**INTRODUCTION AND SUMMARY**  
(Understanding the Current Big Picture)

(This newsletter-report may be a bit long, but please read it all and seriously pray most seriously about what is presented for the sake of the church we all love and serve. This correspondence is meant to bring added value with the purpose we can have more of "God's best" in our churches for now, the coming endtimes, and for eternity. It takes time to present and understand the basic and needed ideas - they are multi-faceted. And happenings in our country and world are unfolding with great speed. Soon our training time in freedom will (can) be taken away. Please overlook any redundancy - some key items have more than one application and perspective.)

The major issues are: (1) do we want to glorify God doing only what comes from Him as a source - including maturing our people to the maximum skill levels in Christ-likeness, and evangelizing the children in our communities; or (2) do much of our own way, implementing satanic strategy, most likely without our

The author and publisher specifically disclaim any legal liability, damage, loss, or risk, personal or otherwise, including the spiritual, mental, financial, or physical (any) impact on a person's life, incurred as a consequence directly or indirectly of the use and/or misuse and application and/or misapplication of any information, techniques, or contents of this report. What is presented is the author's view of what and why things are now happening and will be happening. What is presented may not be your view, and we may not be correct on some details. But please pray ardently where you disagree and do what we recommend for the sake of your people. We must not be wrong and allow our people to be blind sided. The trends now signal devastating times ahead.

These reports develop the doctrines from the Scriptures. Much more detail is found in my book: *Watchman Warning.*

**realization or desire - using limited mostly teaching and the world's loud-beat rock music to reach today's youth. These will be explained.**

The problem is that our churches are doing good teaching at the fundamental level without realizing they are leaving out most of God's Whole Counsel that is needed to mature their people in Christ. The problem, thus, rests in what our churches are not doing. We must put together from the Bible **ALL** that must be taught and then teach this to our people for becoming mature in Christ-likeness.

**SUMMARY AS A RECOMMENDED VISION STATEMENT for our churches might read: Mature our people to a maximum in Christ-likeness to know and relate to God both for now, but especially for eternity, help evangelize complete local areas - especially the children, for eternal life salvation, and be briefed, trained, and prepared for the soon-coming endtimes.**

## **NEWSLETTER-REPORT OBJECTIVE AND PURPOSE**

*This newsletter-report was written from my great love and concern for the Church we love and serve. It is our objective to bring much added value needed for now, the coming endtimes, and for eternity. The situation is multi-faceted so there are several items that need to be known and acted upon. This newsletter-report presents some key thoughts that can increase and improve our ministries and allow us to be more ready for eternity and the endtimes, having more of God's best. **These include that to be most successful we, as being presented, need to be both outcome and procedurally oriented, working under God.** We must appreciate God's absolute Greatness such that we will search out and "do only" and "all" of what He wants done and for what we are to become, and in the way He wants them done. **Nothing must come from us as a source.** To know what is happening and recognize the signs, we need and it helps to: (1) understand the endtimes Pattern Sequence; (2) know there definitely is an endtimes Tribulation; (3) know the issues and strategies in the spiritual warfare between Christ and Satan; and(4) know what must happen that allows our Lord to terminate history.*

## **SHORT SUMMARY OF NEEDED INFORMATION AND ACTION**

(Another Summary at the End; See Also Appendix One)

Now that strong signs signal loudly that the endtimes (with calamity, Tribulation, and world government) are and can be very-soon unfolding, our Churches have to choose generally between two courses of actions, having their resulting outcomes. (There may be hybrids.) **I recommend we implement #2 because of the outcome benefits, and that it brings greater obedience to God and has much more of His best. (If our churches do not choose, course #1 most likely will happen to a large extent by default.)**

**The two alternative courses of action are:**

1. **CONTINUE (not recommended)** with what our churches are (most likely are) now doing (**ACTION**): (1) having good, but limited training; (2) doing limited local evangelism in the community especially of the children, and (3) not teaching needed prophecy and not warning and briefing our people of the

**January 2009 Newsletter-Report: URGENT NEW YEAR'S REPORT TO THE ELDERS AND PASTORS OF OUR CHURCHES - A SUMMARY; Thinking to Enhance Our Ministries, Bring Needed Background Understanding, and Present Needed (Urgent) Actions**

soon-coming endtimes. **(RESULT)** These will result in our church people: (1) being caught blind-sided when the endtimes Tribulation comes - wrongly operating as if there is no Tribulation or that it's coming is many years away; (2) will not have the needed and desired maturity in Christ-likeness to know and relate to God to the maximum in His depth in eternity; and (3) helping to transform the churches over time to produce an immature Church with a loss of biblical intellect and with a low plateau of Bible knowledge that helps Satan in his endtimes plans.

**2. CHANGE (OR CONTINUE) (recommended)** what our churches are doing, as needed, to **(ACTION)**: (1) **greatly** mature her people, including her children and youth, in Christ-likeness to a maximum skill level; (2) do more outreach local evangelism in the community, especially of the children; and (3) train with God's plan for history to become mature in Christ and endtimes prophecy while briefing, warning, and preparing our people about the soon-coming endtimes. **(RESULT)** Doing these, we, having more of God's best toward a mature church, will be: (1) preparing our people with the needed maturity to know and relate to our perfect God more toward His utmost in eternity; (2) leading more, particularly the children, to Christ for salvation; (3) better prepared for the endtimes; and (4) helping to "deter" Satan in his endtimes plans.

The Bible's teachings: (1) that there definitely is an endtimes Tribulation; (2) that the Church will definitely go through the Tribulation and be raptured at our Lord's Second Coming; and (3) Satan's plans (strategies) will be presented.

**Please grasp** that one of Satan's greatest strategies in time is to have our children and young people know but little of the Bible. Then martyr the adults that know the Bible. Then after a few years pass, almost no one will know the Bible in any depth, be in ministry including evangelism, or be able to teach the Bible. ***This current situation is now transforming the church to become the immature church with a loss of biblical intellect, having a very low plateau of biblical knowledge.***●<sup>3</sup> Our churches, in precursor actions, are helping to produce this situation now such as in the Church Growth and Emerging Church Movements. ***Such sin action gives Satan more freedom to bring a world that he controls, including the endtimes Tribulation.*** How much is your (our) church contributing without realization or desire? What would make us think we are actually maturing our people, including our children and youth, to the maximum skill levels? (Even though doing some good things, I do not believe we are adequately maturing (or even) trying to mature our people.) (How well do we know what the maximum skill levels are and with what we need to train our people to get them there?)●<sup>4</sup> These needed items include walking as Christ walks, living by love keeping God's commandments, and living by faith, trusting God to fulfill His promises.)

**4. UNDERSTANDING MATURITY:** If our churches are to mature their people in Christ, they need to put on paper what constitutes a mature Christian and the discipling or training steps to reach this outcome. I, personally, do not know of a single church that has done this.

**January 2009 Newsletter-Report: URGENT NEW YEAR'S REPORT TO THE ELDERS AND PASTORS OF OUR CHURCHES - A SUMMARY; Thinking to Enhance Our Ministries, Bring Needed Background Understanding, and Present Needed (Urgent) Actions**

2008 newsletter report found on my web site: [biblicalworldviewministries.com](http://biblicalworldviewministries.com) under "Newsletter." It is entitled: *December 2008; Watchman Urgent Alert: The Calamity Bringing the Endtimes Tribulation Can Be Imminent (Understanding the Current Big Picture)* (26 pages). There is also a separate summary of 8 pages. The newsletter-report can be read on line and/or down loaded free. Read especially Satan's strategies and the appendices. In one appendix, I share many and major mistakes are churches are now making - my perspective. Also, check out these web sites: [authorityresearch.com](http://authorityresearch.com); [lasttrumpetministries.org](http://lasttrumpetministries.org); and [joelskousen.com](http://joelskousen.com), relating to the endtimes.

## **BECOME BOTH OUTCOME AND PROCEDURALLY ORIENTED**

(This is a general theme in this newsletter-report ): We must be both outcome and procedurally oriented. Thus, we must differentiate between discipling for spiritual growth (**PROCEDURE**) and reaching and having (actually gaining) maturity in Christ-likeness (**OUTCOME**). ***We must thoroughly realize that relating to and knowing God with great maturity in His depth-breadth in eternity is all there is.*** There is nothing else. Thus, we need to have a maximum maturity so this will happen to the maximum. ***And we will present, the maturity we have at death, we may have forever.*** Thus, we must pay attention and pursue maturity as God now commands that we do, and not just work for spiritual growth, however good. **WE ARE TALKING ABOUT ALL ETERNITY.** If we are not working to mature our people in Christ-likeness as God commands, is this not sin of omission? If we are not adequately evangelizing in our community, especially the children, is this not also sin of omission?

We often are not working sufficiently to bring the needed outcome of becoming maximumly mature in Christ-likeness. We do not always know all the procedures by which we accomplish reaching this maturity. We usually have good sermons, but not with the total teaching we need. ***We must see that the only job the Church has is to bring her people to a maximum maturity in Christ - of course as God works in us.***<sup>5</sup> ***Thus, we must diligently search the Bible for ALL things that represents (constitutes) a mature Christian and how and ALL with what we must disciple and train to accomplish this outcome.*** Of course we are doing many good things.

Our Churches, in my view, are acting wrongly (as mentioned earlier) as if the current times are normal and that endtimes with calamity are many months or years away and/or that we will not go through them. We work to disciple, but not sufficiently to bring maximum maturity. ***These are most serious mistakes.*** We, in our churches, are involved in many good ministries (we all believe this). But in their limitations, we are making trends that need to be changed (avoided) because they appear to be part of key satanic strategies. There are strong reasons for these strategies for satanic purposes. We all need to know what they are. These will be discussed with some good changes or additions we can and need to urgently make. **I am most willing to help.**

## **PRELIMINARY INFORMATION**

---

**5. TRAINING FOR MATURITY:** Becoming mature in Christ, one must train with at least all of the following: (1) Glorify God; (2) Live godly as Christ walks with the Father; (3) Be involved in God's work; and (4) Know, believe, and stand strong on the Christian-Faith Doctrines. This training should include God's Plan for History, the Spiritual Warfare, Endtimes Prophecy, and what must happen that allows Christ to rapture the church and to terminate history.

**January 2009 Newsletter-Report: URGENT NEW YEAR'S REPORT TO THE ELDERS AND PASTORS OF OUR CHURCHES - A SUMMARY; Thinking to Enhance Our Ministries, Bring Needed Background Understanding, and Present Needed (Urgent) Actions**

Major signs, as stated, now signal "most loudly," even though only God knows the timing, that the calamity will very soon come that will take us into Revelation's endtimes Tribulation under world government. ***We need to go to serious prayer about how soon the endtimes will come, how much time remains for training, and what we should now do with urgency for the sake of our people. To ignore the situation, in my view, is to be greatly remiss and irresponsible.***

We do not know all the details, and we do not know exact timing. But we need now to be there for each other and for our people. We must not under any circumstances believe that we will miss the endtimes resulting in our doing little or nothing. If our people were already at maximum maturity in Christ, we can do less. But generally speaking, our people are unprepared and with various levels of maturity - really immaturity.

***And even if we have many mature people, a good review never hurts. (And we must continually see that in our churches, we have the gung ho, the very faithful, the watchers, and new people. All generally are at different maturity skill levels. Thus, we have various understandings of Scripture amongst our people. We need to "hand out" information to all our church people so all can see what we want them to know, do, become, prepare, and why - both the outcome and the procedure.)***

We must now do critical analysis and look at: (1) what is happening that is transforming our churches to become an immature church and bring the endtimes; (2) why things are happening; (3) what we may be doing (even without realization or desire) to help cause things to happen; (4) what will be the outcome or result of what is happening; (5) what will be the current and eternal effect on us; and (6) what we must now urgently do for the sake of our churches and families, both for now and for the sake of eternity. The current and coming endtimes are most critical and generally will come very suddenly in a whirlwind with but little if any warning apart from the signs and the watchman's warning. (This note brings a watchman's warning.)

***It is expected that most churches, doing but little to warn, brief, train, and prepare their people, will be caught blind-sided when the calamity comes without warning. (This is what happened to Israel under similar circumstances.) Will your (my) church people be caught?***

## **SUMMARY OF KEY URGENT ACTIONS**

We now should (must) with urgency (the time to the endtimes Tribulation now can be very short):

(1) Mature our people, including our children and youth, to the highest skill levels we understand to prepare them for eternity so they can know and relate to God toward His depth-breadth. Apart from this intimate relationship, there is nothing.

**Background:** There is no Scripture that I have found that teaches directly that our maturity will or will not increase in heaven. God commands us now to pursue maturity - stop going over the a, b, c's over

**January 2009 Newsletter-Report: URGENT NEW YEAR'S REPORT TO THE ELDERS AND PASTORS OF OUR CHURCHES - A SUMMARY; Thinking to Enhance Our Ministries, Bring Needed Background Understanding, and Present Needed (Urgent) Actions**

and over again (our churches are doing the latter).●<sup>6</sup> There are Scriptures, see below, that indicate (signal) our spiritual maturity we have at death, we may have forever - only now is God's given opportunity to gain it. This is one main reason we are on the earth. God has left the overall understanding as a matter of faith. But if we obey God as He commands to the fullest to gain great maturity, we may not need to know. ***But we must not make a most terrible eternal mistake by not pursuing maturity to the greatest we can have. There appears no opportunity for recovery in eternity.*** God may use our maturity in heaven in different ways than we can know now.

Doctrinally we become mature as we respond to God in faith-love obedience in the testing and development environment of the world, the flesh, and the Devil which will not be in heaven. When we train, we make mistakes which are sins. There is no sin in heaven. And when enter heaven, we lose our sinful depraved nature, so we can no longer sin. We enter heaven with what ever capability that was developed in our divine natures that we received at salvation and we will not remember the things in this life (former things) on earth. We, when in heaven, now only live by what God directs us to think and do using our divine natures. This very likely will be according to our spiritual gifts and our developed capability on earth to respond to the Holy Spirit's leading to live by love and faith etc. It will then be God all in all. (If our maturity could increase in heaven, then why did not God create us with the maximum maturity and not have this lifetime. This age is to learn of the "maximum" love that exists which was demonstrated sacrificially on the Cross. How else could we learn it? We need to learn to live by love so we will sacrificially serve others, using God's commandments.

(2) Warn, brief, train, and prepare our people for going through the soon-coming endtimes Tribulation with world government - before they come. ***Not accomplishing these as stated, our people will be caught blind-sided in terrible times. Do you want this to happen to our people and families?*** Signs, as stated, now signal most loudly that Revelation's endtimes bringing a calamity that will place us in the Tribulation under world government can be imminent. ***Then doing our ministries in freedom will be over. Our children will be educated satanically by the state without our being able to do anything about it (more about this later). What very likely happens in the calamity and Tribulation with world government and their timing are presented in my December 2008 newsletter-report.***

These major signally signs, according to the Pattern Sequence include - but are not limited to: (happening at the same time): (1) major emphasis on same-sex relationships and abortion (so the elect might not be born and the sin gives Satan more power); (2) "most extreme" weather storms; (3) a famine (dumbing down) of God's Word in our churches - churches no longer enduring sound doctrine; (4) a "most severe" financial crisis that will get much worse (taking away funds needed for the ministry); (5) the Middle East is setting up for a major war; (6) the great increase in sin in our country; and (7) God and Christ (without true salvation) are no longer being honored in our country and in many of our churches (of course there are exceptions). More signs are given in my December

6. **REFERENCE:** *Hebrews 6:1 - Therefore leaving the elementary teaching about the Christ, let us press on to maturity, not laying again a foundation of repentance from dead works and of faith toward God,*

2008 newsletter-report.●<sup>7</sup>

**Please understand as being presented, that unless we warn, brief, and prepare our people, putting all in home mutual support groups, our people will most likely be caught blind-sided, very likely immature, and unprepared. (I am very concerned for the children.) This is also true, if our church people, for whatever reason they have, believe they will not go into the (any) Tribulation. Most of our church people, especially including our youth, know but little if anything about prophecy. When the endtimes calamity, Tribulation, and world government come, they will not know what is happening. If they believe (or do not think about it), that their maturity can increase in heaven, they most likely will fall away under the severe coming persecution. This is expected. *However, a remnant will still stand strong without falling away.***

***Of course, only God knows the timing when the endtimes will come.*** We should be ready if they come in the next few months in 2009 or the next few years. (There are estimated reasons that the calamity can come in the early spring of 2009 - but of course we do not know the time - only God does (see our December 2008 newsletter report for details). We need to be prepared before the endtimes come regardless when they come. ***What does it hurt to be prepared early? But not to be prepared and the calamity comes suddenly and unexpected without warning? Please understand, that when the calamity comes our training time in freedom, as stated, will be taken away and the government over time will arrest and martyr several million pastors, church leaders, and key patriots. These persons should now look for places of secret refuge or their ministries will be over. This situation is so that the church people will stray doing but little evangelism and ministry, being without leaders.***

## **NEEDED MINISTRIES IN OUR CHURCHES**

***(In making comments, they are intended for added value, making needed changes and improvements, not criticism. We are doing many good things.)***

Churches has many good ministries. This is why many people and I attend. The ministries very often include having good preaching (to the level taught), a good Awana Program, a good VBS Program, an international student program, group ministries, and a very good foreign missionary program. We allow others to use our facilities, and we invite people from all races and backgrounds. We have some special teaching sessions. **However, many churches have limited or insufficient outreach “in the community” for the children.**

But we, in our churches, can make improvements and have a more complete ministry. They include: (1) doing adequate critical analysis of how well we are actually doing or not doing our ministries; (2) having our people have a much greater appreciation for God's Absolute Greatness so they will study more of His Word, work and do things with excellence trusting Him to bring results and do more of what He wants, including being in ministry (all the good we have only came from Him as a source - we are created beings); (3) having sufficient outreach local evangelism in the community (especially of the children and youth); (4) teaching much more of God's Whole Counsel on a reasonable

schedule; (5) maturing our people to much-much higher skill levels; and (6) preparing, warning, and briefing our people for the soon-coming endtimes.

## **HELPFUL BACKGROUND PROCEDURES FOR IMPROVING OUR CHURCH MINISTRIES**

*(I am sharing my background experience to illustrate what you and your church might now seriously consider doing as strategies and methods for making improvements - because of our ministry status and the seriousness of the times.)*

**WORK:** God has trained me as a satellite communication's systems engineer to design complete systems where everything must be there and everything must work. I worked in an Advanced Systems Group where we all had phd's or master's degrees. I had a master's degree. We did all (most of) the major proposals for new work and advanced studies. We, as a team, knew the state of the art, the hardware situation, what is coming next, and in detail what the customer wanted. We critiqued each other's work and welcomed it. We did good work. We were a team.

**Our Churches could use this procedure by placing on paper (in the computer) all of God's (our customer's) requirements and how they are to be implemented. A procedure for doing this is presented below. Our churches could create an advanced systems group of very mature people who know much doctrine (especially Including Christian-Life Relationship Principles, God's Plan, and Endtimes Prophecy), who have intellect and can do critical analysis, and are in ministry. This group could be part of the elders or an advisory group consisting of gifted people who have much Bible intellect and knowledge. (In general, they should not attend or promote rock music type services.●<sup>8</sup> They should be against using rock music.)●<sup>9</sup>**

---

**8. VIEWPOINTS ON ROCK MUSIC:** We as Christians have different views on the acceptability of rock type music in our churches and youth groups. It is gaining wide acceptance in our churches. But as will be shared that: (1) it is not good music; (2) it came from Voodooism; (3) it can desensitize a person to the leading of and teaching by the Holy Spirit; (4) it can get our youth into bad habits; and (5) it appears to be satanic strategy in a subtle way to do more of what he wants and less of what God wants. I understand that we all do not see things the same way. But the situation needs much prayer for we are in the endtimes and is the music actually of God? Not in my view.

**9. ROCK-TYPE MUSIC:** Our younger people like rock-type music. But many reports show that rock music came from Voodooism where it is used to call up evil spirits and demons. It brings worship to Satan. Our church leaders may not believe this unless they do some research. I have done the research and believe that rock-type music is not of God. Our church leaders should now do some research and then brief our church people about the evils of it. Then our people can choose for themselves what music they will sit under and prefer. If we just remove the music from our services, people will (may) leave the church and this will hurt our finances. But in the long run, we must never use rock-type music - loud repetitive syncopated

(continued...)

**January 2009 Newsletter-Report: URGENT NEW YEAR'S REPORT TO THE ELDERS AND PASTORS OF OUR CHURCHES - A SUMMARY; Thinking to Enhance Our Ministries, Bring Needed Background Understanding, and Present Needed (Urgent) Actions**

In industry, when I worked as a team leader with several team members working for me as leaders, we did good planning. The team members were well chosen with (having) ***“the needed experience and capability”*** to do the major needed jobs. I would request all of my team leaders to prepare a “detailed written plan” for how they were going to do everything to meet both the customer’s and management’s (and my) requirements - showing schedules, costs, training, who would do what, interfaces, new hardware development, etc. Then we would gather as a team of people and each team leader would present their plan. Then, we had “detailed” horizontal and vertical discussion of the plans. Then have the team leaders revise their plans having the benefit of inputs from their peers and leadership. Then we all knew the entire job, what each would do, and worked as very close team members. **(Churches are encouraged to use this procedure.)**

There were two major parts to our thinking: They were being both **OUTCOME** and **PROCEDURALLY** oriented. ***We tried to define IN DETAIL the outcome for which we were to work. Then we designed procedures IN DETAIL for how to get there.*** When we learned more, we updated our information.

I recommend our churches do similar things, and these concepts are discussed below.

### **NEEDED TOPICS (3)**

The following are topics in which God has had me concentrate. All three (there no doubt are additional parts) are needed to be taught now as an essential part of the training with some urgency for the sake of our people.

(1) **God’s plan for history** (Genesis to Revelation) for why we are here and how God is developing Christian maturity so we can know and relate to Him. It described how, by searching for and combining Scriptures together, we become Christians and be trained to become (more) maximumly mature Christians. This topic included the spiritual warfare with its strategies, how He used people, Israel, and now the Church, and how the endtimes unfold and why. It was a detailed study in prophecy for how God terminates history and what must happen that allows Christ to rapture the Church and bring the final judgments. This study, or one like it, is needed to be known by all Christians. (See my web site report: *God's Plan Over History for Man to Become Mature in Christ Needed to Eternally Know and Relate to Our Perfect God in His Greatness.* (It explains the spiritual warfare and what must happen before Christ can rapture the Church and bring the final judgments.)

(2) **Christian-Life Relationship Principles** (needed to gain maturity in Christ-likeness) for how we walk as Christ walked especially for how we walk by love - keeping God’s commandments and sacrificially serving each other, and how we walk by faith - trusting God for everything especially to fulfill His promises. It especially included how we live with God and in families in head-subordinate relationships. We practiced these in my family, and my wife and I worked for and had unity in everything. My kids are using these principles now in their marriages. (Using these principles, I could train our young people for marriage and walking closer to God.) Of course, the studies included training for glorifying and honoring God, how to do Christian ministry, how to have a personal

devotional life, and to learn, know, and believe the basic Christian-Faith Doctrines. **See needed detailed key topics in my December 2008 newsletter-report.** There are ppt charts on my web site and reports there also, both under "Training."

(3) **The details of endtimes prophecy** discovering how the events of Revelation unfold, how we can recognize the signs, and what will happen to us when the endtimes events come. Over the years, God has led me to read over 50 books on Bible prophecy to learn from others and discover by examining over 40 doctrines what I believe the Bible teaches is the correct view (without ambiguity). I discovered that the endtimes are unfolding in a special sequence similar to the one God used with the Old Testament Jews. Thus, I call it a Pattern Sequence. The sequence is developed in detail from the Scriptures in Chapter Five of my book: *Watchman Warning* and is summarized on my web site. The chapter itself is on my web site. See also my web site report: *The Pattern View of Prophecy* that develops endtimes prophecy in detail from the Scriptures. There are other prophecy reports on the web site as well. The Pattern View (Sequence) is summarized later in this newsletter-report.

## **PROPHECY BACKGROUND AND SITUATION**

Because the understanding of the Pattern Sequence is somewhat new, not many have seen and understand the sequence. But many-many people see the Rapture is Post-Tribulational and that signs now signal the Tribulation bringing judgment on America can come at any time. We need to know this sequence to know best how the endtimes will unfold and to know and recognize the signs that signal and warn the endtimes are coming. There are over 6 different prophecy views held by godly and highly academic people and many have made some serious interpretation errors - largely caused by not considering and comparing sufficient number of doctrines. Based on studying over 40 doctrines simultaneously, God has led to my writing two books and several reports that led to having my web site. But we can best generally know when the endtimes might come by the signs - knowing the endtimes sequence, and warnings from His watchmen. Knowing the Pattern Sequence, we can know how the United States is found indirectly and without being named in the Bible and in endtimes prophecy.

The endtimes Pattern Sequence in summary is as follows:●<sup>10</sup> when the favored nation (was Israel and now is the United States) obeys God, she gets "many great blessings." America has had great blessings from God, more than any other nation in all of history. When she disobeys, she gets warnings. America is now getting warnings. In her continued disobedience, God brings a world government against her (e.g. using China and Russia under the United Nations - world government in the endtimes) and places her in divine discipline under the rule of world government for a period of years. (In Israel's southern kingdom, this discipline period was under the world empire of Babylon for 70 years - for the church in the endtimes will be under the Tribulation and its world government for over 20 years). Then after the discipline period is over, He delivers His people to Himself (in the endtimes by the Rapture) and destroys the world government. ***This means that in these endtimes when the world government acts, it will take out Islam. Islam will not rule the world.***●<sup>11</sup> (Satan, in my view, is using Islam to deceive people so they will not believe the Gospel to be saved (become

the elect), and then later, as a means to bring a Middle-East War to bring world government over which he and his man will rule.)

Things go together, when we see that: (1) Christ is now marrying the Church - no longer married to Israel as a covenant nation (cannot have two wives at the same time); (2) all believers (both Jewish and Gentile) are one in Christ and are the Church; (3) all believers are now in the Kingdom of God, having been translated from the Dominion of Satan; (4) God's plan over history centers in the Crucifixion of Christ and in having maturity in Christ to know and relate to Him - not where one lives on earth; (5) after the Cross, animal sacrifices and physical temples are gone forever (bringing them back would deny the efficaciousness and purpose of the Cross); (6) Revelation's events unfold in a special sequence similar to the ones God used with the Old Testament Jews (understandings this sequence, the endtimes sequence becomes clear); (7) and the wheat (Church) cannot be (will not be) separated (in Rapture) from the tares (unbelievers) until **after all** the tares are bundled for the fire (have made formal decisions to reject the Gospel including especially in the Mark-of-the-Beast period). There is much-much more, such as knowing Daniel's seventieth week is history (The Tribulation will last over 20 years, not only 7.) ***We know there is an endtimes Tribulation because when Christ comes, He casts the persons of the Beast and the False Prophet into the Lake of Fire.***

***There definitely is an endtimes Tribulation and the single Rapture occurs afterward at our Lord's Second Coming. No one is born or saved after the Rapture.***

The problem we have today, is that very few people understand prophecy and many have made serious errors by not: (1) knowing God's Plan for history with the special endtimes sequence; (2) knowing the strategies of the spiritual warfare between Christ and Satan; (3) seeing that all believers are (in) the Church - Christ's Body; (4) knowing what must be completed and have transpired that allows Christ, according to God's plan, to rapture the Church; (5) knowing why (on what basis) Christ is declared the winner of the spiritual warfare; (6) knowing that or spiritual maturity in Christ can be fixed forever at our death, and (7) knowing, considering, and integrating (comparing) sufficient doctrines (e.g. over 40).

People today do not want to read more than a paragraph. But the details of endtimes prophecy and the Christian life are multi-faceted. They take time to learn. And now most people appear not willing to take the time. So we have a situation today where very few people, especially including our youth, know but little about prophecy and the major doctrines of the Bible (beyond our doctrinal statement) including those for how we are to live the Christian life as Christ lives in relationship to the Father. Most want to compare the prophecy views without taking a stand. ***All of this stems from the situation that, in my view, few know and appreciate God's absolute and infinite Greatness and God's Plan for history and how it unfolds as an overview. Our churches no longer endure sound doctrine.*** The consequence of this is explained below (later).

(Our churches may have good teachings and doing good things say on a scale of 0-4 - if that, but are greatly missing the boat on a scale of 6-10, with 10 being the highest. They have moved from being intellectual to one of being emotional in the worship services (with rock music) and in their thinking. They do not train with a sufficient version of God's Whole Counsel. And our churches, in my view, do not realize their situation, not thinking from an advanced systems group perspective - not doing sufficient critical analysis - not keeping God's absolute and infinite Greatness in mind. They do not know all (all we can find) what He wants done and to the degree by which He wants things done. Thus, our churches are no longer enduring sound doctrines. They are going much by their own way.

**January 2009 Newsletter-Report: URGENT NEW YEAR'S REPORT TO THE ELDERS AND PASTORS OF OUR CHURCHES - A SUMMARY; Thinking to Enhance Our Ministries, Bring Needed Background Understanding, and Present Needed (Urgent) Actions**

There is now a famine of God's Word in our churches. This has resulted in less evangelism being accomplished because our people, as a whole, are not mature in Christ. All mature people will be in God's work somewhere. **Thus, churches have lost their excellence before God and are not regularly seeking to do and to have God's very best.** Our churches do not appear to think in these terms. As a boy, I was always taught to work for excellence in everything.)

## **SOME NEEDED BACKGROUND INFORMATION**

There is much background information and detail needed to be understood. Please read my web site document: *God's Plan for History*. This, or one like it, as stated, is needed (must) reading by every Christian.

God has established a spiritual warfare over history between Christ and Satan. After the endtimes Tribulation, the court sits in heaven to determine who has won the spiritual warfare. If all the elect actually believe and actually accomplish all of God's chosen work (and these will happen), then Christ wins the warfare. After this determination, Christ is given the authority, as allowed by God's Plan and according to the endtimes Pattern Sequence, to rapture the Church and bring the final judgments. If Satan should win (and he will not be able to), he would avoid going to the Lake of fire, and he would be able (allowed) to rule the world and angels forever. So for him to win, he has established many strategies in an attempt to prevent the elect from believing and accomplishing God's work and to bring more power for him to rule and control the world. (My December 2008 newsletter-report explains things and presents many of his strategies in much detail.) Thus, part of the Church's job is to have a maximum and needed response to Christ so He will win the warfare. It is also to understand that Church will be on the earth until Christ is declared the winner of the warfare after the Tribulation. **Thus, the Church must be warned, briefed, and prepared for going through the endtimes that can be most imminent. Again, only God knowing the timing, but the signs signal they are imminent. We must be previously warned, briefed, trained, and ready.**

**Much of or most of the Church does not see the need to warn and prepare for an endtimes Tribulation because they believe they will not go through the endtimes Tribulation by wrongly believing: (1) the Rapture is Pre-tribulation; (2) there is no endtimes Tribulation; and/or (3) the world will be Christianized before Christ comes. They also do not realize the spiritual maturity they have at death, they may have forever. They do not realize that maturing their people, more evangelization will be accomplished. And these wrong beliefs cause the church to have complacency about (not) working to mature their people in Christ-likeness and going all out to do community evangelism. They just carry out some (their own) program, however good. They do not work to know the Tribulation signs and see no need to bring a watchman warning. Thus, believing and practicing these is satanic strategy.**

**The next sections presented show that, in my view, we need to be both OUTCOME and PROCEDURALLY oriented if we are to achieve God's best, know why we are here, what ministries we should have, what is and why what is happening, and what are Satan's strategies. They are presented in sequence with first, the desired outcomes, and then following with the procedures for how to achieve the outcomes. This is presented from the**

viewpoint of God, the Church, and Satan, in that order.

## BEING BOTH OUTCOME AND PROCEDURALLY ORIENTED

**INTRODUCTION:** We all live this way, even when we do not think much about it. But to be most right, we have to have a complete or good description of the outcome and then choose the needed procedures that produce the outcome. If we do a poor job, we may not know the needed outcome and may use inadequate procedures. This section presents the key ones that effect our overall Christian lives and our eternities - God, Church, and Satan.

### GOD

**GOD'S OBJECTIVES FOR "OUTCOME:"** God wants us to reach a maximum spiritual ability in Christ-likeness in relationship living as He walked with the Father. This is for the purpose that we can know and relate to God in His depth-breadth amidst His infinite perfection and Glory toward the maximum now, but especially in eternity. Is so He can direct our lives for us to live perfectly including by love and faith in close fellowship with Him, living holy and righteous lives. ***We can experience and enjoy God and Christ in a perfect life forever - the only perfect life that exists.*** (Apart from our perfect God directing our lives, living perfect lives is not possible. There is nothing else. )

***It must sink deeply into our souls that apart from relating to and knowing God, and walking with Him in a personal way in His depth-breadth, there is nothing. In eternity, He will direct every thought and action we will ever have. This direction makes Him God. We will never sin. Thus, the OUTCOME from God's perspective, is for us to know and have the ability and capacity to relate to Him in eternity to the maximum. But this can only happen to the degree (the skill level) we are spiritually mature in Christ-likeness. (E.g. We should rather have a phd, rather than a bachelor's degree or a only high-school degree in Christian living.) Only God is perfect and infinite. Thus, we should want to know and relate to Him in His depth. For us to be able to do this, we need a maximum maturity in Christ. Are we in reality pursuing this course? I am attempting to and looking for inputs from others by reading many books. Send me your understanding.***

God also wants the people whom He calls His elect to actually believe the Gospel and actually accomplish His chosen works. These tasks He has given to Christ to have happen in the spiritual warfare.

**GOD'S OBJECTIVES FOR "PROCEDURE:"** God wants for us to gain a maximum maturity in Christ-likeness so we can know and relate to Him toward the maximum. **Thus, His procedure is to mature us in Christ to the maximum (walking as Christ does and in great love) to which we will respond to His leading. He developed a spiritual warfare in the environment of allowing the world, flesh, and the Devil so this could take place.**

January 2009 Newsletter-Report: URGENT NEW YEAR'S REPORT TO THE ELDERS AND PASTORS OF OUR CHURCHES - A SUMMARY; Thinking to Enhance Our Ministries, Bring Needed Background Understanding, and Present Needed (Urgent) Actions

But we need to learn His Word and respond to Him toward the maximum in the trials and testings of life.

## THE CHURCH

**THE CHURCH'S OBJECTIVE FOR "OUTCOME:"** The **ONLY JOB** the church has (**BEING OUTCOME ORIENTED**) is to bring her people (believers) to a maximum maturity in Christ's likeness *according to God's procedure* (presented previously) for people so they can know and relate to Him. The church is to work with the gung how and the very faithful in priority over the watchers and new people. The church can have special training sessions for the latter two. For needed training topics, see that above and our December 2008 newsletter report. *As part of these, the Church should be trained to: (1) recognize Satan's strategies in the spiritual warfare and to avoid his will; and (2) recognize the signs that signal the endtimes are soon coming and what will happen when they come.*

If the church is to bring her people to a maximum maturity in Christ, she needs to search the entire Bible under God's leading with much prayer for ALL that constitutes a mature person in Christ and, as a good procedure, place ALL on a piece of paper and/or in the computer that can be updated when one learns more. *If the churches do not do this, they can miss the mark in their procedures (discipling) and not accomplish adequate maturity (not knowing what adequate maturity is). And the growth and life of the church can seriously plateau, even though doing many good things. This is happening now. (What is important is not where and what we now are. But instead where we are going and becoming. Let us work to have God's best and be prepared for the endtimes. None of us are there yet. But we can help each other get there.*

The description of what characterizes and constitutes a mature Christian should include at least (there is much-much more): (1) what and how mature Christians think; (2) what they have become; (3) what they believe and do not believe; (3) what character qualities they have; (4) how they respond to God, using His Holy Spirit, and with what capability; (5) by what principles do they live (such as by love, faith, God's holiness and righteousness) in head-subordinate relationships; (6) will believe the Bible alone is God's Word, (7) will fellowship and worship with other Christians; and (8) will be living how Christ lives with all coming from the Father (nothing from themselves as a source), etc. **A person should be able to go somewhere and read these.**

*Having the above on paper (computer read out), a church leader then should call many mature key people together who know doctrine, are living a mature Christian life, are analytical, do not approve of rock music in the church, and are in ministry and present His findings to them of the above with reasons for the choices. Then allow these key persons to make comments and suggestions. Then update the results and then hand out hard copies to the congregation for their reading. (The most serious problem we have now is that our church people are no longer Biblical knowledgeable, no longer endure sound doctrine, have lost their biblical intellect, and are emotionally oriented. They may no longer be able to have an objective review of these needed qualities. We do have some exceptions - those who know the Bible.)*

**THE CHURCH'S OBJECTIVES FOR "PROCEDURE:"** The church, **BEING PROCEDURALLY**

January 2009 Newsletter-Report: URGENT NEW YEAR'S REPORT TO THE ELDERS AND PASTORS OF OUR CHURCHES - A SUMMARY; Thinking to Enhance Our Ministries, Bring Needed Background Understanding, and Present Needed (Urgent) Actions

**ORIENTED**, must search the entire Bible under God's leading with much prayer for **ALL** the procedures in their depth-breadth that allow her to reach the maximum outcome and disciple (train) her with these procedures in depth-breadth. Put them on paper and in the computer. To bring their people to maturity, leaders must train, not just teach what to do. We must leave room for God's special leading. **WHEN ONE TRAINS, they teach what to do, how to do it, give examples for how things are lived out, share testimony for how they lived them out (one should not do this teaching without having some testimony (particularly in families) for how they lived them out) - on-the-job training, and provide for and/or suggest some form of on-the-job training in the church and/or in the home.** (We often put people in charge of our youth groups with no experience apart from college. This should not be done.)

**The Church should now avoid using any form of loud repetitive beat rock music in our church services and in our group studies, especially with the young people.** As presented below, it brings worship to Satan and decreases the spiritual learning capacity. Churches can use other contemporary music without the beat - but even this is not preferred to bring maximum worship to God and to Christ. We must believe that music is not neutral. It has definite effects on people. References (listed in my December 2008 newsletter-report) teach that rock music is being used to call up demons and evil spirits. It came from Voodooism. I realize that people believe differently here. But as for me, I will not sit under such music. I want God's best. It, in my view, is most disrespectful to God (no matter how much people like it), and it has brought a loss of unity into the Church. **(And I have seen leaders and pastors wear sloppy clothes, no ties, even shorts, into rock church services. This is for the sake of the people, but it can only bring a most terrible disrespect for and to God.)**●<sup>12</sup>

The Church should also be taught Satan's strategies so that she will not do things that look correct, but are not. Many of Satan's strategies are listed in my December 2008 newsletter-report found on my web site. **If churches do not teach these strategies, their people can miss the mark in their procedures (discipling) and (inadvertently) not accomplish adequate maturity of maturing their people and doing needed ministries. They may not know many of the needed procedures or how to carry them out - do not know how and what to train.**

**After being placed on paper and in the computer (that presents "all" the training needed to mature Christians to the detailed descriptions), a church leader then should gather many mature key people together (again those who know much doctrine in the various categories, are living out many or most of the Christian-life principles, are intellectual, reject rock music for worship services, and are in ministry) and present His findings of the procedures with reasons for the choices. Then allow these key persons to make comments and suggestions. Then update the results and hand out hard copies for their reading by the congregation. (Again, the most serious problem we have now is that our church people no longer endure sound doctrine, have lost their biblical intellect, and are emotionally oriented. They may no longer be able to have an objective review of these needed procedures. We can pray for them**

---

12. **ROCK MUSIC CHURCHES:** I have observed that pastors who teach in rock music services appear to not know or do not teach the needed application of Christian-Life type principles. They mainly teach only the a,b,c's of doctrine. They teach and generally do not sufficient train giving personal testimony for how they lived out the principles. Of course there are exceptions.

*and share with them.)*

## Satan

**SATAN'S OBJECTIVES FOR "OUTCOME:"** *Satan works BEING OUTCOME ORIENTED to prevent the elect from believing and accomplishing God's chosen work. He works to establish world government over which he and his man will rule. He is working to avoid going to the Lake of Fire.*

**SATAN'S OBJECTIVES FOR "PROCEDURE:"** *Satan works BEING PROCEDURALLY ORIENTED to deceive the church and world to do his will, not believe the Gospel to have the elect believe, and to do a poor or no job of accomplishing God's work and training. He works to establish a world government over which he and his man will rule. Again, many of Satan's strategies are listed in my December 2008 newsletter-report found on my web site. But they include: (1) having many false religions that look correct to deceive people so they will not believe the true Gospel - that the elect might not believe; (2) get people and the church into great, especially sex, sin - especially same sex relationship situations; (3) kill the economy so that there will be less funding for God's work; (4) and especially have the church do some good, but not great things so she thinks she is doing okay, but not accomplish the great and needed ministry. ***This especially includes not evangelizing the children.*** (We know that 85% of the people who come to Christ do so by the age of 14.) Bring great persecution so the church will fall away (but this often backfires and helps to increase the church's obedience). ***Promote same sex marriages and abortion so the elect might not be born and have sin that gives him more power for his plans.****

One of his greatest strategies in these endtimes is to get the churches to dumb down their training so they only mainly teach the basic fundamentals, if those. Then bring in the world's (Devil's) loud syncopated repeated beat rock music that brings him worship and which desensitizes the Christian's response to the Holy Spirit and to the learning of Scripture. Use the excuse of reaching the youth and bringing them into the Church. (Our church people, particularly including our youth, need to be briefed on these satanic strategies. Our youth and much of our church leadership are now wrongly buying into this type music.)

Through these means, he is "transforming" the orthodox church to become the immature church with a loss of biblical intellect and with a low plateau of Bible knowledge. The sad part of this is that doing these things, churches believe they are doing right. As time goes by, after a few years pass and many older people die, there will be but few who know God's Word in any depth-breadth and can teach it. Many of our young people now, as they leave high school, are leaving the Church and God's work. There is but little challenge before them to live a greater Christian life and be somewhere in ministry. There are of course exceptions. However, the world is being transformed into Satan's world with but few knowing much of God's Word or can teach it in any depth-breadth.

Then, based on the Pattern Sequence understanding, in the coming Tribulation under world government, indoctrinate the children and youth by force (the parents will not be able to do anything about it) to world government and world religion without the Bible, Christ, and salvation. The Bible teaches that when His favored nation is in great disobedience, God no longer protects the Children and allows them to be taken.●<sup>13</sup> Then martyr Christian adults. After a period of years, almost no one will know and be able to teach the Bible, and how to witness the Gospel. He does this so the elect might not believe. (Again, he promotes same sex marriages and abortions so the elect might not be born.) It will become Satan's world. And doing these things in the Tribulation, there will be a great falling away from the faith which gives Satan the power allowed by God to bring the Mark-of-the-Beast period. Christ said that when He returns, He will find but little faith on the earth.

And the Church, being deceived, is now laying the precursor ground work for this, believing she is doing right. What is your (and my) church doing?

## SUMMARY OF THE TWO ALTERNATE PATHS NOW FOR THE CHURCH

(In My View, One Is Greatly Needed and Is Correct.

And the Other Is Most Seriously Wrong, and Must Not Be Implemented; Most Be Avoided.)

**PATH ONE (THE CORRECT ONE - My Recommendation):** (1) Train and not just teach to mature our people, including our children and youth) in Christ-likeness, living as He lives using the Outcome and Procedures presented above including evangelizing the children so they will know God's Word when in the Tribulation, and (2) brief, warn, train, and prepare our people for going through the endtimes Tribulation. **HAVE THE RESULT** that people: (1) will have the maturity to know and relate to God in eternity to the maximum; (2) will stand strong for Christ during the endtimes, without falling away - gaining more maturity; and (3) will not contribute to the dumbing down and to the transforming

---

### 13. GOD NO LONGER PROTECTS THE CHILDREN WHEN THE FAVORED NATION GOES INTO GREAT SIN AND APOSTASY - THIS IS HAPPENING NOW:

*Hosea 4:6 - My people are destroyed for lack of knowledge. Because you have rejected knowledge, I also will reject you from being My priest. Since you have forgotten the law of your God, I also will forget your children.*

*Deuteronomy 28:32, 41 - "Your sons and your daughters shall be given to another people, while your eyes shall look on and yearn for them continually; but there shall be nothing you can do. . You shall have sons and daughters but they shall not be yours, for they shall go into captivity.*

*Ezekiel 5:17 'Moreover, I will send on you famine and wild beasts, and **they will bereave you of children;** plague and bloodshed also will pass through you, and I will bring the sword on you. I, the Lord, have spoken.'*

**January 2009 Newsletter-Report: URGENT NEW YEAR'S REPORT TO THE ELDERS AND PASTORS OF OUR CHURCHES - A SUMMARY; Thinking to Enhance Our Ministries, Bring Needed Background Understanding, and Present Needed (Urgent) Actions**

of the church to become the immature church - thus, not implement satanic strategy.

**PATH TWO (THE WRONG AND MOST TERRIBLE ONE):** Continue (implementing satanic strategy): (1) a dumbing down process in training with but limited amounts of the Bible and using loud rock-type repetitive beat music to reach the youth - particularly in the youth groups; (2) teach but little about Bible prophecy and do little evangelism of the children; and (3) do not warn and teach about (and prepare for) the soon-coming calamity and Tribulation with world government. **HAVE THE RESULT** that: (1) few Christians will have adequate maturity to be able to know and relate to God more toward His depth-breadth, both now, but especially in eternity; (2) develop the immature church with a loss of biblical intellect, and with a low plateau of bible knowledge including that of prophecy - contribute to but few knowing and can teach much of God's Word as time passes - and as time passes few will do evangelism to have the elect believe; and (3) have the church people be unprepared and be caught blind-sided when the endtimes come with the Tribulation and world government - have them not know or recognize the signs.

### **NOW WITH URGENCY (SUMMARY)**

**1. Act with urgency to: (1) mature our people, including our children and youth, in Christ, especially in head-subordinate relationships as Christ walks with the Father at the higher skill levels; (2) eliminate all loud rock repetitive beat music from all our ministries, now use mostly the great hymns (and Gospel music) that proclaim the Greatness of God; (3) work to evangelize the children such as establishing many-many (tens of) after-School Bible clubs working with CEF; (4) train our people with God's Plan for history and how the endtimes unfold (prophecy with the Pattern Sequence); (5) place all our people into home mutual support groups with at least 3 months provisions; (6) warn our people that the endtimes calamity bringing the Tribulation with world government can come at any time and what will happen to them when they come; and (7) place into our people's hands "in writing" and give them a briefing or seminar all that constitutes a mature person in Christ, how to become mature, and how the endtimes unfold and how they should now prepare. The pastors and lead teachers should look for places of secret refuge. (See my web site documents.)**

**2. Now download (from my web site) and read our December 2008 newsletter-report that, even with some overlap, presents much-much more need-to-know understanding and details. Particularly read the appendices. You can read it's summary first. Send me comments. Read my other web site documents.**

**Please understand according to my understanding (all items may not be correct), when world government comes, we will go under socialism without**

**any protecting Constitution. We will lose all our freedoms and all real-estate property (including church properties) and most likely businesses will be confiscated. There will be no stock market, and there will be new currency (may be electronic - computerized). In Satan's strategy, have people lose all their savings in the stock market and then confiscate all real estate property. This will remove savings from the middle class that will take away funding for Christian ministry. We will now have the very rich who rule, and us, the very poor who are the ruled. Everyone will need jobs. We will have a type of military rule. Many or most Christians will be martyred. And, as stated, our children and youth will be satanically educated by the state without parents being able to do anything about it. Do all the training now with urgency while we still can in freedom. We want all our people to be mature in Christ.**

And let it sink in, the falling away of our churches, particularly in America, is one primary (major) cause of the Tribulation coming. Church leadership can be greatly judged and the Church will definitely go through the endtimes Tribulation with but little knowledge of the Bible. When the Tribulation comes, there will be chaos and sin everywhere and great persecution of those who are against world government and its religion. Evangelism will be curtailed (but Christians will do it anyway). There will be same sex marriages and abortions. These actions, with the falling away of the Church under persecution, gives Satan more power and freedom to bring the Mark-of-the-Beast Period.

**More detail of what will or can happen is in my December 2008 newsletter-report. Please read this now.**

**Read other documents on my web site.**
