THE GREATEST ISSUES IN SUMMARY

The greatest of today issues fall into two categories - the positive and the negative.

Positive: (One) We are to become Christians, and afterward, become mature in Christ, living as He lives, at the highest skill levels we understand in relationship living patterned after Christ's walk with the Father. We are to learn the Greatness of God and search out everything He wants us to do for direction in the Bible and do only these things with excellence and great commitment. We should use only the most accurate Bibles as the basis of our faith (KJB and NASB)

(Two) Being mature in Christ allows us to know and relate to and walk with our perfect God throughout eternity in close fellowship with Him and each other, living by His holiness and righteousness without sin. In this life, He works all things together for our good as He directs every thought and action we will ever have. We will obey because we love Him. Apart from this relationship there is nothing. This is why love is so essential.

(Three) We are to lead others to Christ and train our converts and ourselves and families to become mature in Christ. ***This is the main job of Church and family heads.***

We do this by training our people both academically and practically with testimony to: (1) Glorify, Praise, Obey, Honor, and Worship God; (2) Live a godly life patterned after the Son's walk with the Father in relationship living, by sacrificial love and by strong faith (3) Help accomplish God's work of evangelism, discipleship, building godly families, planting new churches, and reaching out to and helping the needy; and (4) Knowing and standing strong on the basic doctrines of the Christian faith.

Negative: (One) Our Churches, in these times, do not sufficiently appreciate God's Greatness such that they do **only** what comes from Him as a source. They are going mainly their own way doing what they believe is correct. They are dumbing down their teaching and training without doing the positive listed above.

(Two) Our churches, by the 1000's, are now falling away from God and Christianity at a rapid rate. Churches are adopting the characteristics of this falling away in different amounts. Churches are teaching less of God's Word, bringing a famine of His Word. They are attempting to reach the youth and meet the needs of people by methods as they see them

instead of the actual needs and methods as known and seen by God. The Churches are forming their operation by adopting the world's methods and bringing the world into the Church, particularly its music. This includes the dumbing down.

It is hard to find a Church today that is working towards implementing God's standards, teachings, and ways. There is much compromise. They are abandoning God's best, His plan for people, and the major teachings of His Word.

Observation shows this falling away is symptomatic of several causes.

THE CAUSES OF OUR PROBLEMS

We as the Christian Church, as stated, generally do not know, appreciate, and understand God's Greatness. If we did, we would know that God would place in His Word all things that are needed for our Christian lives, ministries, worship and basic doctrinal beliefs. It would include all we are to do for direction and the scope and intent of that direction. The Church would search out all this direction and do only these things and to the scope and intent of what He wants done. We are not living in a manner that cooperates with God for Him, to work all things together for our good.

We do not realize that God's primary purpose for us on the earth is to gain a mature high-skill spiritual ability in Christ-likeness in relationship living so that we can know and relate to God toward His perfection. We are stopping with becoming a Christian and doing some training for spiritual growth. We do not have a sufficient curriculum to mature our people in Christ at the higher skill levels - even to the levels and teachings that we understand. We should mature our people so we can live holy and righteous lives by sacrificial love and by faith in close fellowship with Him and each other. We do not realize that apart from this life there is nothing. We are willing to accept less, perhaps unknowingly in ignorance.

Because we do not appreciate God Greatness to the degree that we should and obey His total direction, it demonstrates that we do not love God with our total being to the degree that we should. If we love God, we will search out and keep His commandments. How many do we know? We do not realize that the spiritual ability we have at death, we can have forever without future possibility for improvement. Thus the Church does not realize that their primary and first priority job is to mature their own people in Christ. This is done by training people to live as Christ lives. He does things only what comes from the Father as a source. From Himself as a source, He does nothing. So people see the Father, and not Him. Today, His main source is the Bible. We are to train to live its teachings. ***This type training is the main (only) job of the Church. The Bible teaches we are to take care of our own. If we do not, we are worse than unbelievers.***

1 Timothy 5:8 - But if anyone does not provide for his own, and especially for those of his household, he has denied the faith, and is worse than an unbeliever.

June 2007 Newsletter: The Greatest Issues Today In Christianity

We are to train with His Whole Counsel. The apostle Paul said:

Acts 20:26-27 - "Therefore I testify to you this day, that I am innocent of the blood of all men. "For I did not shrink from declaring to you the whole purpose (counsel) of God.

Additionally, churches are not doing critical analysis to determine whether or not what they are actually doing matches what God wants done. ***They do not realize that what they are doing is implementing satanic strategy by being transformed to become the immature Church with a loss of biblical intellect and having only a low plateau of biblical knowledge.***

The overall perspective is that Church leadership does not adequately know biblical doctrine and do not have discernment that they are falling short. As a result our churches do not know and do not observe the signs that signal the endtimes Tribulation can be soon coming. They are not briefing and preparing their people for a soon-coming calamity that will place the world under Revelation's world government that leads to Christ's Coming. ***What is coming will be much worse than most people think.***

IMPACTS OF OUR SITUATION

The impacts of our situation include the following: ***(One)*** We are forfeiting our knowing more of God both now and most likely in eternity by our dumbing down, and remaining largely immature;

(Two) Our children, not being trained, are being left to the evil indoctrination of the coming evil world government; Parents will grieve when it happens.

(Three) We do not know how the endtimes unfold and do not recognize the signs that signal the calamity that brings the endtimes world government can come at any time;

(Four) Because we are dumbing down, have increased immorality, doing less evangelism, etc., our churches are the cause of the Tribulation coming. Thus, they will go through it for disciplinary action and to become more mature in Christ for the sake of eternity.

WHAT WE SHOULD NOW DO

We should act urgently to mature our own people, especially our children and youth, and put in some provisions to get through the coming calamity. We should pray for revival and become more obedient to God. Then He may slow things down and even heal the nation.

2 Chronicles 7:14 - and My people who are called by My name humble themselves and pray, and seek My face and turn from their wicked ways, then I will hear from heaven, will forgive their sin, and will heal their land.

June 2007 Newsletter: The Greatest Issues Today In Christianity

But without revival, the Tribulation will come without recourse as prophesized. We will go through it as divine discipline. No matter what anyone else does, we, ourselves, should act with urgency to increase our obedience to God. It has benefit for now and in the Tribulation. But based of what happened to Old Testament Israel, few churches are expected to change. They will wait for verified information that will never come and, thus, they most likely will be caught blind sided. ***How will your church and family be caught?***
