be without Bibles. Then we can still have great personal devotions and walk with God and do some evangelism.

### APPENDIX (2) THE TRIBULATION’S TIMING

***Only God, as introduced, knows the precise timing as to when the Tribulation will come.*** But we can gain insights by examining chronology. Chronology studies (e.g. see *The Chronology of the Old Testament* by Dr. Martin Anstey) show from the Bible’s chronology that there were 2000 years from Adam to Abraham and 2000 years from Abraham to Christ. The biblical number of man is 6 and multiples thereof - allowing 2000 years remaining. This leaves 2000 years for the Church and final age (period). Christ was crucified in AD 30 according to Anstey. (some say AD 33). This brings the Second Coming of Christ as an estimation in about 2030 or 2033. The front end of the discipline to the Jews in her pattern sequences was about 20 years. (Remember that Daniel’s seventieth week is history at the time of Christ and does not represent the endtimes Tribulation forcing it wrongly to be only seven years.) If this time repeats (and we do not for sure that it does) and Revelation’s final part lasts 3 ½ years, this places the beginning of the Tribulation as an estimate near 2010- 2013 plus or minus a few years. The Tribulation will come very soon or in the next few years, not tens of years from now.

We know (believe) that Christ will return on a future Jewish Feast of the Trumpets. This occurs in the fall such as in September- October (This year 2008, it fell on September 30.) The endtimes Mark-of-the-Beast Period lasts 3 ½ years. Being that the rest of the Tribulation is a non-fractional number of years, this places the beginning of the Tribulation six months away from the fall of the year into the Spring in some future March-April. ***We do not know which March-April the Tribulation will begin, but, because of the existing acute signs, we believe, as a candidate time, it could come even as early as March-April 2009 (e.g. 2033 - 23 ½ years). But again, only God knows the timing.*** But we must be ready for any time it may come. **THUS, TAKE WARNING.** ***(We should be ready whether the Tribulation comes in 2009, 2010, or later. But not to be prepared??? What if it does come in 2009? Will you and your people be warned, briefed, trained, and prepared? Will mine?)***

### APPENDIX (3) HOW THE ENDTIMES WILL COME (UNFOLD) FROM A SECULAR PERSPECTIVE UNDER THE OVERLAY OF THE BIBLE’S PATTERN SEQUENCE TEACHINGS

(We present what we learn and see now from the secular community and place them under the overlay of the biblical Pattern Sequence. ***We can be wrong in some of these secular thoughts and information found in the media.*** We do not have all the information. Things may come in different ways than we can know now.)

See pages 348-354 of *Watchman Warning* for a list of expected happenings from Scripture during the first part of the Tribulation. Some are included below. But remember, what will happen is God

## **Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent**

using Satan to bring discipline on the (true and acting like) Church and the world's people for their sin. ***The Church, particularly her leadership, is largely responsible for the Tribulation coming. Thus, as previously stated, much leadership can expect judgment and the Church will go through the Endtimes Tribulation.***

The Bible teaches the calamity will come with the sword, famine, and disease (plague) (Revelation 6:8). It teaches a world government (such as the UN or what it may be called) will militarily take over the favored nation according to the Pattern Sequence. The world government will be composed of many nations, most likely including China, Russia, Germany, etc. In the endtimes, there will come world religion that will not have the true Christ, the true Gospel, or an accurately interpreted Bible. Based on what happened to Old Testament Israel and Revelation 17-18, the world religion may contain a mother and child worship system. But the unfolding times will tell. Because the nations of the United Nations (or whatever it will be called) will rule the world (current world government), we can expect a major war in the Middle East and Europe to put down Islam. Islam, now attempting to go world wide, will not be allowed to rule. Islam is being used now by Satan to help the potential elect to be deceived and not believe the Gospel and to help bring the war to have world government over which he and his man will rule. ***(We are not against any people including those in Islam. We are only reporting what we believe is happening and will happen and what the Bible teaches.)***

At the same time, several American cities most likely will be blown up (destroyed) and plagued by the militaries of the world government - the calamity comes with the sword and disease. (These militaries may not be against the United States, but they will do these things so they can rule as part of world government.) As the calamity continues, there will be power black outs when a very large number of pastors and patriot leaders over time will be arrested and executed - very likely up to several million. They should now select places of secret refuge and go there immediately when the calamity comes. Otherwise their ministry will be over. There will be food and water shortages, communication outages, and power black outs. (The end comes, as stated, with the sword, famine, and the plague.) The calamity will bring Marshall Law, the crash of the stock market, and the breakdown of the infrastructure that can bring famine. America and the world's nations will be placed under world government with a foreign military rule, most likely under some anti-christ. Our current presidential system will be no longer. We will have a new (maybe electronic) currency, and we all will have to have jobs. (The retired and the disabled, all who do not or cannot work, and especially those who know Bible doctrine, will most likely be warred against. The government will not want any of us to have much discretionary time and funds for ministry.) Other countries, such as China, will (does) own much property in the United States by means of loans to the United States. There will be a great increase in sodomy. The government will make war against all they do not control and/or have discretionary funds to do Christian ministries. The government will make war against rebelling patriots and all non-conforming religions to world government and its world religion. There will be a world religion with false teachers, who do not know what is holy, and will mislead people to believe falsely (by Satan's plan). There will be financial crisis with great debt. There is now a very large precursor financial crises now that can (will) greatly increase. With the crash of the stock market, having a new currency, the confiscation of gold and real estate property (may take over property and businesses where owner can no longer pay their loans - our government is making many loans now through a bail out policy), the middle class will lose their savings and independent life control. ***We will have the very rich who rule, and us, the very poor (us), who are the ruled. After things settle, they will be a financial boom with great world trade for a period of time.*** But there will be most likely a continuance of food and water shortages,

## **Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent**

with much poisoned water. There will be much disease (plague), and famine. There will be watchmen bringing God's warnings about turning back to Him and what will happen if they do not. Then in time, there will be a financial problem that will greatly limit or stop world trade.

The world may be divided into geographic sections for rule, economy, currency and trade. During the first part of the Tribulation, under the great persecution, many in the immature and transformed Church will fall away giving Satan (by God using Satan) more power to bring a "major and devastating" war (calamity) that will bring the Mark-of-the Beast system. People will not listen to learn God's Word. ***This is fed and helped by the satanic training of the children and the youth without the Bible and Gospel (God forgets the children when His people are in great apostasy) and with the martyrdom of the believing adults. After 20 years of this in the first part of the Tribulation, the apostasy in the world will greatly increase. There will be a great lack of biblical knowledge. This gives Satan the power to bring a devastating calamity, killing about 90% of the world's population and bring in the Mark-of-the-Beast period. He does these things to help prevent the elect from believing and accomplishing God's work and to have him have the power and authority to rule the world through his man.***

Now, under a most serious economic crisis, the world's nations (20) are working together for how to solve the world's economic problems. When the war of the calamity comes, we believe they will work together again to determine how to prevent war ever again. This will lead to world government (with socialism) over all nations with a world religion and common financial system and series of or electronic currencies.

### **APPENDIX (4) BELIEVERS SHOULD NOW MAKE SERIOUS PLANS FOR WHENEVER THE CALAMITY AND TRIBULATION COME (Again, only God knows the exact timing.)**

***Because the current signs now signal loudly that the calamity that brings the endtimes Tribulation can be imminent, and because we do not know the exact times, we should consider implementing plans A and B. Plan A should be to train and ready our people as best we can for a calamity coming in March-April 2009. Plan B should be to consider training and readying our people in depth for the situation that the calamity comes in the near, but longer, term such as 6-12 months or more from now, but after March-April 2009.***

***But what if the calamity does come in March-April 2009, will your church and family (especially your children and youth) be briefed, warned, matured, and prepared - especially repent from sin, seeking greater obedience and true ministry? One must learn to live by strong faith in God to carry out His promises now and especially in the Tribulation. (We must know and memorize them.) Based on Jewish history, few churches and families will heed the warning and prepare. They will not respond to the watchman's warning. They will continue in their dumbed down training and their use of the Devil's rock music to keep the youth and finances in the church. Most churches and their people will be caught blind sided. How will your church and family be caught? How will mine?***

***Because the current world economy is in critical decline, our churches should have plan A***

*and plan B for expenditures (depending upon how the economy worsens) and how much the giving decreases. The expectation is that the economy will continue to worsen without ever becoming better. We are no longer in normal times. There should be priorities for the ministry including using volunteer help instead of paid staff. We should determine how we can continue to support our ministries, including especially for missionaries. These plans (plan C) should provide for a coming truncation of funds in the near future when the calamity comes. Missionaries should now look for jobs, and/or local and other means of support. They will need to cut expenses. They need to do these now before the more serious financial crisis comes. Churches should place all church people into small support, worship, and study groups before the calamity comes. When the calamity and world government come, the government will most likely eventually close the church doors - confiscate the church properties.*

### APPENDIX (5) SIGNS SIGNALLY THE SOON- COMING OF THE ENDTIMES TRIBULATION

**(See Watchman Warning pages 30-34 for list with Scripture references)**

Many of these warning signs and conditions, especially in the favored nation of the United States, that signal the Tribulation is soon-coming are (but are not limited to): (1) the acts of God in areas of severe weather, fire storms, mud slides, flooding rains, snow and ice storms, hurricanes, tornados, earthquakes, tidal waves, *especially droughts that effect the food supply and amount of drinking water*, etc; (2) the coming of the endtimes International government (seventh head of Revelation's endtimes Beast); (3) the existence of the favored nation (the characteristics of the United States match those of Israel) and the action of Internationalists as Babylon the Great that rule over International government needed for the Pattern Sequence; (4) great increase in immorality, *particularly sodomy - same sex marriages like in the days of Sodom and Gomorrah*; (5) people calling evil good and cannot discern the difference between the holy from the profane: (churches using false tongues and the world's loud rock-type repetitive beat music?) and churches and people doing what is right according to their own eyes and teaching mostly pablum to reach the youth, instead of teaching in breadth with depth; (6) the falling away of our churches from carrying out the scope and intent of the Great Commission and the increased sin of the people (including our children and youth) especially in the favored nation; (In Silicon Valley where I do much evangelism, more than half of the people I talk with do not even know there is a Gospel for salvation); (7) the famine of God's Word in our churches; churches are now teaching but little of God's Word; They no longer know (endure) sound doctrine;●<sup>27</sup> (8) the build up of "the northern

**27. CHURCH CONDITIONS:** God said that in the endtimes, the people would no longer endure sound doctrine (2 Timothy 4:3), and that, under apostasy, He would bring a famine of His Word (Amos 8:11). *This famine and not enduring sound doctrine have begun by the ever growing apostate Church Growth and Emerging Church Movements that are now going world wide. Many of their methods and nomenclature have spread to some degree to most evangelical churches. The churches involved are using the world's (the Devil's) loud rock-beat music to bring young people into the*

army” for the invasion of the favored nation (limited numbers of foreign troops are now deployed throughout the United States, Mexico, and Canada, acting under the United Nations for training - watch for sudden larger build up of military forces; (9) unholy reforms are being planned and implemented in our public schools transforming our children to be ready for world government. They are also teaching sodomy in the grammar schools; (10) the peace-peace policy without war in the Russian Glasnost, the wrong Pre-Tribulation Rapture, no Tribulation, and world being Christianized Theories; and a general peace condition without war; (11) great debt and severe financial crisis in the favored nation and in the world; (12) people are moving away from the true God and no longer attending church (especially high school graduates); many gods in the land of the favored nation; people hold the favored nation and what it provides them more important than God; (13) people are worshiping the work of their hands, such as products from the chip industry; (14) there are many terrorists groups now (the foreign military that have been here for over 20 years) in the United States that can blow up some cities and could bring the plague and incurable disease; and (15) people have forgotten the true God and no longer fear God, so they increase their disobedience. And of course we are building the immature church.

***These happenings, signs and conditions, along with needed existing entities of the favored nation, the presence of internationalists, the world empire, and the military of the world empire signal the endtimes are coming. The significance is that these signs and conditions are happening at the same time in composite. Some individually may have occurred at any time in history.***

## **APPENDIX (6) SUMMARY OF MAJOR MISTAKES BEING MADE IN OUR CHURCHES (My Perception.) ●<sup>28</sup>**

Below is a partial list of mistakes being made in our churches that prevents (deters or limits the degree of) maturity, causes us not to properly understand Bible prophecy, and/or causes the endtimes to come. They are not listed in any particular order.

1. Believing that God is still working with Israel as a favored and covenant nation, believing that Daniel's seventieth week is not history, but is equal to the endtimes Tribulation, and that there

***churches and are teaching them mainly only first-level training with much of the world mixed with it. Thus, these signs signal loudly that the coming of the Tribulation can be imminent and that the disobedience of the churches are responsible for its coming. Thus, the Church will go through the Tribulation. The people who started and promulgated these movements, in my view, can expect great judgment.***

**28. OUR SITUATION:** *We believe that most churches want to do right under God. But no longer enduring and knowing sufficient sound doctrine, churches have a varying number of these wrong characteristics. I may also have some wrong characteristics. We all need to pray about our situation and help each other. We must be there for each other with sacrificial love and support.*

## Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent

is a Jewish 1000 year kingdom coming after Christ's Second Coming. It is also to believe that the Rapture is Pre-Tribulational, there is no endtimes Tribulation, and/or that the world will be Christianized before Christ comes. ***They, generally, do not know what must be accomplished and have occurred in order for Christ to legally rapture the Church and to bring the endtimes judgments. They generally do not know or understand the Pattern Sequence and do not know and/or recognize the signs that signal the coming of the endtimes Tribulation is imminent.***

2. Not seeing and greatly appreciating the Greatness of God that inspires one from love of God to know Him such that one pursues becoming maximum mature in Christ at the maximum level to know and relate to God toward His best. They do not see that the only reason we are here is to gain this maturity in Christ so that we can relate to God to the maximum in eternity.
3. Not seeing that many doctrines signal that our maturity in Christ can be fixed forever at death. This allows churches to wrongly dumb down their teaching without believing they will hurt their people concerning now or in eternity, which most or many churches in America are doing today. (Dumbing down the training, churches must believe that maturity can increase in heaven.) (But if we are not to pursue maturity now, why are we here?) There is, in my view, no Scripture that teaches or implies our maturity will or can increase in heaven.
4. Not being both outcome and procedurally oriented so as to know what one is like when mature in Christ (none of us may know this adequately) and to know what are needed sufficient principles with which to train (disciple) to become mature. They do not know adequately what a person is like when a person is mature in Christ. They are doing much less than God desires, even wanting to do all He desires.
5. Have not done the necessary research to know that the world's loud repetitive rock beat music (and other loud contemporary music) came from Voodooism being used to call up demons and evil spirits. Rock music desensitizes Christians to the leading of the Holy Spirit. This music is of the Devil to get the churches with dumbed down teaching to transform them to become the immature church with a loss of biblical intellect and with a low plateau of Bible knowledge. ***It is not of God.*** Then, they will very likely conform to world government and Satan's plans. Churches today do not know the strategies and goals of the spiritual warfare. ***Rock music is profane. Church leaders now cannot tell the difference between the holy and the profane.*** (Such profanity is also now speaking in false tongues. No one has spoken in biblical tongues since (or after) the first century AD. ●<sup>29</sup>) (Although I have heard of people hearing tongues today has led some to believe and become Christians.)
6. Not seeing the need, by their lack of actions, ***"to go all out"*** to evangelize children to help rebuild our world. They do not realize (with any serious commitment) that 85% of the people who come to Christ, do so, by their 14<sup>th</sup> birthday. They do not realize that in the Tribulation, the government will satanically indoctrinate the children and youth to world government and to a world religion without salvation, Christ, and the true Bible. Satan will do this to help transform the world to his rule as they grow up, and to help prevent the elect from believing. This is happening

now in the precursor mode.●<sup>30</sup>

7. Churches are not doing critical analysis of their lives and ministries to see if they are indeed doing all that God requires. They do not see that pursuing maturity is the only primary course. They do not see the signs that signal the Tribulation is imminent nor do they know much about Bible prophecy and what will happen in the Tribulation that they will experience. They continue doing what they are doing believing that the current times will continue indefinitely. ***However, the current serious economy crisis has been a wake up call.***
8. Church leaders, who use loud repetitive beat rock music and dumb down their teaching, very likely do not recognize the signs leading to the Tribulation, and do not know how to adequately mature their people in Christ. And not doing so, very likely many are immature Christians (even though they have been to seminary or Bible college). They do not know sound doctrine, and in many cases, may not be Christians, even when they believe they are. Our Lord said that you did many things in my name, but I do not know you (Matthew 7:21-23).

The above has resulted from church leaders no longer enduring sound doctrine, and have eyes that cannot see, and ears that cannot hear. This has resulted in a famine of God's Word in our churches. Many or most church leaders, by their actions, may not know how to train their people to become mature in Christ, even though they teach many good things. ***However, most churches no doubt want to do right.***

***However, in spite of our current church situation, the apostle Paul teaches that whatever has been the past, lets make the future the best we can have. I encourage all churches and myself to pursue this path.***

***Philippines 3:13 - Brethren, I do not regard myself as having laid hold of it yet; but one thing I do: forgetting what lies behind and reaching forward to what lies ahead***

30. **BIBLE CLUBS:** Churches should now work with Child Evangelism Fellowship to "urgently" establish many (tens of) after school and other Bible clubs to reach and train the children.
