**SUMMARY, WARNING, PURPOSE, AND NEEDED BACKGROUND<sup>•1</sup>**

**SUMMARY:** God wants us to become Christians and afterward become mature in Christ so that we can know and relate to Him in His depth-breadth now and especially in eternity. We become mature by learning to live as Christ lives where all thoughts and actions come from God the Father (Now includes the Holy Bible). Be sure to have training that allows this maturity to occur. Central to becoming mature is spiritually dying to self so that all thoughts and actions come from God as a source and He, not us, works all things together for our eternal good. It is Christ living out His life through us. It is a life lived by faith and sacrificial love with biblical character qualities and altitudes. It is life lived under God's Greatness. Living this way, makes Him God in our experience.

Many of our churches, without question, are teaching many good things.<sup>•2</sup> They teach good Bible content, are doing evangelism, have a foreign mission's program, have Awana programs, have VBS programs, and are working in after school Bible clubs. However, in recent times, we have a movement in our churches to teach mostly first-level training (without also teaching in depth-breadth to mature their people) and changing their music from the hymns to various forms of rock-band music. Its purpose is to reach the young people for Christ and to bring them into the Church. This movement is involving thousands of churches. It is bringing a major falling away from God's best. Our public schools are also most seriously dumbing down where students cannot do critical analysis.

The result of this church and public school dumbing down is that our young people growing up know but little and have limited ability to do critical analysis to determine what is happening, particularly as world government comes. Our churches are becoming immature, with a loss of biblical intellect, and with a low plateau of biblical knowledge. The churches do not have a curriculum in place to bring their people to maturity in Christ, how to walk as Christ walks, and training to do adequate ministry. The churches are more procedurally and method oriented than knowing God's Whole Counsel in the Scriptures and being outcome oriented.

2. **GOOD THINGS:** This report deals mostly with American churches. We have churches around the world who are doing many good things with many coming daily to Christ. Many of these are underground churches. Many of these churches are not in the Church Growth Movement as described in this report. However, many of them are.

## Church and Government Overt Actions Are Leading to the Endtimes World Government

A lower tier of this church situation, called the Church Growth Movement and Emerging Churches, is capturing thousands of churches world wide based on human love and caring relationships. These are good things at the human level, but they generally leave out salvation, living under Christ's Lordship, and becoming mature in Christ. The movement appears not to understand what is sin and it's severe eternal penalty. Thus, it is an apostate movement.

Tolerance laws are coming that do not allow one to speak against another's beliefs or to state that their beliefs are the only correct one. The objective in these new laws and the church movements is to make all people the same without conflict bringing in a form of communism. The coming world government will make war against objectors and disruptors.

We always have had church and government problems. But now there is an overt simultaneous action to dumb down thousands of churches to bring socialism. We are heading into and helping to bring the endtimes Tribulation.<sup>•3</sup> **We are heading into the darkest spiritual period of history where but few will know God's Word in any depth-breadth and know what is happening as the Tribulation runs its course. The satanic concept is to prevent those not Christians from finding the true Gospel to be saved. It is to prevent Christians from being matured so God's work will not be accomplished. Those Christians who cannot compromise will be incarcerated and martyred. There will come incarceration and murder of a very large number of existing committed Christians.**

**We need now urgently to mature our people in Christ, particularly our children and youth, as God commands for all time periods. We need to brief them on the coming times that they will experience. We need to put in some provisions to get through the calamity.**

**WARNING: Become prepared for the soon-coming Tribulation that will place us under world government and remove our freedoms. We will go under a form of socialism. The Tribulation is coming because the Church is falling away followed by the public's increasing sin. As stated, Satan will take action to suppress Christianity and make war against Christians. Many will be incarcerated and martyred. The Church will be raptured at Christ's Second Coming after the Tribulation and after all people who are to live, will have lived, and will have made formal and binding decisions in life or by death to accept or deny Christ's Gospel.<sup>•4</sup>**

**NEWSLETTER PURPOSE:** This report describes how the United States government and Church (in falling away world wide) are helping to cause and bring the endtimes Tribulation and its world government. We are going to lose our sovereign governments, constitutions, and freedoms. The spiritual darkness will continually greatly increase until Christ comes after the Tribulation. This report describes what we should now be doing in light of the current times and eternity.

The endtimes' coming results from implementing several three-step procedures. The Church's falling away is symptomatic of several causes. Satan is influencing this falling away and government actions. He is using their results and other actions to have conditions that bring world government and conditions under world government that he needs. Things are working toward a world government of

3. **TRIBULATION:** The Tribulation is the name for Revelation's events that occur just before Christ's Second Coming.

4. **GOSPEL DEFINITION:** The Gospel is that Christ died on the Cross satisfying God Justice for sin, was buried, and was bodily resurrected from the dead to life on the third day.(1 Corinthians 15:1-4)

socialism where all people live, have, act, and believe the same. But this condition is without Christ's Gospel for salvation and Bible training.

We must now do critical analysis of our personal, family, and Church motivations and actions. We should urgently make needed changes. If we, particularly as leaders, are acting against God's will and hurting our people, even unknowingly, we can be subject to judgment when the Tribulation comes. This can be true even if we are doing many good things.

This newsletter describes what is happening that helps bring the Tribulation and why. It presents what we must do now. But first, we present needed background so we can see the why of what is happening and what changes we may need to make.

**NEEDED BACKGROUND:** God placed people (us) on the earth to become Christians and then, most importantly afterward, to become mature in Christ-likeness in relationship living with high-skill spiritual ability. This ability is needed to know and relate to God toward His fulness, living holy and righteous lives by faith and sacrificial love in close fellowship with Him and each other in eternity. The degree of our maturity and ability we have at death can influence the rate and degree we can know and relate to God in eternity. Thus we should pursue this maturity as God commands with commitment and excellence for whatever reasons He may have, even those we cannot know now. We are to learn and live as Christ lived on the earth with every thought and action coming from God the Father as a source.

God established a spiritual warfare between Christ and Satan during our life time to bring the developing and training environment where learning mistakes (sin - breaking God's spiritual laws) can be made for us to gain this maturity. This is what this lifetime is all about. There is nothing apart from this relationship with God of knowing and relating to Him. These mistakes (sin, the transgressing of God's spiritual laws) requires a Justice to be satisfied that Christ did on the Cross from God's love for us. We must personally receive this satisfied Justice by faith as we understand that sin is wrong and we need to change from it (repentance). Otherwise, God will satisfy His Justice by placing us into the Lake of Fire. This is a most terrible place that no one should want to go.<sup>●5</sup>

We have been in this spiritual warfare between Christ and Satan continually since the Garden of Eden. We are now in the end phase of God's Plan that is leading to history's termination. There are motivations for fighting the warfare. In this warfare, Christ is to bring God the Father's elect to believe the Gospel and afterward to accomplish His chosen work. Satan, on the other hand in order to win the warfare, is working to prevent any of the elect from believing the Gospel and/or accomplishing any of God's chosen work. He is also working to establish world government over which he and his man will rule. He wants the world to worship him overtly and/or unknowingly. He works to be equal to the Most High God.

At this time, before man comes upon the earth, God sentenced Satan and his evil angels to the Lake of Fire to satisfy His Justice for their sin. (This sentence is not carried out until after the Church's Rapture as history is terminating.) God will exonerate Satan and his angels from this sentence if he can win the warfare. By doing so, he would demonstrate that he, like God, can work all things together for his good. He would be like the Most High God. He does not realize that only a perfect holy and righteous God can work all things together for good and without sin. Before the fact, neither Christ nor

5. **LAKE OF FIRE:** Those in the Lake of Fire will experience absolute spiritual and physical blackness, (darkness) never to see another person for ever. They will be in spiritual and physical pain. I cannot fathom being in such a place. Be sure to share the Gospel so that your family and others can have God's best in eternity.

## Church and Government Overt Actions Are Leading to the Endtimes World Government

Satan know who are the elect or what works they will do. God the Father maintains the warfare fair for Him, Christ, Satan, the holy and evil angels, and believers, and unbelievers.

At some point in time at the end of our current Church Period, time known only to God the Father, all humans that are to live, will have lived, and will have made formal and binding decisions in life or by death to accept or deny the Gospel. All will have completed their works. At that time, after all have made formal decisions, the heavenly court, after the endtimes Tribulation, by examining the many books, will determine that Christ has won the warfare. All the elect did actually believe. They did actually accomplish all of God's chosen works. Having won the warfare, Christ now raptures the Church in resurrection to be with Him forever. He rewards the believers according to their works. Having lost the warfare, Satan and his angels are now cast eternally into the Lake of Fire implementing God's sentence. God in Christ then resurrects and judges the unbelievers, He casts them into the Lake of Fire with punishment according to their works. These are eternal states.

Revelation's seven-sealed scroll contains the way and sequence by which Christ can and will win back or take back the Earth's Title Deed. He must win back this Title Deed in order to win the warfare that allows Him to bring the resurrections and final judgments. (Sealed scrolls gave instructions for how people in the Old Testament gained back their lost property.) Satan usurped the Title Deed in the Garden of Eden with the disobedience of Adam and Eve. Revelation's events under the seven seals is how Christ accomplishes that required to win back the Title Deed. The heavenly court awards it to Him after the Tribulation.

To begin Revelation's endtimes sequence, God establishes an endtimes favored nation - the United States. When the Church and people in the favored nation generally obey God, the nation has great blessing, prosperity, and freedoms. The United States has had more blessings from God by orders of magnitude more than any other nation in history including Old Testament Israel. (The same sequence and happenings happened with Israel as God's Old Testament favored nation. Thus, because the sequence repeats, I call this sequence a Pattern Sequence and my view of prophecy, The Pattern View.) In this sequence when the Church falls away and the people turn to sin, God removes His blessings, Satan gains more power to bring world government over which he and his man will rule. In order to accomplish having God's people disobey, Satan brings things into the nation gradually to which the Church and people fall prey. Great blessings lead to disobedience - no longer depending upon God. Under great blessing in the country, the Church and people begin to depend upon the accompanying prosperity and no longer as much on God. This brings sin and the beginning of a falling away that become more mature and more severe over time.

Satan will use socialistic dictatorship in the world government as one last attempt to prevent the elect from believing and accomplishing God's chosen work. The government will make war with the Church. God will allow him this action and bringing the Tribulation when the Church goes into great apostasy. God uses the situation as His method to terminate history.

The Church through the centuries has had many problems. **But now, during the endtimes sequence, the Church is taking overt action that is effecting thousands of churches in a falling away world-wide. *The only way we can understand what is happening and sorting things out is to know Bible doctrine and then accurately.***

The cause of this apostasy and what we as churches and families, with urgency, should do now will be described. Signs and conditions now signal, alert, and warn that the endtimes Tribulation can come at any time. We need to be prepared and ready. But will you and I be? Will our children and youth be?

## THE APOSTASY IN THE NATION AND IN THE CHURCH LEADING TO WORLD GOVERNMENT

**DISCUSSION:** As stated, Satan wants to have world government over which he and his man will rule. He wants the people worshipping him as god, even unknowingly. He will use the world government in a clamp down mode and attempt to have everyone be equal. This is to bring socialism. He wants this situation so that the elect might not believe and might not accomplish all of God's chosen work.

For world government to come now in the final and endtimes pattern sequence of Revelation, he must get the true church to fall away. He does this in many ways described below. In this falling away, the churches are involved doing things man's instead of God's ways. Only then will God allow him to bring the government.

In His world government, Satan wants everybody believing the same at the human level, leaving out major Bible teachings with the Gospel and Christ's Lordship. He does not want any dissidents. He will make war against all dissidents to His government and world religion. These dissidents include Christianity, Islam, and Judaism. The liberal unbelieving churches have already fallen away. The devdeloping world religion is founded on everyone accepting all beliefs as equal to maintain human relationships. He dupes the churches to dumb down: (1) without doing true and area-wide evangelism;(2) not maturing their people with in depth-breadth Bible training so they will not be involved in God's true work and know what is happening; (3) to use rock music to desensitize understanding and to give him worship; (3) to be involved in immorality so God cannot use them; and (4) to have them speak in false tongues so they cannot become mature in Christ. He gets church people apathetic so they do but little. Churches will respond in different amounts and in different ways. Many churches will still stay true to the faith - in differing amounts.

There no doubt will be a separate good secular education for Satan's people who are to lead his work. They will be educated to know what is happening and help lead it, perhaps not knowing the overall picture. ***His people are all ready leading government to a large degree secretly behind the scenes. The general public, apart from the underground media, is unaware.***

He also dupes the government to dumb down the public education so young people know less. Then, as the young people become adults, the public and Church cannot do critical analysis - independent thinking. And so everyone will be equal and will be docile under his world government. He will act everywhere to suppress Biblical Truth and disruptions. Being dumbed down, all will be equal and ideally will not know what is happening when the calamity and world government come.

Additionally, Satan is bringing population control so that the elect might not be born and accomplish God's work. This control includes abortion, the gay movement, and the virus. He will eliminate all people (mainly consumers) who do not contribute to the work force. This will no doubt include the retired, disabled, severely sick, and those who live where the essential work is not being done such as in Africa.

Satan is using inflation so at some point, there will come a financial crisis. This will eliminate the wealth of the middle class. Only his own people will know how to circumvent the situation.

## DETAILS OF WHAT IS HAPPENING IN MANY OF OUR CHURCHES AND SCHOOLS

There are exceptions everywhere. But our churches are doing things generally in a three point

## Church and Government Overt Actions Are Leading to the Endtimes World Government

sequence called the dialectic process. The process uses method (anti-thesis) to take things from where they are (thesis) to where one wants things to become (synthesis). However, the result contains elements and devastating results upon which the churches did not plan and do not want. They bring what Satan wants. Refer to the chart at the report's end.

For example, the youth are no longer attending church (thesis). So the Churches want to reach today's youth, in the environment in which they live, for Christ and bring them into the Church. So they (1) dumb down their Bible teaching (omitting negatives) to meet felt needs without also teaching in depth-breadth to mature their people; (2) use rock-type music; (3) use facilitated home groups, and (4) use the world's advertising methods. The negative aspects avoided in the training are such as discipline for sin, hell, the Lake of Fire, and going through the endtimes Tribulation (not teaching Bible prophecy). This is method or anti-thesis. This approach does bring many youth into the Church (synthesis).

But this approach also, over time, produces an immature church with a loss of biblical intellect and one that has a low plateau of Bible knowledge and understanding of the walk with Christ (Satan's synthesis). Where this approach of dumbing down etc. meets the goals of Churches, it does not meet God's goals to mature His people so that they can know and relate to Him in His depth-breadth. It meets Satan's goals to have the church fall away so that God allows him to bring the endtimes Tribulation and world government. It meets Satan's goals that when he brings world government with its trappings, the people will not be able to do critical analysis to determine what is happening in light of God's Plan to terminate history and/or them to become mature in Christ.

Other examples of the process that brings the results that Satan intends for his purposes:

1. We do not have complete data but in our view observing the situation, churches are working to establish world-wide love relationships by meeting the people's felt needs. They are drawing many unbelievers into the churches. This movement is going world-wide with thousands of churches being involved. These can be good things. ***However, these Church Growth and Emerging Church Movements are training with but little of God's Word. The churches are essentially leaving out the wrongness of sin, the need for repentance, that which allows one to become a Christian and the need to train in depth-breadth to become mature in Christ-likeness.***

***Thus, the movement does good things on the horizontal human level, but, in our view, it is an apostate movement in the vertical with God. It is a humanistic movement essentially without salvation and maturity in Christ.*** Thus, these movements implement Satan's goals. Because they are drawing many churches with a dumbed down teaching and an omitting much teaching, they are apostate movements. They in effect are changing God's Word and bringing a famine of His Word. Those involved in leadership are change agents. Key agents are Rick Warren and Bill Hybels.<sup>6</sup>

**The Church Growth Movement is detailed in my web site document: *Serious Symptomatic Problems In Today's Churches Based on Four Major Causes With Their Impacts and Indicated Solutions and in the reference in footnote 6.* Examine these references for more detailed background and understanding. ***The actions of our churches are symptoms of causes.*****

These causes, in our view, in additions to not knowing sufficient doctrine and lacking discernment include: (1) not appreciating God's Greatness so that churches search out everything in the Bible that God commands for direction and carry such out with commitment and excellence; (2) not realizing that

6. **CHANGE AGENTS:** DVD by Dr. Robert Klenck: *Diaphrax and the Church Manipulating the Church into Globalism,*

## Church and Government Overt Actions Are Leading to the Endtimes World Government

God's major program is to mature believers in Christ so that they can know and relate to Him in His depth-breadth in eternity; (3) not realizing what they are doing is implementing key satanic strategy that the elect might not believe and accomplish God's work; and (4) not doing critical analysis to determine what they are actually doing, how well they are actually accomplishing evangelism, maturing their people, and learning the signs that signal the Tribulation can be soon coming.

2. Another is that the public schools are dumbing down their education so that young people without knowledge and analytical ability can no longer do critical analysis to figure out what is happening when the endtimes come - when world government comes. They will not know things are leading to history's termination with Christ's Coming. Being dumbed down and not hearing the Gospel, most unbelievers most likely will not come to Christ.

3. Satan is getting the youth to use computer games and ipod rock-type music to consume their time. They have little time to do God's will. Thus, we have many young people who are Christians, but they do not live and act as Christians. They are forfeiting what God has planned for them that they become mature in Christ so they can relate to the living God in His depth-breadth and accomplish His work. Of course there are many exceptions.

Many of our churches still teach good Bible knowledge and content. But many leave out an emphasis of teaching the Christian life and how we live it out. Many teach what to do, but not how to do it with testimony as if they do not know. I have asked leaders, for example, how do we actually glorify God and they could not tell me.

***In summary, leaders are more concerned with reaching the youth for attendance than they are obeying God to do area-wide local area evangelism and to mature their people in Christ-likeness. Satan is preparing the Church and public youth to be dumbed down for the endtimes. They will come more peacefully under his control. And those who will not submit, will be eliminated and warred against.***

***Those having prime responsibility for the above situation are Church and family leaders. They can be severely judged as the endtimes calamity and Tribulation come. They, in our view, most likely hold much of the primary responsibility for brining the endtimes Tribulation.***

### THE SPIRITUAL LAWS: THE IMPACT AND WHY IS IT HAPPENING; MORE ON WHO IS RESPONSIBLE

**INTRODUCTION:** When large numbers transgress spiritual laws, particularly in favored nations such as in Old Testament Israel and now in the United States, the laws bring results that God says He brings. God's results and the actual results of disobeying spiritual laws are the same.

**SCRIPTURES TO WHICH TO PAY ATTENTION CONCERNING PRECURSORS TO AND GOING UNDER WORLD GOVERNMENT:** Now that the churches are falling away in apostasy, God brings a famine of His Word. He also takes away our good music. This famine and music boycott are happening today. Note these Scriptures that applied to Israel and now to the United States. ***What is happening now are precursors that will be much-much worse in the coming Tribulation.***

*Amos 8:11 - "Behold, days are coming," declares the Lord God, "When I will send a famine on the land, Not a famine for bread or a thirst for water, But rather for hearing the words of the Lord. (Going to pablum teaching, God's Word is now being taken away.)*

## Church and Government Overt Actions Are Leading to the Endtimes World Government

2 Timothy 4:3 - *For the time will come when they will not endure sound doctrine; but wanting to have their ears tickled, they will accumulate for themselves teachers in accordance to their own desires; (e.g. Having home groups based on love relationships to meet human needs, but without salvation and maturity in Christ.)*

Amos 5:23 *"Take away from Me the noise of your songs; I will not even listen to the sound of your harps. (This shows that bad music will be prevalent in the endtimes, but God will not listen to it. He will not listen to it because the people are in sin. Our hymns are now being taken away, because churches in their disobedience are using rock band music to which God does not listen.)*

***Because the churches are teaching insufficient of His Word, God forgets the children. This is beginning to happen now and will be in spades in the Tribulation. The children are being forgotten because our churches are dumbing down their training and will not know what is happening when the endtimes come - after they have been taken from their parents in the Tribulation.***

Hosea 4:6 - *My people are destroyed for lack of knowledge. Because you have rejected knowledge, I also will reject you from being My priest. Since you have forgotten the law of your God, I also will forget your children.*

***God is forgetting the children now (in our churches and public schools) to some extent because the leaders and church people are in effect rejecting biblical knowledge because they are teaching insufficient of it.***

***Then, when the apostasy continues and discipline comes in the Tribulation, the following happens.***

Deuteronomy 28:32, 41 - ***"Your sons and your daughters shall be given to another people, while your eyes shall look on and yearn for them continually; but there shall be nothing you can do. . "You shall have sons and daughters but they shall not be yours, for they shall go into captivity.***

Ezekiel 5:17 - *'Moreover, I will send on you famine and wild beasts, and they will bereave you of children; plague and bloodshed also will pass through you, and I will bring the sword on you. I, the Lord, have spoken.'*

***Again, the responsibility for these first rests upon Church and family leadership and then on the Church people. Thus, Church leadership and believers now are inadequately obeying God. Should they not expect God's judgment?***

***We should now act to train and use good music. When the Tribulation comes, our training time will be taken away.***

## FORFEITURE

***In summary, those involved in these wrong movements with their wrong overt and omitted doings can or will forfeit: (1) sending much spiritual wealth on ahead; (2) receiving as many heavenly rewards that God wants to give; and (3) most devastatingly, having the mature high-skill spiritual ability in Christ-likeness in***

***relationship living needed to know and relate to God in His depth-breadth living holy and righteously by faith and sacrificial love in close fellowship with Him. They can know less of God. And knowing and fellowshiping with God in His depth-breadth is all there is. What a most terrible eternal penalty to pay from major disobedience.***

## **WHAT SHOULD WE NOW DO (With a sense of Urgency)**

**NEEDED BACKGROUND:** We only change what we do when we change our purposes, objectives, and/or motivations and want to have different results or consequences in our lives. We do not change when we focus on what we are doing or not doing. What we are doing activates our purposes, objectives, and motivations and brings the associated results and/or consequences. We must be sure that our objectives with associated actions will produce the results we intend and will not produce wrong and/or unwanted or unintended results. Our objectives must be complete or we may not produce all the results wanted. They should be found in the Bible. The methods should be found there also.

For example, it is right to want to reach the youth and bring them into the Church. But we must use the correct and biblical methods or we can produce unwanted results. So if we have the objective to reach the youth and primarily use dumbed down methods and rock music, we will reach the youth, but we will also produce an immature Church. So we need to establish higher and more complete objectives of becoming a Christian and becoming mature in Christ in order to know and relate to God in His depth-breadth and also to be involved in God's work. We may dumb down to reach the youth, but we also and very importantly, will teach and train with God's Whole Counsel to mature our people in Christ. We will train our people to do local area-wide evangelism. We will avoid using rock music that desensitizes our learning abilities.

***We must understand that God uses His Word as He works it in people to draw them to Himself. It is His Word that develops faith in the Gospel. Doing evangelism, we take the complete Gospel to the people where they live, not use the world's music to draw them into the Church so they can hear a watered-down Gospel. We need to use the methods that God, not the world uses, to draw people to God, salvation, and to become the Church.***

We must not make the mistake that we will be raptured before the calamity and Tribulation come. This will not happen. If you will read my prophecy reports, you will be convinced that the Rapture can only come at Christ's Second Coming after the Tribulation. It can only come after all people who are to live, have lived, and have made formal decisions to accept or deny the Gospel. It can only come after the heavenly court declares Christ the winner of the warfare. These happen after the endtimes Tribulation.

We must thoroughly understand that all believers in the Gospel comprise the Church without exception. The Church is composed of all believers in the Gospel. They have been translated from the Dominion of Satan into the Kingdom of God. One cannot be a believer without being in the Church.

***If you insist on believing wrongly in a Pre-Tribulation Rapture then at least hedge about being wrong and prepare as suggested in this report and do so with urgency.***

## Church and Government Overt Actions Are Leading to the Endtimes World Government

And now that the signs signal the Tribulation and world government can come at any time, we must now do what we are planning to do with some urgency if we are not already doing it. We should realize that God commands that we mature our people in all periods. The Tribulation will begin with a most serious calamity over at least one-fourth of the earth (Read my report: *The Endtimes Scenario For How Revelation's Events Unfold*;) ***The calamity will come suddenly in a whirlwind without warning when most believe the current conditions will continue indefinitely. Those not prepared and matured can be caught blind sided. Most churches most liekly will not change and be prepared. How will you be caught? How will your children and youth be caught? How prepared are your children and youth for being taken from you as parents and satanically educated by the state?***

And further we need to add things that allow us to go through the calamity and prepare us for world government and prison. We realize that it takes time to train our children and youth. This means we must spend more time with them than we ordinarily would. We need to put them into some form of on-the-job training. We must avoid apathy that we do not act, do not act in time, or do not act adequately. Doing so, the consequences will produce Satan's objectives in our lives and allow him to accomplish his objectives. None of us want this, but it can happen by doing little, default, and apathy.

**SUMMARY OF OBJECTIVES AND METHODS:** Thus, we, in my view, should do the following as God leads us:

1. **BECOME A CHRISTIAN AND MATURE:** We must become a Christian and pursue becoming mature in Christ with on-the-job training. We should have an appreciation for God's Greatness, bring our people to maturity for eternity, avoid satanic strategy in our lives, and do critical analysis to ensure we are accomplishing what we intend and are not going down wrong paths.

***Have your major objective to "become" mature in Christ more than what you are knowing and doing. But do all three.***

2. **NEEDED TRAINING:** We should train to have God's best and maturity with some version of God's Whole Counsel in depth-breadth academically and practically life oriented so we are at least: (1) worshiping, glorifying, pleasing, honoring, and obeying God; (2) living godly lives in head-subordinate relationships patterned after our Lord's walk with the Father by strong faith and with sacrificial love; (3) helping to accomplish God's work of evangelizing complete areas (especially the children and youth); discipling converts to maturity in Christ, building godly families, planting churches, and reaching out to help the needy; and (4) learning to believe, and stand strong on the Christian-Faith Doctrines, including God's attributes. We must avoid wrong or satanic methods such as using rock-type repetitive beat music. Use the hymns and selected contemporary music that has a dominate melody. We should use only accurate Bible translations and avoid paraphrased (interpreted)versions. We should work for God's best and to be a living example and testimony of all that God wants us to be. When people see and observe us, they should see and observe Christ in us, not us. From ourselves we should be doing nothing. Such testimony will attract others to God - a life that is lived.

***When we train, we should ensure we are teaching both what to do, but also very importantly, how we do things and then with testimony for how we lived it out. We must begin by teaching content and what to do, but we do not become mature until we live it out. We need to know how we do this. So this should be taught. The problem we have is that many teachers and pastors teach what to do without also training with how to do things. So many people appreciate the whats, but they may not get to the hows to live out what they are being taught.***

## Church and Government Overt Actions Are Leading to the Endtimes World Government

In my view, we should train with at least the following followed by a study of *The Harmony of the Gospels* regarding the life and ministry of Christ and selected New Testament Epistles:

- \* **BELIEVE STRONG: The Christian-Faith Doctrines with the Attributes of God** (See my doctrinal statement with the Scriptures and the paper on *God's Attributes*.)
- \* **WALK STRONG: Christian-Life Relationship Principles** covering 1-3 above. (See my charts on *Christian-Life Relationship Principles - Becoming Mature in Christ-Likeness By Learning to Live God's Best In Biblical Head-Subordinate Relationships*, and regularly read my publication *Living by God's Righteousness*. ( More to come.))

***The following is key to becoming mature in Christ. We must appreciate God's Greatness, such that we obey Him so that He directs everything and all guidance for life comes from Him (His Holy Bible). We should walk as Christ walked taking all thoughts and actions for life's direction from God, not from ourselves, as a source. This allows God to work all things together for our eternal good. For this to be successful, we must die to self, not doing anything from ourselves for direction as a source. When we do things for direction, we should believe by faith, that what we are doing for direction came from God, not ourselves, as a source. And even then, what we are doing must be in the Bible. As Christ said to Satan: "It is written." Then God will act and lead. When we lead and take action without God's direction, or believe it came from God (not finding it in the Bible), we tend to work all things together for good ourselves. This is acting wrongly like the Most High God. We may not want or intend this result, but this is what happens.***

- \* **UNDERSTAND GOD'S PLAN: God's Plan for History with the Spiritual Warfare and Endtimes Prophecy** (Read and study all the references listed in Footnote 1.)
- \* **PREPARE TO SUFFER: Prepare to Be the Underground Church.** We should read the Voice of the Martyrs's materials to know: (1) what to do and not to do as the underground church in and out of prison, and (2) how to prepare for suffering that will come while in prison. It is too late to prepare after being in prison. (Read *Preparing for the Underground Church* by Richard Wurmbbrand.)
- \* **MANAGE TIME WISELY AND DO RIGHT THINGS: Stop listening to Rock-Type Music and Playing Computer Games. Listen and sing the hymns and read your Bibles daily as God leads.** I suggest Proverbs, the Psalms, and the New Testament. Read a few pages of my publication: *Living by God's Righteousness* daily.

**3. UNDERSTAND AND PREPARE FOR THE TIMES:** We should observe and understand the times and that calamity and Tribulation can come at any time. We should memorize many promises and much Scripture and some hymns. When world government comes and we are incarcerated, we will be without Bibles and hymn books. We should learn to live by strong faith as noted above (See my *Christian-Life Relationship Principles* charts.).

We do not know all the details for how the endtimes will come and unfold. But they bring calamity, the Tribulation, world government, and the termination of history. The spiritual darkness will be ever increasing with a major falling away of God's people. Most Christians will die in war or by martyrdom before Christ comes. When Christ comes, there will be very few Christians alive. The world will be in complete apostasy - the worse in all of history. (Study my prophecy reports and books for how endtimes will come and what we can experience.)

## Church and Government Overt Actions Are Leading to the Endtimes World Government

4. **BECOME MATURE TO KNOW AND RELATE TO GOD:** The only game in town is to become mature in Christ so we can know and relate to God. One can gain more maturity by trusting and suffering for God in the Tribulation.

5. **PUT IN SOME SUPPLIES:** We can put in some supplies and provisions of food, water, personal items, Bibles, training materials, lighting, and gasoline to get through a few weeks to months of the calamity and first part of the Tribulation. There will be black outs and the infrastructure will break down for getting goods to the market place. Try to keep a job for income.

6. **LIVE RIGHTEOUSLY:** Work to walk with God and live righteously with every thought and action coming from God. Do not work to preserve your freedoms. They will be take away. Instead work to be more obedient to God - working for revival. He alone will change the nation if it is to be changed. But because the endtimes are prophesied to come, It is mostly likely revival will not come. What is important is not our earthly freedoms, although desired, is our maturity in Christ so that we can know and relate to God in eternity.

7. **LEARN SCRIPTURE FOR LIFE:** Learn the commandments to live by love. Memorize the promises to live by faith. Learn the beatitudes and the spiritual qualifications for leadership to have proper attitudes and character qualities. Without love demonstrated by keeping God's commandments we are nothing. Without knowledge we perish. But learn to trust and have God, not us, work all things together for our good - our ultimate good in eternity and to fulfill many of His promises. We do this by at least from our love keep His commandments and from His purpose help accomplish His work.

### WATCHMAN WARNING

Be warned and alerted that signs now signal the Tribulation can come at any time now or in the next few to many years. Only God knows the time. But urgently prepare as insurance to be ready for any time it may come. Ensure your family is trained, briefed, and becoming mature. Have supplies in place.
