DESIGNATED AUDIENCE: All Church and family heads who have responsibility over and to train others, all Church people, and those who want to go all the way with Christ, having God's best.

SUBJECT: URGENT ALERT. The current severe financial crisis and other key signs now signal most strongly that Revelation's Tribulation's coming can be imminent, even this September-October. You are urged to warn, brief, prepare, and train your people. Please read this summary report prayerfully and with serious comprehension. Understand thoroughly, that the Rapture will come Post-Tribulation (it will be explained why).

This report gives the reader a summary with a major emphasis for how Revelation's endtimes can (will) soon unfold. Do not be misled to believe that the current seemingly good conditions will continue indefinitely or that you will miss the Tribulation. To do so, as being presented, are major mistakes. (In any case, believing in a Pre-Tribulation one must hedge about being wrong and understand what is being presented and do all that is recommended.)

CHRIST'S RETURN AND THE TRIBULATION COMING: *Christ will return in the future after the Endtimes Tribulation at the Feast of Trumpets.* The Endtimes Tribulation, being a non-fractional number of years can begin at some Feast of Trumpets. **THIS YEAR (2008) THE FEAST OF TRUMPETS IS SEPTEMBER 29 AND 30 WITH TEN DAYS OF REPENTANCE FOLLOWING.** Thus, a most strong candidate time for the calamity coming (that will bring the Tribulation) can (may) be in just a few days.

Our church people need to be briefed, warned, and trained (I am willing to help) before the Tribulation as possible and/or shortly after the Tribulation begins. Train your people, especially the children and youth, to walk by strong faith standing strong on the basic Bible doctrines so they will not fall away when the persecution comes. Churches and families need to put in (procure) needed provisions that can last a period of weeks without needing to go to the market place. *Failure to do this (especially for provisions and other needs; including water), our people will be caught blind sided when the Tribulation comes and is lived out. We must not let this happen.* All must have jobs. The Tribulation will come some time, and then, without warning apart from the signs. *Because the time to the Tribulation now can be short, we need to do the above as soon as we can, even in the first part of the Tribulation to the degree that we can. Place all church people into small home groups for mutual support. Church buildings will be closed.*

The endtimes unfold in a special sequence which is described later. One must know this sequence to know what is happening and why.

PRELIMINARY DISCUSSION: We are not sure of all the details, but signs (presented later), now

Summary: Urgent Alert; the Endtimes Tribulation's Coming Appears Imminent, On our Doorstep

all around us, signal most loudly that the Endtimes (Revelation's) Tribulation can come any time. Discussion above show it could come this year (late September and early October on the Jewish Feast of Trumpets and Repentance Period). **However, only God knows the timing.** Whether or not it will come this year, we do not know, but we are warning that it could. If not this year, then soon, or in the next few years. This report is written from the perspective it very likely will come this year. But we are not making predictions. **It may come next year or in the next few years. The situation needed to bring the Tribulation could still take a year or more. But we must be ready whenever it comes. But under no conditions continue business as usual. Israel did this, and they were caught unprepared and blind sided. Implement the recommended actions presented in this report and be prepared for whenever the Tribulation will come.**

We fully realize that believers have different views for when the Rapture of the Church will occur such as with respect to the Endtimes Tribulation. However, our reports listed later, show "conclusively" that the Rapture will come at Christ's Second Coming after the Endtimes Tribulation and that there is an Endtimes Tribulation. They show that a Pre-Tribulation Rapture is not possible and will not happen. Once one understands the spiritual warfare and God's basis for ending history, this conclusion will be most clear.

We show later how we can tell when we are in the Endtimes Tribulation and what we should "urgently" do when the calamity and Tribulation signs occur.

WATCHMAN WARNING SIGNS: God is now most seriously warning that judgment on the United States is imminent. Signs that signal the Endtimes Tribulation is coming soon include the current extreme violent storms, the pending **extreme** crashing of our (and the world's) economy, same sex marriages and abortion to eliminate the birth of the elect, thousands of our churches are falling away, we are no longer enduring sound doctrine, we cannot tell the difference between the holy and the profane (loud Rock repetitive beat music and speaking in false tongues are profane - rock music came from voodooism and was used to call up demons and evil spirits), and we are dumbing down our training, particularly to our youth. We are generating the immature church with a loss of biblical intellect and with a low plateau of biblical knowledge. We are no longer enduring sound doctrine. Many of our youth are leaving the Church after they leave high school. Only a few people now know endtimes prophecy today (not much prophecy has been taught for some time) . As time progresses, few will know the Bible in any depth. Our world is being changed. This is satanic strategy. When the Endtimes Tribulation comes, few will know what is happening.

Russia and China have major militaries. Russia has war ships in our area and China has military bases in southern Mexico. Using Mexican trucks, she could bring atomic weapons unnoticed into the United States There are plans to unite the United States, Mexico, and Canada into one nation and have a new currency and Constitution.

(David Wilkerson in his book: *America's Last Call*, 1998 (*America is on the brink of a financial holocaust*) states: (1) *The flash point for the judgment of God comes at the very hour a militant homosexual spirit rises up and attacks what is divine and holy;* and (2) *the Bible warns that when God pours out His judgment on nations, He begins by crippling the economy.*)

God's judgment can only be postponed if we have a "major revival" amongst our churches. Reform can slow things down, but, by itself, it does not and cannot work to change matters. Only with true revival amongst His people will God heal the nation. But, generally, because of their current doctrinal (including miss) understanding and present (including wrong) practices, such a

Summary: Urgent Alert; the Endtimes Tribulation's Coming Appears Imminent, On our Doorstep

revival is most unlikely. But you and I can have revival. Regardless of the past, let's make the future the best we can have (Philippines 3:13). But this requires us to be outcome oriented. Thus, we should work to evangelize our complete local areas (particularly the children), not just do some evangelism. (We must remember that 85% of those who come to Christ do so in the ages of 4-14. If we are to change our nation, we must begin with the children.) We should work to mature our people in Christ at the maximum skill levels and not just work for spiritual growth. We must choose music that brings true worship to God and not that which gives us an experience.

2 Chronicles 7:14 - and My people who are called by My name humble themselves and pray, and seek My face and turn from their wicked ways, then I will hear from heaven, will forgive their sin, and will heal their land. (Notice the Scripture says my (God's) people, not the nation's people who are not believers.)

We will do the best if we search all the Scripture for **ALL** that God wants us to do and to the degree by which He wants it done and do so with urgency, expediency, and excellence - and do nothing else. But how many churches will do this or are doing this? Do they know how? Do you have a written document where anyone can come and read all of what God wants done? Does any church? (Of course we can update our document when we gain more understanding.) This is the major problem - churches are doing more of what they think, not what God thinks, is best. They are working many things together for good, instead of only trusting God to do so. Churches very often are doing many-many good things on a scale of 0-4, but are lacking on a scale of 8-10. What keeps them from 8-10, is that they do not appreciate God's extreme Greatness and know their **TOTAL** job under the Lord. They are not attempting to evangelize complete local areas, are not adequately reaching out to evangelize and train children, and are not adequately maturing their people. They are teaching mainly only first level and leaving out God's Whole Counsel. The apostle Paul said that He was not guilty of the people's blood because He taught them the whole counsel (purpose) of God. ***The main cause of our churches falling away is the falling away of her leadership. They no longer endure sound doctrine and cannot tell the difference between the holy and the profane. Because of their poor doctrinal condition, leaders do not always know they are doing wrong. In their hearts, they want to do right.*** If church leadership knew doctrine and did some research, they would never use rock type loud beat music in the church.

BACKGROUND UNDERSTANDING: To better understand how the endtimes come, one needs to understand the strategies in the spiritual warfare between Christ and Satan and the special sequence for how God terminates history using the Tribulation. (This sequence is presented in the next section.) Christ's job is to bring all of God's elect to believe the Gospel and to accomplish God's chosen work. Satan, on the other hand, works to prevent some of these. Thus, when you see things happening, remember these strategies. (For example, Satan works for same sex marriages and for abortion so that the elect may not be born. He also works in the churches to fall away and to sin so that God will allow Him to bring the Endtimes Tribulation where He has more power to act and rule. For example, great sins of the Church today are to use the devil's loud repetitive beat rock music and to join secularism (worldly things) with biblical things - bringing the world into the church. Other sins include not maturing one's people and not evangelizing complete local areas. Others are requiring one to be water baptized and/or to join a church in order to be saved. Some teach wrongly that one can lose their salvation (once truly having it) with sin. Many churches do not have adequate doctrinal discernment and statements (do not know sufficient Christian beliefs) and do not preach the true Gospel. Many churches may look good, but do not have Christian leaders (they are not saved). (See my report: *God's Plan Over History for Man to Become Mature in Christ Needed to Eternally Know and Relate to Our Perfect God in His Greatness* for a more detailed understanding of this spiritual warfare and how the endtimes unfold with a Tribulation and Post-Tribulation Rapture. ***For example, the Rapture cannot occur until Christ is declared the winner***

Summary: Urgent Alert; the Endtimes Tribulation's Coming Appears Imminent, On our Doorstep

of the spiritual warfare which declared at the seventh trumpet after the Endtimes Tribulation. This also is described later.)

THE SPECIAL SEQUENCE FOR HOW THE ENDTIMES UNFOLD: God has established a special endtimes pattern sequence with a most favored nation by which He plans to terminate history. This sequence is now operational after the forming of the United States. (He used a similar sequence to judge and terminate Israel - as of the Cross.) We call this a pattern sequence because the events of Revelation unfold in a similar sequence as to what happened to Old Testament Israel (e.g. Leviticus 26 and Deuteronomy 28 with the prophets). This endtimes pattern sequence is developed from the Scriptures "in detail" in my book: *Watchman Warning* in the chapter: *The Sequence of Revelation*. This chapter is on my website.

(Understanding this pattern sequence shows how the United States is found indirectly in the Bible, in prophecy, and in Revelation - her general characteristics match those of Israel. It gives us keen insight for how Revelation's events unfold.)

The general sequence of the endtimes on God's favored nation (now the United States - was Israel) is that He brings great blessing in her general obedience (God has blessed the United States more than any nation in history by orders, orders, orders, orders of magnitude (more than Israel and England) showing she is a most favored nation), ***God brings warning with increased disobedience (which is happening now)***. With greatly increased disobedience, He places her under divine discipline for a time period under the rule of a world government beginning with a most terrible calamity. ***In these endtimes the discipline period is the Endtimes Tribulation with world government. This period beginning with calamity is now imminent. (For Israel (the Southern Kingdom), for example, the discipline period was for seventy years under the rule of Babylon)***. He delivers His people to Himself ***after*** the discipline period. (It should be observed that God's wrath the Church will miss occurs in the time of Revelation's seven bowls which occur during Christ's Coming and after the Rapture and after the Tribulation.)

In these endtimes, this deliverance will be "***after***" the Endtimes Disciplinary Tribulation by the Rapture to Christ at His Second Coming ***after*** the heavenly court shows (declares) that Christ has won the spiritual warfare over Satan at the seventh trumpet. Then He destroys the world empire (now all unbelievers remaining). At this time, after the Mark-of-the-Beast Period, all people who are to live will have made formal and binding decisions to receive or deny the Gospel. The Rapture cannot occur until after all people who are to live, have lived and have made these formal decisions. (E.g. The wheat (believers) cannot be separated from the tares (unbelievers) (in Rapture) until ***after*** the tares are bundled for the fire (in the Tribulation as they take the Mark of the Beast)). ***There is much more.***

(I have web site reports that show "conclusively" there is an Endtimes Tribulation and that the Rapture can only come Post Tribulational at the marriage of the Lamb at Christ's Second Coming. See the report: *The Pattern View of Prophecy - The Many Doctrines of Prophecy Show Clearly the Rapture Will Come Post-Tribulational and the 1000 Years During Christ's Second Coming*. Many-many Bible doctrines teach and show that a Pre-Trib Rapture cannot and will not happen. I have a report on my web site that shows the many-many interpretive errors upon which this wrong view is based: *Summary Report: Interpretation Errors That Wrongly Help Establish the Pre-Tribulation Rapture View - Interpretation Errors Showing The Pre-Tribulation Rapture View Is Incorrect And Is Not Taught in Scripture*).

Summary: Urgent Alert; the Endtimes Tribulation's Coming Appears Imminent, On our Doorstep

People generally are not knowledgeable of the details concerning Bible prophecy for they will not take time to read more than a paragraph and the churches seldom teach it. The situation is multi-faceted, many doctrines are involved, and it takes time to learn. You can learn much of the Bible's overall big picture by reading my report on God's Plan for History including the spiritual warfare and the basis for how God terminates history and brings the Rapture: *God's Plan Over History for Man to Become Mature in Christ Needed to Eternally Know and Relate to Our Perfect God in His Greatness. This report is must reading by every Christian to know of God's plan for us to gain maturity in Christ, how and why the endtimes unfold, and the basis for how God brings the Rapture and terminates history.* I have many other reports on my web site such as on prophecy and how our churches are falling away.)

POTENTIAL ENDTIMES SCENARIO FOR HOW THINGS WILL HAPPEN: We know from the pattern sequence that a world government (with its nations) will attack the favored nation and put her and the world's nations under world government for divine discipline. This happens when God's people fall sufficiently away which is happening in our churches today. (The falling away of the Church, particularly in America, is responsible for the Tribulation coming - thus she will go through it.) We know from Revelation 6:8 that war will come with the sword, famine, disease, and even attacks by wild beasts. These give us a biblical overview and overlay for the secular events. The signs are also given that precede the calamity. They were previously presented.

With this overlay, we can add what we learn from current events that fit under the overlay. This is now presented. Because these are current events, we might not be right on how they will be used. Many are taken from the Old Testament in Israel's pattern sequence. We do know that evil people under Satan have been planning world government for many years, and they are behind what can be happening. And remember, Satan and his people do not care about us. They just want to establish world government over which they (and Satan) will rule. Satan, as stated, wants a form of world government (mark-of-the-beast system) that will help prevent the elect from believing and accomplishing God's chosen work. The latter must happen if he is to win the warfare (but which will not happen). Satan wants to rule the world and he can forever if some of the elect do not believe or do not accomplish some of God's chosen work.

The following is a most likely scenario (but may not be correct in every aspect) for how the calamity and world government very likely will come (the Endtimes Tribulation): (See our report: *The Endtimes Scenario for How Revelation's Events Unfold The Pattern View of Prophecy* for many details.)

Knowing what follows, one can know they are in the Endtimes Tribulation when these things happen - learn the details.

The Calamity: The United States and Israel will most likely bomb Iran. We will no longer buy oil from the Arab nations - now very likely mainly only from Russia. The Muslim nations will go partly bankrupt. These combination of events will cause a most major war in the middle east with Russian and China participating, against the Muslim nations. Remember, Russia, China, Germany, and others nations, representing world government, will rule the world government. In the Tribulation, the Muslim nations do not play any prominent role - their present power will be taken away, and they will be warred against and ruled by the world government. Satan has been using the increasing and expanding power of Islam as a means to bring a major world war to establish world government. He is also using Islam so millions of people will not find Christ and His Gospel.

As this is happening, Russia, China, Germany, and others will very likely atomically blow up and

Summary: Urgent Alert; the Endtimes Tribulation's Coming Appears Imminent, On our Doorstep

plague several American cities, according to the pattern sequence and at least Revelation 6:8. (These countries may not be necessarily against America, but are using this tact to help bring world government over which they will rule. Satan and his people want this and this is the tact of world government.) This, with the severe financial crisis in America, will cause the stock market to crash and the infrastructure to fail (before, during, and/or after the attack.) Goods will stop getting to the market place. Those who do not have stored food, can be in a state of famine. The then president will declare Marshall law. Our present Constitution and government will go away. He then will place us under the military rule of world government. ***In all of this, they will most likely preserve the functions of America and preserve areas were military weapons and special satellites are being manufactured.***

Under World Government (the first part of the Tribulation): As the calamity and Tribulation continue, the following most likely will happen some time in the first few months or years after the Tribulation begins (this is happening because the American church with her leadership has fallen away and things will increasingly happen as the church continues to increasingly fall away):

(There are several parts of the Tribulation in Revelation with the final leading to the Mark-of-the-Beast system. These details will not be discussed here. See *Watchman Warning*.)

- * There will come power black outs in parts of the nation. (This one item will come during the calamity or soon afterward.) Military will come and arrest several million church pastors and leaders and patriot leaders. They will take them to a place of execution. Then much of the church and patriots will drift without leaders. Leaders should look now for places of refuge and go there - particularly when the black outs come. (Church leaders can be the first to be executed because they are mainly responsible for the Church falling away and bringing the Tribulation.)
- * As time progresses, they will establish a world religion (mother and child worship system?). They will make war with Christians and patriots. They will bring them persecution, incarceration, and martyrdom. (The concept is to prevent the elect from believing and accomplishing God's work.) This is why they will push same sex marriages and abortion. Then the elect may not be born.
- * The government will educate the children and the youth without the parents being able to do anything about it. They will be indoctrinated into world religion without Bibles (no longer printed) and Christ and into the concept of world government. This happened to the children of Israel. They plan to build a world without Christ, salvation, and maturity in Christ, but with a religion that looks correct that will deceive even the elect. (We must train our children now while we still can. But what are we doing - what must we do now to help prevent this happening?)
- * They, in time, will confiscate all property (real estate) and force people to rent. We are going into socialism where everyone will need jobs - everyone will have to work. They will make war against all who do not fit into world religion and government such as Africa, and those who do not work such as the retired, and the disabled. Anyone who has independent assets to live without working most likely will be warred against. ***(Also, the great bail out of the United States financial crisis is to print more money. This, in time, will cause a major and great inflation. Thus, we are headed toward an inflationary depression. We will have money, but it will buy, but little. This will cause thousands to lose their jobs, when insufficient goods are being purchased. This will cause the situation to worsen. (Again, realize that Satan does not care anything about us as believers and the world.)***
- * There will come a new world government organization under military rule for how the nations relate. There will be a new economic system(s) and new currencies.

Summary: Urgent Alert; the Endtimes Tribulation's Coming Appears Imminent, On our Doorstep

With the stock market crash and property confiscation, the government will have taken away most of the savings particularly of the middle class. We will be left with the rich who are the rulers and the poor, who are the ruled. The poor will have but few assets by which to do God's major will. Everyone will need jobs. So do not give up your job now to retire. All missionaries should seek to have jobs NOW because their financial support most likely will cease or greatly decrease.

WHAT TO DO NOW AND IN THE ENDTIMES TRIBULATION AS LONG AS CONDITIONS ALLOW: *Place all your church people immediately into small home groups for mutual support and Bible training before the government closes the church building doors. Train your children and youth now while you still can to walk by strong faith and to stand strong in Christ under difficult conditions. Later your children and youth will be taken from you.* Put in major supplies for a few months before the Tribulation begins or shortly (immediately) after it begins. Purchase now all the Bibles and Christian materials you will need for the next few years. With raids on supplies and with the infrastructure down, in time there will be few goods in the market place. Thoroughly understand this.

Read and do, **with urgency**, what is written in my two newsletter reports: (1) *Summary: Approach Needed to Becoming Mature in Christ-likeness in Relationship Living* (September 7, 2008; 7 pages); **and most urgently** (2) *How To Know When We Are in the Endtimes Tribulation (What We Should Do Now Before and Later During the Tribulation)* (August 8, 2008; 10 pages). The second report covers similar material to this report, but in "much more detail," especially how to prepare and train your churches and families and what happens in the Tribulation. You will be greatly blest if you will read these reports. But time can be short, read them now and carry out the presented recommendations. ***Do this now with urgency.***

REMEMBER: From the eternal perspective, the only thing that really matters is that each of us gain a mature maximum high-skill spiritual ability in Christ-likeness walking as He walked in relationship living to the Father. This is so, that in eternity, we have the spiritual ability to know and relate to God in His depth breadth. Apart from this relationship, in the eternal perspective, there is nothing. However, regardless of the degree of our maturity, we need to believe that Christ died for our sins so we can go to heaven. Of course it is better to be in heaven with little maturity than not to be there. And with whatever maturity we have, we will live a perfect life with God with Him directing all things. ***But having greater skill with maturity, we can most likely know more of God and be used in greater ways of God according to His infinite Greatness. And as stated above, apart from this, there is nothing.***

THE MAIN JOB OF THE CHURCH: It must be remembered that the main job of the church is to mature her people to walk as Christ walks (dead to self) living out what Christ is working in us, being outcome oriented, not mainly work for spiritual growth, being mainly procedurally oriented. Of course, we need to do both.

For this to best take place, one should learn from the Bible all the characteristics of being mature in Christ (being outcome oriented) and God's methods for getting there (being procedurally oriented). These should be written on paper (computer), and taught to all church and family leadership and then to the entire church and families. Again, we can update as we learn more and we can help each other. God uses us as a team with a variety of gifts (abilities).
