**INTRODUCTION AND PURPOSE:** This report, as a summary, presents an alert that major US national (and world) issues and conditions, as they are coming to pass, are precursor to or that which lead to and will bring world government with socialism. It will be the endtimes Tribulation with the government taking charge (controlling) of everything. Our current government and Constitution will be taken away. **These issues, in their coming, are caused by (allowed by God to come) and signal our churches are falling away. (Without a falling away, God may not let them come or restrict their magnitude. We are seeing things as “major” trends. But we do not have all the data.) We must realize that we are no longer in cyclic history, but instead things are now coming that lead to the endtimes Tribulation and to Christ’s Second Coming and the Rapture - the termination of history. Refer to our references on endtimes prophecy. We are now in an endtimes sequence patterned after the sequences that God had with the Jews. Thus, I call it a pattern sequence.**

1. **DISCLAIMER** - This report was written for educational purposes with the understanding that neither the author or publisher are engaged in rendering professional legal, counseling, or accounting services. For questions regarding personal needs on any topic should be addressed to professional persons. The author and publisher specifically disclaim any legal liability, damage, loss, or risk, personal or otherwise, including the spiritual, mental, financial, or physical (any) impact on a person’s life, incurred as a consequence directly or indirectly of the use and/or misuse and application and/or misapplication of any information, techniques, or contents of this report. What is presented is the author’s view of what and why things are now happening and will be happening. What is presented may not be your view, and we may not be correct on some details. But please pray ardently where you disagree and do what we recommend for the sake of your people. We must not be wrong and allow our people to be blind sided. The trends now signal devastating times ahead.

2. **REFERENCES:** *The overall situation is multifaceted with many more details that can be presented in this newsletter-report. Thus, please read all of the following references.* To view the overall picture and Satan’s strategies to keep the elect from believing and accomplishing God’s work and have him rule the world, it is helpful to read my website report developed from the Scriptures: *God’s Plan Over History for Man to Become Mature in Christ Needed to Eternally Know and Relate to Our Perfect God in His Greatness.* Afterward, read our January 2009 and December 2008 newsletter-reports on my website for more background and understanding. Also read my reports on gaining maturity in Christ and *The Pattern View of Prophecy* for how the endtimes unfold. Read especially for what is happening now and how the endtimes unfold: *The Scenario for How Revelation’s Events Unfold.*

3. **REASON:** I am sending this alert because I am one of God’s watchman and because I love the Church, serve her, and want God’s best for her. We must expect a soon-coming Tribulation with a Post-Tribulation Rapture.

**February 2009 Newsletter-Report. Alert and Warning:  
Signs Signal We Are Headed for the Tribulation with World Government**

These issues are coming and could come to pass in some sequence or in an emergency could bring many of them simultaneously. We need to keep alert. ***The concept is that when these issues are considered together with their purposes, they signal a plan by Satan (and allowed by God) to bring world government. We should continue to check the news and trends for others that will confirm our observations. World government, when it actually comes, will be initiated by a severe calamity, coming suddenly in a whirlwind without warning apart from the signs and the watchman's warning. This newsletter-report brings a watchman warning of coming endtimes judgment and an encouragement to urgently mature your people.***

***However, the fact that these issues are happening now signal that we are now under some form of world government. The latter has been true for many years. I have been following the signs for many years, but I have never seen them as acute as they are now, and they are happening at essentially the same time. Though the signs signal the actual world government can come most any time, only God knows and allows the actual timing.***

In all of these, the people (except those behind the scenes orchestrating things) involved may not know what and why they are doing beyond bringing world government, if that. ***These happenings with world government, however, are all "satanic strategies" to help prevent the elect from being born, believing, and accomplishing God's chosen work. They are meant to give him great endtimes rule via world government and the endtimes Tribulation.*** Satan must prevent some of the elect from believing and/or accomplishing some of God's chosen works if he is to win the spiritual warfare over Christ. Doing so, he would avoid going to the Lake of Fire, and he would rule over people and angels forever. However, only Christ, being holy and righteous, can and will win because all the elect will believe and will accomplish all of God's chosen works.

***Thus, we must greatly understand that Satan influences our churches to fall away - such as by dumbing down her training (resulting in her people falling short of having maximum maturity and being in much greater ministry), using the world's loud beat rock music (to desensitize the people to the leading of the Holy Spirit), and not teaching much Bible endtimes prophecy. (We want rhythm in our music because it brings life and fun to the music, but it must be under control and also subordinate to the melody and the harmony. Using rock music in our churches results from not being able to determine the difference between the holy from the profane.)***

***Commensurate with the degree of the church's falling away, Satan gains more power and the church becomes immature with a loss of biblical intellect and with a low plateau of Bible knowledge. Satan works through churches to have less ministry and his people to bring country and world events. These are designed to help prevent the elect from being born and accomplishing God's work. More is described later.***

**THE ISSUES (AND SITUATIONS) TAKEN TOGETHER ARE SIGNS THAT SIGNAL THEY ARE BRINGING WORLD GOVERNMENT:** Please consider the following and look for their unfolding - alert and warn your church and family people and ***work immediately for***

**February 2009 Newsletter-Report. Alert and Warning:  
Signs Signal We Are Headed for the Tribulation with World Government**

*revival - look for their details on the internet:*

**1. The Current Bail Out or Stimulus Package for the Financial Crisis. A most severe (world-wide) financial crises has occurred and most likely will get much-much worse.** By placing millions (789 billion with more to come) or trillions of dollars (using newly printed and/or borrowed money) into the US economy (to bring a stimulus), in my view, will bring a great (hyper) inflationary depression with higher taxes and interest rates. We are now over 2 trillions of dollars in debt. It is increasing the US debt in an accelerated manner - the highest ever.(The plan has passed the congress and most of the congressional voters have not read any or all the 800 or more pages of the plan. So what is in it?) And more stimulus money is being planned for later. Having great debt is a major sign of the coming of God's judgment.

With the prices of goods under inflation being very high, less will be purchased. This will throw thousands or millions more out of work. To solve the problem, the government will confiscate and control (take over) all businesses, banks, and property by plan. This government control agrees with the **Communist Manifesto. It must be understood that the bail out is being used "by plan" to bring government control with socialism and world government. It is being used to bring much difficulty in supporting Christian work and missions.**

***I am no expert. But it would seem wise to be out of the stock market and own basic bullion silver coins. Silver is used as a commodity in all time periods.***

The government will, using these conditions as an excuse, very likely will take steps by martyrdom to reduce the population of those at least who do not or cannot work (such as the retired and disabled - particularly Christians in God's work). It will take steps to martyr most Christian adults, particularly pastors and key church leaders. This is to reduce the ministry so the elect will not be born or accomplish much of God's work. And this will also give him more world control.

**2. Fairness of Speech or Prevention of Talk.** Plans have been discussed to force the sharing of both sides of issues as being equal or to prevent the talk of anything the government is against or doing wrong. This will kill or put strong obstacles in the sharing of the Gospel, teaching the Bible, and having conservative talk radio and TV shows etc. It will prevent candid information coming to the public and the sharing of the Gospel. It will, in time, effectively shut down radio and TV talk shows, Christian schools, home schooling, conservative publications, and even churches. It will put a cap on solid Christian ministries including missionary work. Then few, afterwards, will know what is actually happening and why.

**3. Same Sex Marriages and Having (Allowing) Abortions.** Such actions being forced on all states will, in principle, prevent the elect from being born (and accomplishing God's work) and the resulting sin will give Satan more power to rule. The sin also brings God's judgment on the nation for this great sin where God uses Satan and his actions to bring world government with a clamp down on freedom. It brings a famine of His Word and conditions where God no longer protects the children.

**4. Severe Weather Storms.** The weather and fire storms in the United States (and in parts of the world) in 2008-2009 have been much-much more severe than I have seen for years. To me, this is one of God's warning signs that His judgment will soon come. Thus, we should go immediately to revival and put in some supplies.

**February 2009 Newsletter-Report. Alert and Warning:  
Signs Signal We Are Headed for the Tribulation with World Government**

**5. Detention Centers.** There are plans to have detention centers (jails) at (on) our military bases. These can (will) be used to imprison Christians and patriots, and especially martyr key pastors and church and patriot leaders.

**6. Close-by Foreign Military Bases.** China has military bases in southern Mexico and controls the Long Beach port. These can be used to bring in military weapons. I have seen reports that Mexican trucks coming into the US are no longer being searched. Russia is establishing bases in our hemisphere and has submarines and long-range missiles. In this context, there has been talk of reducing the number of long-range retaliatory missiles in our country. Thus, we can expect a future attack (calamity) that can be used to bring world government.

**7. Constitutional Convention.** There has been talk of having a Constitutional Convention with the goal to allow non-US born people to be president of the United States. (Under world government, the leaders very likely will not be US citizens.)

**8. World Religion.** Bring a world religion that will control all people, keeping the Gospel and Bible away from them, particularly from the children and the youth. Those not adopting the religion will be warred against. This warring also helps to reduce the population. Then less of God's work will be done and some of the elect might not be born.

**9. Church Ministries.** (I realize that church leaders may (will) differ with me on some of the details on this subject. But if you do, go to "the most serious" prayer. You must not be wrong when considering the growth and ministry of your church people, and especially having God's best for their eternities. And what if I am right?)

***Our churches do not realize that the degree of our mature level of high-skill spiritual ability in Christ-likeness in relationship living we will have at death we will (most likely) have forever without further opportunity to increase it. (There are no direct teachings for this, but there are several doctrines that, when taken together, teach and signal this conclusion. It is a faith issue and God commands us to pursue maturity - not always going over and over only or mainly the fundamentals as many or most churches are doing - perhaps without their realization or desire.) Our churches do not realize that the main reason we are here and the main job of the Church is to gain this maturity so that we can know and relate to our perfect God in His depth-breadth, especially in eternity. The degree we can do this and be used of God depends upon our maturity. Apart from a close walk with God, there is nothing.***

***Churches, in my view, would act differently if they appreciated and understood God's absolute and infinite Greatness. We should want to relate to Him in His Greatness and have Him direct every thought and action we will ever have. This will happen in eternity to the degree our maturity allows us to respond. Thus, appreciating His infinite Greatness, we would pursue this maturity so as to know and to relate to Him in His***

***depth-breadth with excellence and thoroughness. As stated, there is nothing else, especially when considering eternity - forever.***

Our churches are (have been for some time) helping the falling away situation by using mainly primarily first-level training (without also teaching biblical endtimes prophecy), if that. In time, the situation continuing, the children and youth are growing up with but little knowledge of the Bible including endtimes prophecy. So when the older people die and/or are martyred, we will have the church "transformed" to be the immature church (if that) with a loss of biblical intellect and with a very low plateau of biblical knowledge. Thus, less church ministry will occur. Churches are also using loud repetitive rock drum beat music to draw the youth that unfortunately desensitizes their people to adequately learn the Word of God. But does God like or listen to this music? (Research shows that such loud repetitive beat rock music has been used in voodooism to call up evil spirits and demons. Its use very likely brings worship of Satan. Church leaders must do research on this subject and remove its use from all church ministries.)

The unfortunate circumstance about the above approaches, is that our churches are doing these believing they are doing correct. ***They all want to do right. This combination of teaching but little of God's Word and using loud rock beat music is Satanic strategy to keep much of the Church out of evangelistic and discipling ministries. Then, the elect might not believe and/or not accomplish much of God's Work. As a result, this allows Satan to bring world government. (The world government is also God's judgment for sin.) This life of the Church brings sins of omission.***

Our churches are caught in a bind. If they eliminate the rock music to obey God, a large number of their congregation will leave, resulting in their finances being reduced. They can recognize that in our churches we have the gung ho, the very faithful, the watchers, and new people. They can have special separate advanced training to more greatly mature the gung ho and faithful, and have special orientation for the new people to bring them up-to-speed.

**10. Churches Not Enduring Sound Doctrine.** Because our churches are dumbing down their training and using loud rock music without appearing to mature their people, do area-wide local evangelism, and recognize the signs of coming judgment, they appear not to know many doctrines. They do not know endtimes prophecy. They have eyes that cannot see and ears that cannot hear. When you share things with their leaders, they do not understand or change what they are doing. They believe you are the problem. The main issue, in my view, is that the churches using rock music and many choruses are man oriented instead of God oriented. They are mainly interested in what God has done for them. The church that I want to go to needs to be God oriented where we go to worship the greatness of God (regardless of what He has done for us) and sing the great hymns from our hearts that deal with His Greatness and who and what He is.

**11. Combining Nations.** There are plans to unite the United States, Mexico, and Canada into one nation and have a super highway from southern Mexico through the United States to northern Canada. The United States will lose her sovereignty.

**DISCUSSION.** Things may happen in different ways than discussed or not at all. Our goal is to bring an alert so that when (or if) these events occur, one can know they are being done to bring world government with socialism. It will bring a time when we will lose all our freedoms and bring the "forced" government education of our children and youth without Christ and the Bible. They will grow up adopting world government and world religion. As being stated, when this happens, and

**February 2009 Newsletter-Report. Alert and Warning:  
Signs Signal We Are Headed for the Tribulation with World Government**

the older Christians are martyred, almost no one will know God's Word and be in ministry.

We, in our churches, should now work for great revival and train our people with a version of God's whole counsel to mature them in Christ. ***We should train our children and youth now with urgency.*** We should now warn and brief our people, and have our people put in about 3 months of provisions for insurance purposes for when the infrastructure will break down without goods, including foods, getting to the market place, and we will (can) be without electricity for long periods, particularly when the calamity comes. Pastors and Church leaders should establish places of "secret" refuge because when the calamity comes to bring the Tribulation, many (very likely over three to six million at the start) will be arrested and martyred. This can cause the Christian sheep to stray without leadership so that much less of God's work will be done.

***We should note that the above conditions and signs in general terms signal that God's judgment is soon coming that will bring world government and the Tribulation. These will bring divine discipline on His Church (for her falling away) and the world (for its sin). So both God's and Satan's plan bring the same result. Thus, the Church will be in the Tribulation.***

***A MOST SERIOUS PROBLEM: A major problem, now in our times, is that our churches do not know and recognize the signs to see a soon coming Tribulation. They do not know prophecy from the pattern sequence approach that allows them to know and thus, recognize the signs. So they wrongly continue normal operation as if the present good times will continue in the future long term. Thus, when the calamity comes suddenly, these (most) churches will be caught blind sided and immature (having used only first level training and loud rock beat music).***

***PLEASE UNDERSTAND: Things are much further along to bring the calamity, the Tribulation, and world government than most or many of us realize. Church leaders must thoroughly realize that, without ambiguity, the Church will go through the Tribulation. (Christ's Second Coming with the Rapture occurs after the Tribulation.)***

***Thus, they must train, warn, mature, and prepare their people now with a "sense of urgency." They should teach them how the endtimes will unfold and what will happen to them when they come. Otherwise, the Church people can (will) be caught blind sided - being immature for the sake of eternity and be without provisions to get through the calamity period. Without having maximum maturity, they will know and relate less to God now, but especially in eternity. Remember we are talking about eternity - forever. This is a most terrible eternal result.***

***Church leaders must not let this happen.*** Read our references presented earlier.

(I am willing to help with notice by giving 3 part seminars and/or talks on God's Plan for History, Christian-Life Relationship Principles (gaining maturity in Christ), and endtimes Bible prophecy (Post Tribulational Rapture view) including how the endtimes will unfold. We need to know all 3.)
