**THE BIBLICAL BIG PICTURE
WATCHMAN WARNING AND ALERT!**
“Urgently Train” to Become Maximally Mature
in Christ-likeness for Eternity and
“Expediently” Prepare To Go Through the
Soon-Coming Endtimes Tribulation

John M. Stephenson
408-376-0368; May 14, 2012

**PART FIVE
RECOMMENDATIONS, AS A WATCHMAN WARNING,
FOR WHAT OUR CHURCHES MUST “URGENTLY” DO NOW
AS THE ENDTIMES ARE UNFOLDING**

(Act “urgently,” based on the signs. We may only have only a few months, one year, or a few years left. Time will tell.) (These recommendations actually should be carried out in all time periods. Thus, even if the endtimes are delayed, they are very needful and required things always to do. But if the endtimes come soon and we are not prepared?)

**RECOMMENDATIONS TO ALL CHURCH AND FAMILY HEADS
“TO BE CARRIED OUT IMMEDIATELY”**

RECOMMENDATIONS: Warn your church people and families that they will soon go into the endtimes Tribulation beginning with a most terrible Calamity that will come without warning like a sudden earthquake, apart from the signs. Help prepare them. “Immediately,” work to lead your people to believe the Gospel and train all your church people and families to become maximally mature in Christ-likeness and work to prepare them to enter the coming Calamity and Tribulation. Have them memorize the promises and learn to walk by mature strong faith. Train them with endtimes prophecy and what will happen (and to them) when the endtimes come. Go “all out” to evangelize the children and others out in the community. Put in provisions for at least 3-6 months or longer (e.g. food, water, gasoline, and lighting. Store some gasoline and try to keep your car gas tanks about 3/4 full (if one has two cars, one can store gasoline in the tank of one car, particularly if it has a large tank). Place your people into underground home churches with those who live near each other. Have them put in some supplies. Inform your people off line of the dangers of loud rock beat music and encourage them to go into the hymn services. Have Sunday Schools that do not use loud rock beat music.

BENEFITS: Your people (and yourselves - me) will have a much greater walk with God in eternity and God will use them (us) now greatly in ministry. We will be more prepared for what is coming and will stand strong under the coming persecution, and by doing so, we will gain a much greater maturity. **We will have a closer walk with God when our Bibles are taken from us when in the Tribulation. Then we can have a greater maturity in Christ-likeness to relate maximally to our perfect God when entering eternity.**

COST: You will need to train your people “immediately” with an adequate version of God’s Whole Counsel (purpose), with a priority topic sequence, to walk with God by

strong faith, becoming maximumly mature, and have them put in provisions, including some gasoline, to get through the coming most terrible times. Prepare them for extended electric power black outs.. You must go all out to evangelize the children out in the community as well as in your own families and churches. We must memorize much Scripture we want, in the endtimes Tribulation, to remember and obey and especially God's promises, for a close walk with God. (We should be sure to hide Bibles.) You will work to know the commandments. You will need to pull the young people out one by one from the rock music church services (and Sunday schools that use the music) into the hymn services. (See my web site documents: You can train your Church people and families with our ppt web site charts: *Christian-Life Relationship Principles* found under Training and have them read: (1) *Keys to Becoming Mature in Christ-likeness In Godly Relationship Living*; and (2) *Summary Document: Signs, Characteristics, Beliefs, and Practices of Being or Becoming Highly Mature in Christ-likeness*.)

PENALTIES: (Apart from a close relationship with our perfect God to have a perfect life in eternity, there is nothing.) Not doing the recommendations you and your people: (1) will have a lessor eternal walk with God and not get to know and relate to Him more in His Greatness through all eternity - forever and ever. (Unless God has a plan we cannot know now to bring us to greater maturity. But we cannot count on this. Most likely, with less maturity, it will take much longer to know more of God in eternity). We are here now to gain this maturity.; (2) will be caught blind sided and unprepared when the Calamity comes without food, water, lighting, general supplies, etc.; (3) will (can) fall away from active faith during the coming persecution. Without being in "nearby underground" small groups for mutual help (such as with provisions, Bible study, fellowship, and worship), people will more greatly be damaged with many falling away; and (4) **the children may not be saved in the coming endtimes because forgets the children when under divine discipline resulting in the government in the Tribulation will control the education of the children. (And the Tribulation will truncate their lives by the terrible conditions, persecution, martyrdom, and time length being alive (few believers are alive when Christ comes to rapture the Church).)**

PLEASE NOTE: if we wait to train until we gain precise information as to when the Tribulation will come before we act, we will have wasted our training time, and we will be caught blind sided. Exact information will never come in advance. We must act now on the many signs that are here now and are becoming acute. Act now, do not delay. We may get more years, but the Tribulation can come any time without warning, apart from the signs. Again, only God knows the time. (We should act, train, and prepare as if we only had one year or less left, say from April 15, 2012, or only a few years. Thus, we need to train with the priority items first (including walking by strong faith) and then with the rest, if we have more time. But do it now.)

COMMENT: Based on the current falling away of our churches, few churches will most likely implement such recommendations. But you, your family, and your church can.

DISCUSSION REGARDING RECOMMENDATIONS FOR WHAT MUST BE IMMEDIATELY DONE

(1) Our Church leaders should now educate (warn-alert) their Church people, teaching them endtimes prophecy and what they can expect to happen and experience in the soon coming

endtimes, and help them urgently prepare for going through the soon coming endtimes Calamity and Tribulation. (They must know there will be long-term power black outs when stores very likely will be closed or will be open, having greatly insufficient (greatly reduced) supplies. One will not be able to pump gasoline.) Church leaders should at least prepare them by training them to live by very strong faith (then they can gain more maturity in the Tribulation and not fall away) and to put in provisions for at least 3-6 months or more without needing to go the grid for food, water, gasoline, lighting etc. **People (all of us) should now get or have jobs that are needed both in good and very bad times (the endtimes Tribulation.; (However, in my view, based on Bible prophecy, very likely most churches not now enduring sound doctrine, unfortunately, are not expected to do much of anything. They will be caught blind sided, unprepared, and very likely will not know what is happening when the Calamity and Tribulation come. Most attenders will fall away under the coming persecution. You must not let this happen to your church people and personal families.)**

(2) The coming of inflation and financial chaos will seriously effect the funding to missionaries and pastors supported by churches. **They “now” need to gain additional sources of funds, even getting jobs that are good in good and very bad times. Otherwise, their ministries can cease or be greatly limited and their families will suffer (like being homeless).**

(3) They, as presented many times, should “immediately” go all out to evangelize and disciple the children out in the community, and their own, with urgency such as working with CEF (Child Evangelism Fellowship) to establish tens after-school clubs and tens of summer 5-day clubs. They should have their many workers take all of CEF’s training. **They must “urgently” work to evangelize and work to mature their own children, including for how to walk by very strong faith before the Calamity comes. These are because, as the Calamity, the fixed-short duration Tribulation, the serious disease, and the martyrdom come, the children will not have (live) a normal lifetime span. Many will never get married or go to college. We must evangelize and train our children and youth “now with extreme urgency” before the Tribulation comes, “while we still can.;**”

(4) They should work, going all out, to maximally mature their people (including the children and youth) in Christ-likeness with urgency so they can have a maximum relationship with God in eternity (apart from this, as stated, that in my understanding, there is nothing) (They, standing strong without falling away, can gain more maturity in the Tribulation.);

(5) They should work with individuals in the rock music church services and Sunday schools on the side to inform them of the evils of using rock music and draw them into the hymn services. Churches, in the hymn services, will need to go to expository peaching in depth-breadth, going verse by verse, with much application, testimony, and on-the-job training. This can be done in part by using seminars and special teaching sessions that include on-the-job actions. The mature and dedicated Christians want this. (To the degree that we can, we should lead (get) all our people, including our children and youth, away from experiencing loud rock type music. It is demonic. Our people need to know that by staying regularly in the rock music services (including in the Sunday Schools, etc.), it is very likely this will prevent (or greatly deter) them from becoming maximally mature in Christ-likeness for eternity. There will be some worship of Satan unknowingly. The problem we have is that our children and youth are growing up with rock music. And most will not come to church unless we use it and also only then if we use only fundamental teachings (no in depth or expository teaching). (Thus, we have a most

difficult situation to work with. We can have here a catch 22.)

(6) Churches should now place their people now into small “underground home” churches (with people who live near each other) having many provisions (including food, supplements, and extra gasoline - including those such as Colloidal Silver that ward off killer disease,). This is so they can support one another and act independently when the Calamity and Tribulation come, closing our church doors and clamping down on our country. Then they can still have some worship, training, and ministry, as long as allowed. (When the financial crash comes, most people will no longer be able to financially support the Church or even have the gasoline to drive to church. Thus, the Church will have to close its doors. The government will act to do this also. Many small churches today, because of the lack of finances, have had to close their doors. They could no longer pay their monthly payments for loans on the buildings. As the future unfolds, this will happen to many or even most churches.)

(7) Planning and organizing to carry out (do) all the recommendations, it can be best to establish a competent committee as a leadership working group in each church or group of churches. The group can get the trainees, do needed training, get support people, and implement schedules. Without such a group or its equivalent, the recommendations may never be adequately or at all accomplished in the needed time period. (We used such a group in engineering that I was part of that accomplished great results.)

(8) WARNING! We must be sure all our family and church members are saved before the Tribulation begins for two reasons. One is that the coming conditions will be most difficult to share the Gospel. The other is that I cannot find anywhere in the Bible that anyone is saved in the Tribulation period of divine discipline, even though many saved people enter and are in the Tribulation.
