INTRODUCTORY NOTE: This report is a summary of much needed information that our church people, especially our youth, urgently need to know. (See our website reports referenced in this report for source information.) **After bad endtimes things happen, not being told in advance that they were coming so they could prepare, our people can (will) say: Why did you not tell and train us so we could have taken the needed action to prepare and become mature? Why did you not tell us?** Church leadership must urgently take the needed action. God holds leadership responsible for training and warning.

NEEDED (ESSENTIAL) BACKGROUND: However, to understand our current and future times, one needs to understand the endtimes sequence. In this endtimes sequence, the United States is a most favored nation to God. The favored nation is greatly blessed by God in her general obedience. As she goes into disobedience, she is warned by signs (conditions in the country) and by God's watchmen. Then, with greater disobedience, she is placed under divine discipline under the rule of a world government beginning with a calamity. Then, when the discipline period is over, she is delivered back to God and the world government is destroyed. This sequence happened to OT Israel as a favored nation as a pattern for the endtimes. In the endtimes, because God's people the Church and the country's people in the United States, as God's endtimes favored nation, are falling away from God's required obedience, the discipline period comes that is the endtimes Tribulation. The Calamity and Tribulation come by military action of world government. After the termination of the disciplinary Tribulation, the Church is delivered to God and to Christ via the Rapture. Then the world government is destroyed (all remaining unbelievers are killed). Then in the endtimes, we all go to our eternal states - believers to heaven and unbelievers to the Lake of Fire. World history is terminated. **Understanding this sequence shows definitely the Rapture comes Post-Tribulation and how the endtimes unfold. (This sequence is developed in detail from the Scriptures in Chapter 5 of my book: *Watchman Warning* (1994). The book shows the detail happenings in the sequence as the endtimes unfold. This chapter 5 is on my website.)**

ENDTIMES PROPHECY: The Rapture definitely will come Post-Tribulation. The signs, though being with us for some time, now, happening all at once with great intensity, are signaling most loudly that the Calamity that will bring the endtimes Tribulation can come at any time (e.g. in the next few months to the next few years) with only God knowing the timing. We must not let our people under any circumstances be caught blind-sided by the soon-coming Calamity that will come "suddenly" without warning (like a sudden earthquake), apart from the signs, and will place us into the endtimes Tribulation. **We should alert and warn our people about the Calamity soon coming even if it is 5 or more years away (for insurances purposes). But to warn too late????** Our churches are acting wrongly as if the current good times will continue indefinitely and/or that wrongly they will be raptured before the Tribulation comes. We must now with urgency alert, warn, and prepare our own people for what is coming and what they can experience. We

must teach them Bible prophecy in depth. We need to mature our people and have them put in 3-6 months supplies immediately. **We do not want our people, after being caught blind-sided by the Calamity, coming to us and saying, why did you not tell us the Calamity and Tribulation were coming that we will experience, so we could have prepared and turned to greater obedience - why did you not tell us?**

This note is a watchman warning. If you do not warn your people, their blood will be on you. Teaching most wrongly a Pre-Tribulation Rapture is to greatly mislead people and have them not have incentive to seek maturity and prepare. (If you believe in other than a Post-Tribulation Rapture, you must warn and prepare your people for going through the endtimes Tribulation in case (as a hedge) your prophetic view is wrong. You must not let your people be caught blind-sided by the coming Calamity (that comes suddenly without warning apart from the signs) under any circumstances.)

Those who wrongly believe in a Pre-Tribulation Rapture can believe wrongly that they have missed the Rapture when they find themselves in the endtimes Tribulation. Then, they can believe they are not Christians and can greatly fall away under the severe coming persecution. Is this not satanic strategy?

PROPHECY REPORTS: To learn prophecy, it helps to study relationships of God with His people in addition to doctrines that suggest or teach sequence. Many are presented in my website report: *Key Summary Report - How the Endtimes Unfold: Pathway to Understand Why The Rapture Comes after the Tribulation At Christ's Second Coming*. For details for how the endtimes unfold, see our website report: *The Pattern View of Prophecy (the Many Doctrines of Prophecy Show Clearly the Rapture Will Come Post-Tribulation and the 1000 Years During Christ's Second Coming)*.

ENDTIMES EXPECTATIONS (Much presented is based on current events that bring warning of and implement Scripture's endtimes sequence - but not totally or precisely known - some things can come differently): Through expected hyper-inflation in America, our economy and stock market will crash and Marshall law will be declared. At this time, some of our cities and areas will be nuclear bombed and most likely hit with severe biological warfare by the world government nations (e.g. Russia and China) and who they control. The Bible (OT with NT) teaches the sword, famine, disease, and pestilence (death). They most probably will protect the cities and areas that build military-type satellites and missiles. The infrastructure will breakdown without food and goods getting to the market place. Thus, there will be famine. There will be long-time power outages preventing communications, TV, etc. There will be riots and chaos everywhere. The United States will be placed under world government. When the Tribulation comes under world government, our children will be satanically educated for world government and world religion without the Bible and Christ to produce a Satan nation. Parents will not be able to do anything about it. There will be socialism and government ownership and control over all things, including ever all property (includes our homes and church properties), banks, businesses, and financial institutions. There will be a new currency (electronic currency?). Many or most Christians (also others of other religions), especially pastors and church leaders (also patriot leaders), will be arrested, then martyred and/or persecuted. Many will be imprisoned. We must now warn and prepare our people. Only the world government religion will be allowed to prevail.

Why Didn't You Tell Me?

What Our Church People Must Be Urgently Told Before the Endtimes Come
(People Want God's Best for These Endtimes and Eternity; We must Tell Them What It Is.)

We do not want our people, after going through the Calamity and now under world government coming to us and saying why did you not tell us the Calamity and Tribulation were coming, so we could have prepared and become more mature in Christ-likeness - why did you not tell us?

ENDTIMES DELAY: The endtimes will come because they are biblically prophesied. **They cannot be stopped from coming.** The "only way" they can be delayed is by the majority of our American churches having a massive revival, returning to much greater obedience. Then God may act to slow things down. But needed sufficient revival is very unlikely to occur because of the great falling away and our church leaders are no longer enduring sound doctrine and lack discernment.

REACHING THE CHILDREN: We must evangelize and mature the children in the community "with great urgency and thoroughness." Evangelism in the Tribulation will not be allowed by law. **(If our children could come to us after their death, we do not want them coming to us saying why did you not evangelize and mature us before the Tribulation started so we could be saved to go to heaven and reach maximum maturity to know and relate to our perfect God? Why did you not evangelize and train us?)** We should know that 85% of the people saved are saved in the age range 4-14 and that many of our well-known adult Christian leaders were saved as children. **We must have an "urgent and priority ministry" now to reach the children. If we do not, Satan will train the children to become his world. (People, as grown ups, do what they were trained as children.)**

MATURITY IN CHRIST: There are several doctrines that signal the maturity (mature skill level of walking with God) we have in Christ-likeness at death, we can (will very likely) have forever. The main reason we are now here is to gain this maturity (learning to walk as Christ walks) so that we in eternity can relate to and know our infinite God in His depth and breadth. The whole Bible leads to this understanding, even though there is no direct teaching as to whether or not our maturity is fixed forever at our death. God commands us to pursue maturity. Apart from this as an outcome, eternally (in addition to having eternal life salvation) there is nothing. **We must be trained to live as Christ lives, with activated living faith, and sacrificial love. As we walk by faith, trusting God to fulfill His promises, we live without sin and gain revelation of the Scriptures. As we walk by love, keeping God's commandments, we live holy and righteous lives and get to know God. All direction in life must come from God the Father through Christ - no exceptions.** In eternity (and now), God will direct every thought and action we will ever have. We will obey Him, because we love Him. This makes Him God all in all. It appears that the degree He can lead us can very well depend upon the high-skill degree of our maturity. As stated, God commands us now to pursue this maturity. There is no Scripture that teaches our maturity can or will increase in heaven. **Thus, churches must act to mature their people, including their youth, as God commands at high priority.** They then can stand strong before God without falling away under the coming most severe persecution. (See our website report: *Keys to Becoming Mature in Christ-likeness In Godly Relationship Living.*)

However, "most" churches today, in order to reach the modern youth, teach mainly or only the basic Bible fundamentals (if that) and use evil rock type structured music to draw the youth. It is the music structure and the effects it brings that makes its evil. **This action represents a major falling**

(People Want God's Best for These Endtimes and Eternity; We must Tell Them What It Is.)

away from God and His ways. They do not train with God's Whole Counsel. As an analogy, to get a college degree, there are a series of courses to take. We are only training with but few of the courses needed to gain maximum maturity in Christ. Churches do not have a maximum (complete) whole Counsel of God. Churches generally no longer use expository preaching. **And we teach what to do without also teaching how to do things with examples and personal testimony for how to live out the principles. We must teach how to live out the principles and how we lived them out to train.** The literature informs us that the structure of rock music (loud dominate syncopated repetitive beat music) came from Voodooism and used to call up evil spirits and demons. This brings worship to Satan. (See the references regarding rock music at the end of this report.) **(Because of the seriousness of the situation, leadership should do their own personal research on the evilness and effects of using loud dominate syncopated repetitive beat rock music. Only then, may they believe its use is evil. Leadership needs "much" prayer here.)** One cannot become maximumly mature in Christ sitting under such music because it energizes the body much-much more than the soul and the spirit, and it desensitizes us to the Holy Spirit's leading. The Bible teaches that when filled with the Holy Spirit, we are to sing melody unto our Lord from our hearts. Most church people appear unaware of these conditions (teaching mainly only Bible fundamentals using and rock music) that keeps (impedes) them from maturing in Christ toward the maximum and knowing that they need to become mature in Christ. Most of our church people most probably do not know they are to become mature in Christ for the need in eternity. In this situation, church leadership is bringing maximum eternal harm to their people, especially to the youth. **We need to understand, that our people can be very faithful to Christ without being mature at the maximum skill levels. Thus, we must be sure to train our faithful people.**

If our people and youth (could) discover the situation, we do not want them coming to us and saying why did you not tell us, so we could have avoided rock music and studied and trained to become mature - why did you not tell us? Why did you not provide the training and hymn singing from our hearts to the Lord to allow us to become mature? Why did you not do this? Youth who want to go all the way with God want to hear and will accept the truth, even if major and difficult changes are needed. "We must tell them."

Such a situation has irresponsible leadership when they do not inform their people of the need to become mature for the need in eternity and also the bad effects when they use (sit under) rock-type music. Although (but not desired) they could use rock music and limited training to draw the youth into the church and then inform them of the situation and provide the needed more in depth training and hymn type worship services. (Although I much prefer (as the Bible teaches) to draw the youth with Scripture as God works it in them and draws them to Himself.) **As a result of current conditions, our churches are being transformed to become an immature church with a loss of biblical intellect and with a low plateau of Bible knowledge. This is satanic strategy for the endtimes so people will not know what is happening when they come and will fall away from the faith under persecution.** (What mainly is missing is Christian-Life Relationship Principles.) Almost no one today, especially our youth, knows endtimes prophecy and Christian-Life Relationship Principles in any detail. When the endtimes happen, they, especially our youth, will not know what and why things are happening and what the future will bring.

LEADERS: What will you now do? Leadership must now train their people with a sense of great urgency: (1) with endtimes prophecy and how its events will unfold; (2) with what will happen to them when the Calamity and Tribulation come; (3) to put in several months of supplies and prepare their families; (3) to greatly evangelize and disciple (mature) the children in the community (e.g. work with CEF in after-school Bible clubs); (4) no longer sit under (listening to) rock music; and (5) to understand the need to be maximum maturity at death for the sake of eternity and provide the necessary training to help them and ourselves become more mature. **They must act to train and inform their people to avoid the situation of their people saying to them why did you not tell and warn us so we could prepare and train? Why did you not tell us? Leaders should (could) have two training and preparation plans. One for accomplishing all in six months, and another plan for what they would do additionally afterwards, if they were get an additional year after the 6 months training.** (See our website report: *The Endtimes Are Soon Coming. State of the Union Message: Special Love Letter-report to Our Church Elders; Important and Urgent Changes to Make.*)

REFERENCES TO THE EVILS OF USING ROCK MUSIC AND WHAT IS GOOD MUSIC: If one reads the following: (1) Lucarini, Dan: *Why I Left the Contemporary Christian Music Movement*; (2) Wheaton, Dr. Jack: *Crisis in Christian Music*; and (3) Garlock and Woetzel (Drs'): *Music in the Balance*, one would never use contemporary loud repetitive syncopated rock beat music ever again in the church. They would go to good hymns. *This last reference teaches that good music has the melody dominate, the harmony next, and the rhythm under control. The melody reaches the spirit, the harmony reaches the soul, and the rhythm reaches the body. This is why people who sit under rock music go to body actions rather than worship God using the hymns from their spirits and souls, falling on their faces before God.*

Quote from *Crisis in Christian Music* page 166 by Dr. Wheaton: *"Music is a bridge between heaven and earth. It is also a bridge between earth and hell. Just be careful which bridge you take, or lead others on."* References from the Internet: (1) *Is There a Connection Between the Rock Music and Voodoo or African Music*; (2) *Rock and Roll*; (3) *Rock Music: Good or Evil?*; (4) *Christian Rock Music*; and (5) *Christian Rock, Blessing or Blasphemy?* From *Rock and Roll* report by Bill Fortenberry: Robert Palmer, contributing editor of *Rolling Stone Magazine* and chief advisor of the "History of Rock 'n' Role" broadcast, openly admits that the rhythm patterns of rock and roll are derived from the rhythmic patterns of the voodoo religion. He stated that *"the idea that certain rhythmic patterns or sequences serve as conduits for spiritual energies, linking individual human consciousness with the gods, is basic to traditional African religions .. the fundamental riffs, licks, bass figures, and drum rhythms that make rock and roll can ultimately be traced back to African music of a primarily spiritual or ritual nature in a sense, rock and roll is a kind of voodoo."* The second evidence that the choice of rock music has been the music choice of many satanic cults. Little Richard: *"My belief about rock and roll is this, I believe this kind of music is demonic A lot of beats in music today are taken from voodoo. He was directed by another power, the power of darkness, the power of the Devil, Satan.* He states, *"you cannot drink out of the Lord's cup and the devil's cup at the same time."* The report states that this type of music has many deleterious effects on humans such as brain damage, memory, and attention problems.

AWESOME SINGING (TRUE WORSHIP, BEING FILLED WITH THE HOLY SPIRIT, SINGING MELODY FROM YOUR HEART UNTO THE LORD): *I attended an international conference where there were 1100 people from 87 different nations attending. ALL the people were in the ministry, ALL the people were Christians and "highly committed" to Christ, and ALL the people had led tens of kids to Christ. When they sang: To God be the Glory, it was absolutely awesome. They were singing from their hearts, souls, and spirits unto the God in great worship they love and serve. The tears ran down my face. Such great worship is not possible under rock music. They*

had this great and wonderful worship because God had used them greatly in the ministry. They saw His greatness at work when He brought salvation to people, especially the children.
