WATCHMAN WARNING!

(The Big Picture of What Is Now Happening.)
“Urgently” prepare your family and church to become maximally mature in Christ-likeness for eternity and for “very soon” going through the endtimes Tribulation. Signs now loudly signal it can come “any time.”
“America cannot be turned around.”

PART ONE: CONCEPTS

KEY BACKGROUND

We are presenting the many aspects that we need to grasp, know, and integrate in order to appreciate and understand the big picture of what is and will be soon happening. We must appreciate God's infinite Greatness such that we search the Scriptures for all He wants us to become and live out to get there. “We need to do the preceding now to insure we are becoming high-skill maximumly mature in Christ-likeness needed for when we enter eternity.” **We are purposely here now to gain this maturity.** In our perspective, as derived in detail later, the main reason our churches do not greatly mature their people in Christ-likeness is that they, not realizing what God wants us to become, are not eternity (outcome) oriented. They do not see that the key thing important is that we have a maximum relationship with God in eternity for which a maximum maturity is needed. So they work for spiritual growth, but do not have a curriculum to maximumly mature their people. This is a most terrible mistake from an eternity perspective.

In order to understand how the endtimes come, we must see that God has chosen the United States as His endtimes most favored nation to be used in a special sequence (like He chose Israel in O.T. times) by which He is now terminating history. (The sequence is how we discover (find) the United States indirectly in, and thus known to be in, endtimes Bible Prophecy.)

Because of this favored nation relationship, the falling away of our U.S. churches is most largely responsible for the endtimes coming and as a method to bring the endtimes Tribulation

1. MY BACKGROUND: I am a satellite system engineer with an advanced degree and a long term Bible teacher. I have taught Christian Life Relationship Principles over the years. With this system engineering approach, God has led me to study and specialize in Bible Prophecy, God's Plan for History, and Christian Life Relationship Principles in detail over the years and integrate their teachings. I have shared the Gospel with many people over the years using my booklet: *God is Reaching Out to You*. With this Bible and my system engineering training, under God's leading, I have put together today's big picture, integrating the various aspects, taking many-many inputs from others. I have my own web site now. **I have many documents on my web site: biblicalworldviewministries.com presenting the needed (most know) doctrines (teachings with Scriptural derivation) for living the Christian life, God's Plan, and how the endtimes unfold.** My books and documents are available free. My objective is that we all have a maximum walk with God.

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

as divine discipline on our churches followed by Christ's Second Coming. (The relationship details, with reasons why, are discussed later.)

Signs now in the U.S., according to the sequence, signal most loudly that Revelation's endtimes can come very soon at any time.●³ Many-many people now sense that God's judgment is coming soon, bringing very difficult times. These signs, described later, include massive inflation, extreme weather, increase in sex sins, the coming of world government, and our churches falling away by no longer enduring sound doctrine (famine of God's Word). Many churches now can no longer determine the difference between the holy and the profane. **We are no longer in cyclic history, but instead in the sequence that God is using to terminate history.** One main purpose for why we are here (presented periodically) is to gain the needed maximum high-skill maturity in Christ-likeness in the midst of spiritual warfare so we can know and relate to God toward His maximum throughout eternity. Our U.S. churches in this endtimes sequence, as shared several times, teaching mainly the basics, are being (have been) transformed (have fallen away) to become an immature church with a loss of biblical intellect and with but a low plateau of Bible knowledge. Fewer and fewer, especially our young people, now know the Bible in any depth-breadth, even though they may be involved in one or more great ministries. **We are now headed into the times of the darkest period in history where almost no one (especially our younger people and young married) will know God's Word in any depth, and where those who do, will be warred against. This is satanic strategy. Will not God severely judge our American church leaders and pastors??** ●⁴

Because this document presents what is now happening, what will happen, the causes of why things are happening, and what we as families and churches must "now" urgently do, **please read the entire document, including especially the appendices and footnotes. There are "many" aspects and doctrines to know and integrate to gain the overall understanding of what is now happening and will happen. It takes time! There are doctrines that signal that our maturity most likely will not increase in heaven.**●⁵ We are now here on earth to

3. ENDTIMES SEQUENCE: One must know the endtimes sequence in order to best know and recognize the signs that signal the soon coming endtimes and the overview for how the endtimes will come. See Appendix One for its description. The sequence is developed in detail from the Scriptures in Chapter Five of my book: *Watchman Warning*. The chapter is on my web site.

4. CORRECTNESS AND STATISTICS: We may not be correct on all things about what will be soon coming. We present what we see happening according the endtimes sequence, including from the internet and from books. We do not have detailed statistics. But if you will pursue becoming maximumly mature in Christ, prepare to walk by very strong faith, and put in some provisions to get through the soon-coming most difficult times, you will be ready for whenever and however the endtimes come. But not to do these things????

5. OUR MATURITY MOST LIKELY WILL NOT INCREASE IN HEAVEN: We are now commanded to pursue maturity (Hebrews 6:1). The development environment of the world, flesh, and the devil along with our sin natures will not be in heaven. We will not sin in heaven - make spiritual mistakes - breaking spiritual laws. If we do not now pursue becoming maximumly mature, we can be making a most terrible eternal mistake. This can (may) limit the way and degree (amount) God will deal with us and the degree we can know and relate to God forever and ever. He wants to deal with us in a maximum way. We should greatly want this. **Thus, a great** (continued...)

become Christians and, as a main purpose, to gain this maturity so we can know and relate to God toward His maximum throughout eternity - forever and ever.

MUST KNOW KEY ASPECTS

Our churches must be trained to gain maximum maturity in Christ-likeness (not just trained with the fundamentals for mainly some Christian growth).●⁶ They must now work with excellence before God to be an example church. We need desperately example churches now for others to follow. This maturity is needed in order to have God's very best for entering eternity and to be greatly prepared for going through the very soon coming endtimes Tribulation. When the Calamity and Tribulation come, the America we love will be taken away (destroyed), never to return. Our freedoms and free enterprise, we love, will be taken away and will be gone forever. There will be great (severe) persecution. **Get (Be) Ready. Make needed obedient changes NOW. Make a list of needed activities and immediately begin to live them out. When in the Tribulation, we will be under socialistic world government that will attempt to control all things. The government will make war against all Christians and those (others) who oppose its direction and purposes.**

As presented, we need to know that the endtimes unfold in a similar sequence that happened to O.T. Israel.●⁷ (See Appendix One for more description.) Things are now happening according to this sequence, being used to terminate history. Knowing this sequence allows us to know the signs that signal when the Tribulation will be coming. This sequence in summary is as follows. (1) contains a God chosen most favored nation to be greatly blessed by Him (was Israel and now is the U.S.) in her general obedience; (2) warning of soon-coming judgment that comes with great disobedience of her people in the favored nation (now happening in our churches and country); (3) invasion by world government with increased disobedience taking her under the rule of world government for divine discipline (the endtimes Tribulation in these endtimes); (4) return of God's people to God (the Rapture of the Church (all believers) now after the Tribulational disciplinary period); and (5) then destruction of the world government and all unbelievers. **Knowing and understanding this sequence, we can know positively the Rapture comes "after" the endtimes Tribulation, and there definitely is an endtimes Tribulation.** Thus, in our perspective, the doctrines presented (See Appendix Three and the referenced documents in Appendix

5(...continued)

main reason we are on the earth is to gain this needed high-skill spiritual maturity.

6. MUST MATURE OUR PEOPLE WITH A VERSION OF GOD'S WHOLE COUNSEL (NOW LONGER USE ONLY THE FUNDAMENTALS THAT MANY OF OUR CHURCHES ARE DOING): *Hebrews 6:1 Therefore leaving the elementary teaching about the Christ, let us press on to maturity, not laying again a foundation of repentance from dead works and of faith toward God;; Acts 20:26-27 "Therefore, I testify to you this day that I am innocent of the blood of all men."For I did not shrink from declaring to you the whole purpose of God.; Colossians 1:28 We proclaim Him, admonishing every man and teaching every man with all wisdom, so that we may present every man complete in Christ.*

7. ENDTIMES SEQUENCE: This endtimes sequence is presented in more detail later and is developed in detail from the Scriptures in Chapter Five of *Watchman Warning*. This chapter is on our web site. Its description is also in many of my web site documents including the referenced ones in Appendix Seven.

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

Seven) teach a Post-Tribulational Rapture and totally refute a Pre-Tribulational Rapture view.

The “only thing” that, according to the endtimes special sequence, can turn things around (bring our America back) and once again have the U.S. as a great nation under God and to have general peace in the world, is to have the majority of our U.S. churches have massive revival, returning to God in great obedience, before the Tribulation comes. (This U.S. church falling away has allowed Satan to cause the rest of the nation and world to go bad - thus being major responsible (a major cause) for the endtimes Tribulation coming.) Because of what Bible prophecy teaches, this return of America will not happen (except possibly in pockets). But you and I with our family, friends, and church “must” turn around as needed.

What is presented are my biblical views, including Bible Prophecy and the Christian walk. They are founded on God’s calling and having read tens of books re Bible Prophecy and many - many books re the Christian life. (There are over 6 different views of endtimes Bible prophecy.) My gift is to take many teachings from many sources such as books, people, and most particularly from many Bible verses, and integrate them into the overall biblical view. This is why I read the works of many others. **I realize we do not all believe the same regarding the sequence of endtimes Bible prophecy. But if you will investigate the doctrines presented, you will become or remain a Post-Tribulationalist and have the desire to urgently mature and prepare your loved ones for what is coming. Key needed topics are shared later.** I share this Rapture view, not to put anyone down who believe differently, but so readers will be careful to read the doctrines presented that teach the Post-Tribulational Rapture understanding and view such that they will act immediately to warn, alert, and prepare their people for going through the soon-coming endtimes. (We do not want our loved ones and ourselves to be caught blind sided and unprepared.) It is so they will act to mature their people in Christ-likeness and train with endtimes Bible prophecy.●⁸ This is so they will not be caught unaware and blind-sided. **In any case, we must prepare our people anyway as a hedge in case we are wrong. We must not let our churches and loved ones under any conditions be caught unaware and blind sided when the Calamity and Tribulation suddenly, without warning, come. We must now urgently warn, alert, and prepare them.**

We must know and greatly appreciate that all of life now and in eternity comes from our infinite and most perfect always existing God. He is in charge of everything, both now and in all eternity. We are: (1) to become a Christian in order to go to heaven; (2) to become a mature person in Christ-likeness, walking close in His ways to fellowship with and know Him in His Greatness; and (3) to learn to actually live only by His ways, as now presented in a good “accurately translated” Bible (No paraphrases.). In my perspective, (by what I observe to the degree I can - I do not have statistics), what our churches appear to be doing and not doing is that they do not see the requirement to maximumly mature their people and/or to warn, alert, and prepare them for going into the soon-

8. **TEACH ENDTIMES BIBLE PROPHECY:** Many churches have not taught Bible prophecy for many years. Some may have never taught it, or know any of its details. (It is a complex subject.).

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

coming Calamity and Tribulation. They do not know or recognize the signs. Thus, they act wrongly as if the present good times will continue long term. These grieve me.

The problem we have today is that we do not adequately appreciate God's Greatness⁹ such that we trust Him alone to direct our paths and have Him work all things together for our present and eternal good. Having these problems, we do not search all the Scriptures for all that God wants us to become and for all the steps that we are to live out experientially to get there.¹⁰ We want to add our own and the world's ways, thus, working things together for good ourselves. Thus, we work for Christian growth, but not to gain maximum maturity. Church leaders and teachers, especially, not working to find and live out the needed topics, can have sin that results in bad conditions that are now happening in our churches, country, and world. Does your church have or know the curriculum (Biblical topics) needed to maximumly mature her people in Christ-likeness? Has she recorded it? (A beginning list of minium set of topics is presented in Appendix Four. A beginning set of characteristics of a mature person is found in our reference document: *Summary Document: Signs, Characteristics, Beliefs, and Practices of Being or Becoming Highly Mature in Christ-likeness*. You may want to read this document for personal use, reenforcement, and for giving us your thoughts for things we have missed.)

We have fallen away from God's best. If we are to have God's best and great lives, we must return to Him in great obedience and have Him direct everything in our lives. (Hopefully, many of our churches are doing it. But are they???) We must not now mainly work for Christian growth as many of our churches are doing now. We instead must train and live out a complete curriculum, His whole counsel, to gain a maximum maturity in Christ-likeness (Christ is our most perfect role model) so we can know and relate to God toward His maximum now and especially throughout eternity. This means we must know what the needed

9. DISCUSSION RE GOD'S GREATNESS: Most churches today do not appear to appreciate God's infinite Greatness demonstrated by what they leave out of their ministries and by their not being eternity (outcome) oriented so they do not train their people to become "maximumly mature" in Christ-likeness. (Do they know how with a sufficient recorded curriculum with the needed steps, topics, and doctrines? Do they have a sufficient experiential walk as Christ walks?) They do train for some Christian growth and are doing some good things. But, they appear to have lost their excellence before the Lord, to no longer seeking His best and "all" His requirements with a sense of excellence. They instead are very often numbers oriented to gain the youth so they wrongly use mostly limited teaching and the world's (the devil's) loud rock beat type structured music to draw the youth. As a result, our churches are being (have been) transformed to become immature churches with a loss of biblical intellect with few knowing the Bible in any depth-breadth. (Many churches have been transformed and greatly changed from what they were in late 1980's. What has greatly changed our churches is their acceptance and use of the devil's loud rock beat structured music (an unrecognized major sin.) This is great compromise, and can be a catch 22. If we do not use this wrong approach, most of today's youth most likely will not attend church. And even so, as being presented, many who attend, leave the church when going to college. We are in the endtimes!!!

Churches can use programs designed to reach the youth. But they also must have advanced training to mature their people towards the maximum, including training them for doing ministry and in preparation for going through the soon-coming endtimes. Without maturing their people, their people will not be able to interface with God toward His maximum. This is most terrible from an eternity perspective.

10. GREATNESS OF GOD: I present the Greatness of God in my web site document: *The Attributes of God*.

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

description is. By what our churches are doing now, we must act (may have) to learn what it is. To find out, as presented, we must search the Bible for all He intends we become and for all the steps to live out to get there and do nothing else. We must know and appreciate that the endtimes are coming because of our failure (refusal) to live sufficiently by His ways. Because most of us and our churches will not change what they (we) are doing, God is bringing (and allowing) steps to bring the endtimes world government that leads to the termination of history.

Please understand that apart from becoming maximumly mature in Christ-likeness and living out God's ways in excellence so we can know and relate to Him toward His maximum both now and all throughout eternity, "there is nothing." We must train our own people to become maximumly mature in Christ-likeness in priority over reaching new people. If we do not take care of our own, we can be worse than unbelievers (infidels).●¹¹ We need to do both. (But observation indicates this is not what many churches are now doing. They are training with mostly the fundamentals to bring in the youth, and/or to have a weekly low level sermon. Thus, they, over time, are establishing a church that knows but little of the Bible, even with having some good ministries. This implements satanic strategy that is needed for when world government comes.)

WHAT IS NOW HAPPENING?

(Current events placed under the overlay of Endtimes Bible Prophecy.)

THE SITUATION: Current conditions as signs now signal most loudly that God's endtimes Tribulation judgment is at our doors (with only God knowing the exact timing). The secular news now report that: **(1)** War can be imminent in the Middle East; **(2)** Islam is making great strides now in the world including in the United States;●¹² **(3)** The U.S. budget is beyond repair with extreme debt, and failure can be imminent, bringing an inflationary depression; **(4)** There is discussion about replacing the U.S. dollar as the world currency that would bring great inflation in the U.S. (this is an endtimes phenomenon); **(5)** Our young people are now growing up wearing the most casual clothes (young ladies giving much exposure) using the devil's loud rock beat structured music, including now in our churches (great sin).●¹³

11. MUST TRAIN OUR OWN AT HIGH PRIORITY: *1 Timothy 5:8 But if anyone does not provide for his own, and especially for those of his household, he has denied the faith and is worse than an unbeliever.*

12. PURPOSE OF THE ADVANCE OF ISLAM: The advance of Islam is most likely being used by Satan to hasten the coming endtimes war and calamity when Russia and China must hurry to make war and put Islam down so they, not Islam, can rule the world with world government.

13. WHAT OTHERS SAY: Gordon Sears was right when he said: *"When the standard of music is lowered, then the standard of dress is also lowered. When the standard of dress is lowered, then the standard of conduct is also lowered. When the standard of conduct is lowered, then the sense of value in God's truth is lowered."* **Someone said:** *"Contemporary Christian Worship music is spreading across all denominational lines, and when it enters a church it brings more than a change in music. It brings a worldly philosophy of Christianity and a gradual lowering of all standards of morality and doctrine."* **This is what is happening now as our**

This loud and beat structure was used in Voodooism to call up evil spirits and demons (this situation is not generally recognized by our churches - church and family heads need to do the needed research●¹⁴ that shows this); Live experiments show that loud music draws the rough necks and soft music drives them away;(6) Many of our young people are wrongly living together in fornication and adultery. **Many of them are now leaving our churches, particularly when they go to college;**●¹⁵ (7) There is a great increase in sodomy and abortion (keep the elect from being born and accomplishing God's work); (8) Where there are no doubt exceptions, our churches, as being shared, are falling away (being transformed) from God's best and requirements to become an immature church with a loss of biblical intellect and with a low plateau of biblical knowledge. (Our churches are not training with sufficient living-life and Christian Faith doctrines and walking by the needed faith to sufficiently know God's requirements and how and what to train to gain maximum maturity.) (There is much famine of God's Word now coming on our earth, particularly now in our younger people - this is helping to transform our churches and bring the endtimes, when but very few (then and now) will know

13(...continued)

churches are being transformed.

14. **LEADERS MUST RESEARCH THE SOURCE OF ROCK TYPE LOUD MUSIC:** If leaders will research the source and use of rock music, they would never by choice ever use it in our churches. There is an idiom: Do not **think what you want to think** that rock music is of God for our churches until you do research and **know** it was used in Voodooism to call up evil spirits and demons. Thus, it is not of God.

15. **WHY MANY OF OUR YOUTH ARE NOW LEAVING OUR CHURCHES AND NO LONGER FOLLOWING CHRIST, PARTICULARLY WHEN THEY GO TO COLLEGE** (Parents and Church leaders are the central problem.)**REFERENCE: ALREADY GONE; Why your kids will quite church and what you can do about it** written by Ken Ham and Britt Beemer with Todd Hillard. **You may want to read this book.**

Here are key reasons why many of our young people are leaving our churches: (1) They receive little spiritual life, ministry, and Bible training at home and parents do not show sufficient testimony and the importance of the Christian life and being in ministry - they let their youth grow up making their own decisions without giving them the needed spiritual life biblical training; (2) Churches just have a routine of a weekly sermon and Sunday School and have much of the world that give little relevance to life; (3) Our Sunday Schools are teaching mostly first level, insufficient of the Christian life; (4) Our youth are not involved in ministry where they can experience God using them; (5) **Our youth do not realize the Greatness of God and that He is in charge of both life now and eternity (Heaven and Lake of Fire) and is the only One that can bring a righteous and purposeful life - we must do things His way or pay the consequences;** (6) The worldly influence of their friends and colleges and that they want to run their own lives (this was the great sin of Satan); (7) Church leaders do not live out what they preach; (8) Church and ministry are boring, they have no purpose; (9) They do not realize God's Greatness and that they are here to gain maximum maturity in Christ for the sake of eternity; and (10) There are many religious books, why is the Bible the only correct one. Being under loud rock beat music desensitizes them to the leading of the Holy Spirit. **One big reason our youth are leaving our churches is that they are teaching at the lowest common denominator. There is very little growth. So why attend?** Perhaps another of the biggest reason is that the youth do not see sufficient testimony in their parents, and church leaders and church attendees. So why come to church? Why live out a Christian life that is not real, and a life that has no great importance or purpose - a life that is not going anywhere? **Churches and parents do not demonstrate, teach, or train the maximum Christian life!!!!!!!** Why worship a God that people do not appear to greatly appreciate demonstrated by their teaching, lives, ministries, and choice of music.

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

the Bible in any depth-breadth.); and **(9)** we are now having “extreme” weather in the US, including heavy rain, flooding, earthquakes, fire storms, and tornadoes. People behind the scenes are working (have been working for some time) together to help bring world government that the Bible teaches will exist in the endtimes (allowed as our churches fall sufficiently away), such as especially later in the final Mark-of-the-Beast Period.

In summary, our American churches are falling away from God's best and requirements in great compromise by: **(1)** Now teaching mostly (only) first level Bible teaching (their problem is what they are leaving out of their teaching - no longer teaching God's Whole Counsel);^{●16} **(2)** Using the world's (devil's) rock structured music; instead of, as the Bible teaches, singing the hymns and similar music with “dominate melody” unto the Lord from the heart; (Who are (might be) we actually worshiping when we use rock music?);^{●17 ●18 ●19} **(3)** Using the world's

Music in the Balance* (Pages 57, 63) teaches that good music has the melody dominate, the harmony next, and the rhythm under control. (This agrees with the Bible.) The melody reaches the spirit, the harmony reaches the soul, and the rhythm reaches the body. (Therefore the melody must be dominate as the Bible teaches.) 18. QUOTE FROM CRISIS IN CHRISTIAN MUSIC BY DR. JACK WHEATON (Showing where rock music comes from, and how and why it has been used.) (Page 107): *Most cults that use repetitious music reinforce and intensify the experience with accompanying drum patterns. Whether these be the conga drums of Cuba, the tabla drums of India, or the drum set of the rock drummer, all syncopated, repetitious rhythms in church music are suspect, particularly when accompanied by drums. No one knows exactly why demons can be summoned up by certain drum patterns, but there is a mountain of field research, including film and video that proves this is the case. Once again, that is why in Christ's Church must be alert to the types of rhythm used in worship services.*

19. REASONS FOR WHY ROCK MUSIC IN OUR CHURCHES IS WRONG AND SHOULD NEVER BE USED (It is sin and false worship.): People, like myself, do not attend contemporary church services with loud rock repetitive type beat music for at least seven reasons - **(1)** They do not like the music; **(2)** They believe the structure of the music is not of God, being developed from the satanic cults; **(3)** They believe it, with our “purposely worn casual dress,” deters our worship of God (dishonors God) and our growing in maturity and misleads our youth; **(4)** It denies and disobeys the Bible teaching that one sings melody from the heart when filled with the Holy Spirit; **(5)** Using the rock music brings disunity into the Church which disobeys God and tends to cause a loss of fellowship; **(6)** Using it, this (our) music, in my view, because it is not found in the Bible and for the bad effects it brings, we cannot bring glory (or worship) to God when we use it. This is because, it came from Satan and not from God as a source; and **(7)** It causes a desensitization to the leading of the Holy Spirit: so it greatly lessens our singing melody to the Lord; greatly lessens our understanding of Scripture; and greatly lessens our commitment to attend special church meetings and be in ministry, especially in the evenings. It helps to cause our young people to leave the church when going to college. What spirit are we following when we use loud rock beat structured music and/or are we, ourselves, just trying to work all things together for (continued...)

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

symbols on church signs and in bulletins; and (4) Doing little to “maximumly” evangelize the children out in the community. They now work mostly within their own church property boundaries and from their own directed ministries - not greatly working with extra church organizations such as CEF.●²⁰ **The churches are doing some good things. We all see this. The greater issue is what they are not and should be doing and teaching (training) to have great obedience (with great ministry) to the Lord. (Fortunately, there are exceptions.●²¹) As a result, as being presented, large numbers of our church youth are growing up with but little knowledge of the Bible leading to few in time knowing but little of God’s Word.●²²** This is a reason the world government (Satan’s strategy), as being presented, will make major war against the older people who know more of the Bible. (In such conditions of disobedience, God brings (or allows) a famine of His Word that is beginning to greatly happen now. This reduces the number of those in the ministry, those greatly mature in Christ, and few will know what is happening and will happen when the endtimes come. This will lead to a great falling away from the faith when the endtimes persecution comes. Thus, we are heading into times where but very-very few will know God’s Word in much depth-breadth. This can only be Satanic strategy for the endtimes.)

Because of what is and will be soon occurring, taking away our country and bringing martyrdom and the termination of history, our young people, including those now graduating from high school and our young married, will not have a normal life and/or life span such as we older people have had. Their life experiences will be different and their lives will be truncated by the endtimes conditions, world government, and the truncation of

19(...continued)

good? Remember, God will only lead us (particularly in our spiritual relationships), and we can only know things spiritually happening are from God if they are in the Bible directly or in biblical application. Rock music is not in the Bible. Rhythm, without dominate loudness, in the music is okay and desirable for it brings life and fun to the music, but the melody must remain dominate. This rock music separates the older more mature people to the hymn service (obeying Scripture) and the younger and less mature people to the contemporary service (not obeying God for His music to use). Is this disunity of God? Many who become mature under hymns and then go under rock music may remain mature. But this is not the case for the youth who begin under rock music. There may be some exceptions.

20. REFORMED THEOLOGY CHURCHES: These churches believe that Christ will save the chosen elect regardless of what they do in evangelism. As a result, they often may do (wrongly in our understanding) but little evangelism out in the community, including of the children. I have witnessed some of this. **To me, this can be satanic strategy so the elect might not be saved.**

21. MANY EXCEPTIONS: However, thankfully, we have exceptions of young people who have great commitment to the Lord. Many go the contemporary services. They may know varying amounts of the Bible. Many may know little beyond salvation and the fundamentals of the faith. Those with great commitment include those working in Vacation Bible School (VBS) in the summer and taking the CEF Christian Youth in Action (CYIA) training and have worked in summer 5-day clubs, growing in Christ and leading children to believe the Gospel. **I have learned of many youth who take the CYIA training that have great ministries in the 5-day clubs for example. These young people have great commitment to Christ, particularly after God has used them to lead a child to Christ. They most likely will not fall away. But never the less, we should train these to live by very strong faith in greater preparation for the most difficult times ahead.**

22. WHAT OUR YOUTH KNOW: We can investigate what topics our youth know and do not know.

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

history. **This will be most unfortunately also true especially for our younger children.** Our youth in this now time period will not gain the needed maturity in Christ-likeness needed in eternity to have a maximum walk with God and to get to know Him in His depth-breadth, unless we urgently help them now. We must now: **(1)** urgently inform them of the current circumstances; and **(2)** train them to become mature in Christ, especially training them to walk by very strong faith. We, as a minimum, must be sure we and our church and family people are Christians and are gaining maximum high-skill maturity in Christ-likeness. **We must do this training “before” the endtimes come. Thus, we must act now “with urgency” for the time remaining with freedom appears to be most short indeed. However, by having proper and needed training now, we can gain more maturity in the endtimes Tribulation under its difficulties and persecution.**

WHAT WE MUST URGENTLY DO NOW, BASED ON ETERNITY AND THE SOON-COMING ENDTIMES!

**Ministries, Training, and Tasks That Need “Now” to Be “Urgently” Carried Out
For Maturing Our People and/or for Their Reenforcement Throughout Our Lifetimes.**

- 1. Go All Out To Train Our People (especially our children and youth) to Become Maximumly Mature in Christ-likeness using at least the minimum set of topics presented in Appendix Four.** Many ppt charts are on my Web Site. See our reference document: *Keys to Becoming Mature in Christ-likeness In Godly Relationship Living* for needed topics by which to train. Church and families should know and live out the principles and train their people to live them out.) When we train, we should teach what to do, how to do it, examples for how we do it, testimony of how the teacher and others did it (live out the principles), and then place our trainees into various ways of on-the-job training. One does not become mature until the trainee lives out the training - not just know the concepts. (This is why CEF CYIA training is very good.) **We must especially train to have an experiential very mature and strong faith-walk to trust God to fulfill His promises to us. This will help mature us in Christ-likeness, and keep us from falling away under the coming intense persecution, including martyrdom.**
- 2. Go All Out To Evangelize and Disciple the Children (and Adults) Out in the Community with High Priority and “with Urgency.”** (One can work especially with Child Evangelism Fellowship (CEF) for worker training and to establish after School and summer 5-Day Bible Clubs.) (CEF world-wide led over 5.6 million children to Christ in the past 12 months.) (Our children will be controlled by the world government when the endtimes come, preventing their evangelization and their learning the Bible. **We must reach them now while we still can.**)
- 3. Urgently Train Our People with Bible Prophecy - Alerting, Warning, and Preparing Them Urgently for Going Through the Soon-Coming Endtimes Tribulation That Will Start Very Soon with a Most Terrible and Devastating Calamity.** Many churches, as being presented, do not know Bible prophecy and have not taught endtimes Bible prophecy for many years including what happens in the Tribulation. (And much of what is being taught such as a Pre-tribulation Rapture is “greatly” in error and which can greatly mis-lead people.) Our church people generally do not know endtimes Bible prophecy and how it unfolds. So when the endtimes come, they will not know what is happening and why. And they (as presented), not

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

being warned, alerted, trained, and prepared “will be caught blind sided” when the endtimes come like a sudden earthquake. Many or most, not being greatly mature in Christ-likeness, will all fall away under the coming extreme persecution and martyrdom. **We must “now” put in living-life supplies to last about 3 or many more months (longer time would be better, even without dependence on the grid) without needing to go to the grid for anything including for electricity,●²³ and gasoline.●²⁴●²⁵**

4. We should now place our church and family people “who live near each other” into secret small home churches (to become the underground church) where they can support each other in the coming endtimes, and continue the ministry, Bible training, and worship when our church doors are closed by the government. (Christian and missionary workers should now get jobs and/or other additional means of support for when their current income support will cease or greatly decrease as the Calamity and Tribulation come. We can train the locals to help take over.)

5. Teach Basic Bible Doctrines of the Christian faith, endtimes prophecy, and the Greatness of God (His attributes). Church people need to know the Christian faith doctrines with their details. Our churches are falling away because they do not know God’s Greatness, that He is in charge, and are not eternity oriented so as to greatly mature their people to have a maximum walk with God in eternity. Those who believe and greatly appreciate God’s infinite Greatness will have more incentive to obey God, become mature in Christ, be involved in ministry, and be prepared for the soon-coming endtimes.

6. Do what we can to pull people, particularly the youth, to the degree we can, out of the rock music contemporary church services using special teaching into the hymn services so they can become more mature in Christ and can give God greater worship in spirit and in truth. In the traditional hymn services, we need to go to in-depth expository verse by verse teaching with much application and testimony to both draw our youth and to more greatly mature our people. (The situation we have is that our young people want to jump and move around in their worship rather than stand singing the hymns in melody from their hearts.)

BIBLE DESIGNATED MUSIC: NEW TESTAMENT: The music of the Bible is to sing the hymns and spiritual songs from the heart in melody to the Lord: (1) *Ephesians 5:18-19:*

23. ELECTRICAL POWER: During the coming Calamity and for a period afterwards, we can expect massive electrical power (and gas) outages (blackouts) so no one will know what is happening and give opposition.

24. COMMUNICATIONS: Without electricity as the Calamity comes, our telephones (including cell phones), TV, internet, and radios will not function. We will not know what is happening, and we will not be able to contact our families and friends. (Do the telephone companies have backup power systems?) One can use amateur ham radio with stored (including solar) power to contact family and friends. This means “all” must use amateur ham radio. We should maintain our car gas tanks between half and full so we will have sufficient gasoline when the endtimes come. Of course, we can also store some. It is most easy to store it in our car gas tanks.

25. GASOLINE: With high inflation and the shortage of gasoline coming, people who drive long distances to work may have great difficulties. These people may have to move closer to their jobs or find jobs closer to them.

Some of the greatest worship, using the hymns, I have ever experienced was at an international CEF conference.●²⁷

Consequences and Penalties for Not Carrying Out the Above Ministries: Our Perception (numbers matching those above): **(1)** Our people will very likely not know and relate to God as much in eternity (forever and ever) as they otherwise could, and church leaders (we) will now be disobeying God for not maturing their (our) people; **(2)** Many of our children will not become believers and in time our Church attendance and ministries will greatly decrease. The government will control the children under world government not letting them near Bibles. (However, the children who die not having reached the age of God accountability, God will most likely save and give some minimal amount of maturity.); **(3)** Our people (particularly our youth and children) will be caught blind sided and unprepared for when the Calamity and endtimes Tribulation suddenly come. They will not know what is happening when they come - they will not have the needs of life by which to live throughout the coming Calamity - many will die; They will massively fall away under the coming severe persecution; **(4)** our church people will be scattered without mutual help and the ministry can suffer; **(Without jobs, when the**

26. WE MUST SING MELODY FROM THE HEART TO GLORIFY GOD: Our Lord said that He glorified His Father when He accomplished all the work the Father gave Him to do (John 17:4). Thus, we can only glorify God in music that comes from the Father (now from the Bible) as a source. This means we are to sing hymns in melody from our hearts unto the Lord as the Bible teaches. There is no rock loud beat structured music in the Bible. If it is not in the Bible, it cannot glorify God. God does not accept glory from us from us as a source, such as when we do things our way or when we use the world's music (John 5:41). A friend of the world is not a friend of God (James 4:4). There are many instruments (drums are not listed) in the Bible to make music, but no rock music, particularly in the New Testament in the Church period. Using instruments today, including drums, are okay maintaining the melody dominate. Rhythm brings fun and life to the music.

27. GREAT WORSHIP: I attended a CEF international conference a few year ago in NC where there were 1100 people from 87 different nations attending. "ALL" the people were in the ministry, "ALL" the people were Christians and "highly committed" to Christ with great love for God, and "ALL" the people had led tens of kids to Christ. When they together sang the great hymn: *To God be the Glory*, it was absolutely awesome. They were singing in spirit and in truth with melody from their hearts, souls, and spirits unto the God they love and serve. They remembered His Greatness at work when He worked through them as He brought salvation to people, especially to the children. **This is true and great worship of God.**

Calamity comes with the Tribulation, our ministries can greatly decrease and many will be without the needs of life - this can be especially true for other's supported ministries such as for pastors, Christian workers, and missionaries. Christian workers, as introduced, "should get jobs NOW" and/or additional alternative support if they want their ministries to continue when the endtimes come.); (5) people will not know Bible doctrine, the Greatness of God, or endtimes prophecy; they will, as presented, not know what is happening when the endtimes come; and (6) Those in the contemporary music services will be disobeying God, not singing melody to the Lord, not be greatly glorifying God, and will not gain maximum maturity - many will not be in ministry or take advanced training. (There can be exceptions with many of our people.) Overall, as presented, we are heading into the darkest period in all of history where very few will know or can teach much of God's Word (Satanic strategy). And Church leadership and pastors will be greatly responsible and can be facing serious judgment.

I ask many of our young people from time to time several fundamental questions, and they stumble to answer any of them. These questions include how do we walk by faith, why are we on the earth, how do we walk by love, what is redemption, how do the endtimes unfold, why (how) do we have eternal security in Christ, and what did the Cross accomplish to bring us salvation? Very few may have led anyone to believe the Gospel to become a Christian unless they have worked with CEF and/or VBS. Of course, there can be (are) exceptions. Our young people generally are growing up with but little knowledge of the Bible including how to become mature and accomplish ministry. (Those studying on their own will know much more.)

SUMMARY OF TODAY'S BIG PICTURE

The conditions now in the United States and the world signal most loudly that the coming of God's endtimes judgment (Revelation's events) can be most imminent. We will go under world government with socialism for divine discipline, losing our great nation (discussed in detail later) having the most difficult of times, including great persecution. Great persecution will come for Christians and those actively opposed to world government, its religion and/or its purposes. **As being presented, according to God's Plan for the endtimes sequence, the falling away of large numbers of our U.S. churches from God's best and requirements (in the now endtimes sequence) is the primary cause that allows the many things going wrong in the world that are now helping to bring world government.**

Many Bible interpreters believe and teach "wrongly" that the Church will be raptured before the endtimes Tribulation comes (or that there is no endtimes Tribulation). There are many doctrines, having read many-many prophecy books of all the major views, that "unambiguously" refute these views and teach "unambiguously" that the Rapture comes after the endtimes Tribulation at the single Second Coming of Christ, and there will be an endtimes Tribulation. Many of these correct doctrines (as I see them) are summarized in Appendix Three, discussed in my web site documents, and developed in detail in Chapter four of my book: *Watchman Warning*, available free from my web site.

The Bible presents the overlay for what will happen (in these coming endtimes) and current events (with the Bible's teachings), placed under the biblical overlay, show what the details will

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

(can) be. The timing, only known by God, can only be determined (estimated) (by us humans) by knowing and observing the signs (See Appendix Two) in the Bible that signal when Revelation's endtimes special sequence will come with the endtimes Calamity and Tribulation and eventually the Rapture. **(The Bible teaches declaratively that no human can know the time of Christ's Second Coming. (Mark 13:26-33; Revelation 3:3) But we can know the approximate timing of the coming Tribulation by recognizing the warning signs.) Most churches and families, demonstrated by what they now are and are not doing (e.g. not warning and getting prepared), very likely do not know or recognize the signs. Without thinking to look ahead and observe the trends that will seriously effect them, they act as the present good times will continue indefinitely. Many churches, as stated, very likely have not taught Bible prophecy in depth from their pulpits for many years. We will never get "exact" data for when the endtimes will come, and what precisely happens when they do come. We have to walk by faith to act on the signs, and the understanding of the endtimes sequence. We should now prepare even if we are a few years early. But to be one second too late!!!! Those who wait for "precise information to know the "precise" timing (living by sight)," that will never come, before they act, will be caught blind sided and unprepared. This most likely will be the case for most churches and families. Do not let this happen to you, your church and family.**

THE SPIRITUAL WARFARE

There is great spiritual warfare between Christ and Satan. We must understand the spiritual warfare, in concert with the endtimes sequence, with its strategies and happenings, to know what and why things are happening. In the warfare, Christ is to bring the elect to believe and to accomplish God's work. Satan works to prevent both. If he can, he will not have to go the Lake of Fire, and he can rule over all angels and people forever. However, Christ will win the warfare. (God is using the spiritual warfare for our testing and maturing environment and as a means to terminate history.) ("Must read" footnote●²⁸ for the needed background for knowing and

28. **THE SPIRITUAL WARFARE:** Before people came on the earth, God placed the names of all the elect (those who will choose to receive Christ as Savior) in one book. He placed all the names of all who would live in the Book of Life. If a person formally denies the Gospel in life or by death, their names are erased from the Book of Life. He placed the works the elect will do in another book. He records all the works that everyone actually do in the Book of Works. At the end of history, God judges all of us according to our works, including lack of them. To win the warfare, Satan must prevent at least one of the elect from believing and/or prevent at least one of the works of the elect from being accomplished. Thus, his strategies are to dumb down the churches in their teaching and training, have them use rock music, get the youth involved in immorality, and have the churches do little to (not) evangelize the children and the youth. He uses sodomy and abortion so the elect will not be born and have the sin give him more power. After the Tribulation, the books will be opened and will show that Christ has won the warfare. All the elect did actually believe and did actually accomplish all of God's work. Thus, the heavenly court, now having determined that Christ has won the warfare according to the spiritual warfare rules, God then through Christ now acts to rapture the Church and to terminate history. He casts Satan with his angels into the Lake of Fire. The works indicate the type and amount of rewards for
(continued...)

understanding the spiritual warfare.) There is much background re the spiritual warfare in my referenced documents. Satan works to have sodomy and abortion so the elect will not be born. He gets the churches to dumb down their teaching, use loud rock music, and not greatly evangelize the children to reduce the evangelic ministry - transform the churches so few will know the Bible in any depth (this is happening now and will result in many falling away under the coming persecution) and much fewer will be saved in the endtimes Tribulation. As is allowed by God, he works to bring world government over which he will rule. **The Rapture, as presented, cannot occur until after all the people who are to live, have lived, and have made formal and binding decisions in life or by death to accept or deny the Gospel. (The wheat cannot be separated from the tares until after all the tares are bundled for the fire. The bundling is completed in the Mark-of-the-Beast Period. There is a "single" harvest at the end of the Mark-of-the-Beast Period. This harvest action, gathering the wheat (the Church), occurs at the very end of the Beast Period at Christ's Second Coming. The tares are harvested soon afterwards.)**

Matthew 13:30, 39 'Allow both to grow together until the harvest; and in the time of the harvest I will say to the reapers, "First gather up the tares and bind them in bundles to burn them up; but gather the wheat into my barn."'" (39) and the enemy who sowed them is the devil, and the harvest is the end of the age; and the reapers are angels.

HOW ENDTIMES EVENTS MIGHT (CAN) UNFOLD

Combining Biblical Teachings as an Overlay (Including for How the Endtimes Unfold) and Placing Current Secular Conditions under the Overlay Show How Endtimes Events Will Place the World under The Coming Disciplinary Endtimes Tribulation With Socialistic World Government

INTRODUCTION: The Bible clearly teaches that as the endtimes come, bringing the Tribulation with world government, there will be calamity, food famine, little knowledge (famine) of God's Word, war, disease and pestilence, great persecution with martyrdom, and teaching to have people believe wrongly about needing to be saved by the Cross. The coming world government will train all the children for world government and world religion without parents being able to do anything about it. (In times of apostasy, the government acts wrongly against the children (Ezekiel 16:20-21).) There will be shortages of many or most needs of life. The happenings under Revelation's seals of the seven-sealed scroll (book) contain the events for how Christ wins back the earth's title deed from Satan (lost in the Garden of Eden with the sin of Adam and Eve; (concept presented in Jeremiah 32:6-15)) that allows Him, according to the rules of the spiritual warfare, to Rapture the Church and bring the final judgments.

28(...continued)

believers and judgments for unbelievers, people will get as they enter eternity. **The Rapture cannot occur until after the Tribulation when (after) the heavenly court determines that Christ has won the spiritual warfare over Satan and has given Christ the authority to rapture the Church and bring the final judgments, according to the spiritual warfare rules.** For reference see our web site document: *God's Plan over History for Man to Become Mature in Christ Needed to Eternally Know and Relate to Our Perfect God in His Greatness*, and also *Watchman Warning* pages 96-100 for detailed development.

WHAT CAN HAPPEN: We do not know all the details or exactly how they will come. What follows in the next section is a possibility that fits under the Bible's overlay, especially under the endtimes special (pattern) sequence. This possibility will come or something like it. Although we cannot know when Christ will come, we can know by the signs when the Tribulation can (might) begin. It is very likely (though we do not know for sure) the Tribulation will begin in some spring in the next few years.●²⁹ In any case, we need to be mature in Christ and prepared now regardless of its timing, so we will be prepared with needs of life and experience of walking by faith.

EXPECTATIONS IN SUMMARY FOR HOW THINGS WILL COME (These expectations (estimations) are based on the Bible's teachings and current events, shared by many on the internet, under the Bible's overlay. We cannot know now the exact happenings. At least I do not know. (Some items were previously presented under The Big Picture.) The country we love will be taken away from us forever. We will live in socialism under the control of the coming government.): The U.S. currency as a world currency will be replaced. This will bring massive inflation in the US. The economy will fail, bringing an inflationary depression. This great depression will (can) cause thousands to lose their jobs, but with many jobs continuing for the country to continue. People will be unable to buy things at the high prices. This will reduce production and the infrastructure will break down. Goods and food (especially organic grown foods) etc. will not get to the market place, thus bringing very large shortages. This is part of the plan to reduce the population so fewer will believe the Gospel. (This is allowed by God as the American church is falling (falls) away.) The stock market for the most part will crash and people will lose their investments and savings. We will end up with the very rich who control and have provisions, and the rest of us, now the very poor, who they control. (Many on the internet now suggest that possessing silver and gold coins along with Swiss Franc investments should be held now to preserve and increase one's investment. But these investments and others being good assumes some version of freedom will continue to exist and the coins will not be confiscated. (This can be true for the rich and not for us.) We need to know how the rich who control are placing their investments.) As the Calamity comes, the remaining government in the U.S. will declare martial law and bring military rule. There will

29. TIMING OF CHRIST'S COMING AND THE TERMINATION OF HISTORY (We cannot know the time of Christ's Second Coming.): Although we can not know the exact time, we can expect (guestimate - but not know) the termination time of history and Christ's Coming to be near 2030 (some say 2033). This is based on the number of man being 6 and its multiples. Dr. Anstey in his book; *Chronology of the Old Testament* shows from the Bible there were about 2000 years from Adam to Abraham and about 2000 years from Abraham to Christ's Crucifixion in AD 30 (Some say AD33.). This leaves about 2000 years to the end of history or near 2030. There will be very few Christians alive at that date. Most will have been martyred or otherwise killed. Those alive will know but little Bible doctrine, and will not know when Christ will return. (Based on what happened to Israel, the Tribulation may last about 20 years. This understanding being true (and it may not be), the Tribulation, as the signs now loudly signal, can begin any time. Of course, only God knows the time.) According to Jewish traditions, Christ will come at the last trumpet (1 Corinthians 15:50-58) such as the time of the Feast of Trumpets which occurs in the fall of the year. The last trumpet will be either the seventh trumpet after the Tribulation or one after it. The Tribulation being (not know) a non fraction number of years except for the 6 months during the Mark-of-the-Beast Period, one can expect (not know) the Tribulation to begin in some spring, 6 months apart from the Feast of the Trumpets.

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

be great disease and pestilence in our lives and farms. Much of the viruses etc. that cause most severe disease especially in our toxins (when the organs do not function optimally), developed in the laboratories, will be brought in by design.●³⁰●³¹ The purpose is to kill people so fewer of the elect might be born and/or accomplish God's work. Fewer people are more easily controlled. (People now need to know how to gain and maintain good health and to prevent and get well from serious disease.●³²) At this time, with the country in great chaos, there will very likely come nuclear bombing of several of our American cities (but most likely not including those which build satellites, nuclear weapons, and missiles - military weapons to be used by world government - the internet has listed candidate cities). There can be missile attacks from submarines. There will most likely be long term electrical power outages being without telephones, TV, and the internet. People will not know what is happening and will not

30. IN ORDER TO STAY HEALTHY AND GENERALLY FREE FROM DISEASE AND SICKNESS: In order to stay healthy and have great strength from getting disease, we must detoxify our bodies and keep our body ph alkaline. Bugs, viruses, and germs feed on toxins in our bodies. Having low level of toxins, helps to prevent disease. Keeping an alkaline ph strengthens our immune systems and thus, helps to prevent disease (and to get well faster). This means we must eat most of our foods raw fruits and vegetables organically grown. We can use colloidal silver that kills most bugs, viruses, and infestations. We must get some in advance. **We can use Hulda Clark's Zappers to help kill the bugs and viruses. We must do these preparations urgently now to condition our bodies particularly before the endtimes come with their infestation problems.**

31. TYPE OF JOBS: In these endtimes when the calamity and world government come, we need to have jobs now that are needed in both good and bad times and have some inter-nation need.

32. BASIC RULES AND NECESSARY PROCEDURES FOR GOOD HEALTH (PRESENTED SIMPLIFIED) FROM MANY BOOKS: (1) Detoxify our bodies regularly (most every disease as we get older occurs from a toxin build up in our organs where they malfunction, no longer able to protect our bodies from disease - intruders come and feed on the toxins causing disease and body malfunctions); (Cancer is a symptom of a malfunctioning body. The cure, if the disease is not too close to terminal, is not to remove the cancer, but to get the body to function normally by diet, and then, the body, it self, will get rid of the cancer. I have many books that teach these things.) (There has been a new discovery for helping the body do what the right foods would do to get of and prevent cancer when we have inadequate diets or especially when we are close to terminal when foods cannot act fast enough.) Both or combination of approaches may need to be used.) (2) Keep the body PH alkaline so the immune system works properly and strong; (3) Eat 85% of our foods raw fruits, greens, and vegetables "organically grown" to gain the needed vitamins and minerals; (4) Get needed exercise; and (5) Drink sufficient liquids (water and raw vegetable juices) in fluid ounces equal to about one half our weight in pounds. I am now drinking much Barley, Carrot, and Beet juices. It is most good to take probiotic drinks that include raw Kombucha. This drink helps to rejuvenate, revitalize, and detoxify our bodies. Try to avoid (keep to a minimum) soft drinks, coffee, milk, green tea (we can use herb teas), much or any alcohol, and especially white flour and white sugar products. We should keep these bad things and cooked foods to much-much less than 15% of what we eat. We should not eat meat unless the animals were raised on grains and grass. These are guide lines. I have written a health paper. The problem we all have is that in our life style and schedules in a practical world, it is hard to follow all the good health rules. But if one gets cancer etc., there is little option. Be sure to visit and study www.hacres.com. George Malkmus, a retired pastor, cured himself of intestinal cancer and has a great diet for what we should and should not eat. He also sells products we all need. I have purchased many of them. **We can drink lemon water (no sugar) to detoxify our bodies including our liver, gall bladder, and kidneys (1/3 lemon juice; 2/3 water). Alternatively and additionally, we can (should or must) use Bragg's Apple Cider Vinegar with honey to alkalize and detoxify our bodies and providing many needed minerals and vitamins. This product gives us much potassium needed for our cells. See www.bragg.com.**

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

be able to contact their loved ones, unless they use some form of amateur ham radio with back-up primary power. Reports warn that military in black helicopters, during the blackout, will come (soon) beginning with the Calamity over time to arrest, imprison, and martyr many or most, particularly the more well known and influential, Christian leaders, pastors, key conservatives, and key conservative radio-TV people. Such an attack can greatly reduce ministry and can scatter the rest of the people. These key ministers etc. should have a (secret) place in which to go immediately to when the Calamity comes so they can continue their ministries. Otherwise their ministries, most likely, will be over. In any case, they will need to revise the ways they do ministry. The government then will place us under world government rule, very likely under Russia and China. Loaning money, China owns over 1/3 of American land now, runs the Panama Canal, and has military bases in southern Mexico and Long Beach. (Russia, and China have had much military with vehicles in training in the U.S. for some time. (I have an older document with photos.) We can look for military build up. There will be major war in the middle east and Islam's control is expected to be taken out, there and in the U.S. A new worship system will (can) come very likely in a form of a mother and child worship system based on Semiramis and Tammuz (the mother and child worship in the O.T. Babylonian world empire).●³³ It will be a worship system that world government controls. The government will make war against older and retired people who know the Bible, and will most likely no longer allow retirement. The government will make war against Christians and others acting in opposition to world government and its endeavors. They will be persecuted, martyred, and imprisoned. This persecution with Christians not knowing what is happening and not being mature in Christ will cause "a major falling away of the faith" that allows the Mark-of-the-Beast System to come. **There will come a great increase in adultery. People fall back to sex when they have little else. It is a great driver. (Most wonderful in a biblical marriage.)**

We must understand (as satanic strategy), the world government is not interested in preserving our freedoms, free enterprise, and population. They are interested in control, being in charge. Of course, Satan does not want the elect to actually believe.

The country of the United States we now know and love will be gone forever. Freedom will be gone and world government using socialism will control everything. Things will become "much worse" than most of us know or can imagine. This leads to the termination of human history eventually using the Mark-of-the-Beast Period.

It does not matter when we die (after we finish the jobs God has planned for us) as long as we have reached a maximum maturity in Christ-likeness, walking by strong faith and love, needed to know and relate to God in His depth-breadth in eternity. Church leaders, pastors, teachers, and family heads pay attention here. We are talking about eternity -

33. MOTHER AND CHILD WORSHIP: See the book: *The Two Babylons (or The Papal Worship)* by Alexander Hislop. The mother and child worship is shown to be the worship of Nimrod and his wife (Semiramis) with a repeat of the system very likely in the endtimes. The mother and child worship system was brought into the church in about 425 AD to become the Catholic Church. See Ezekiel 8:14 and other Scriptures for Nimrod. For example, Christmas and Easter are not Christian holidays. These worship days were to celebrate the birth of Tammuz on December 25 and his death on Friday and his resurrection from the dead at Easter. Christ was actually born in the fall of the year and He was crucified on Thursday, not Friday.

WATCHMAN WARNING! (The Big Picture of What Is Now Happening. Part One)

forever and ever. Urgently train your people with the needed sufficient topics that must be lived out experientially (we must know them) to gain this maturity now and also to stand strong without falling away in the coming persecution. (See Appendix Four and the reference documents under Training for minimum topics necessary for how to gain maturity. You can add some topics of your own. You can send them to us.)

SUMMARY: THE BOTTOM LINE

We must urgently maximumly mature our people for eternity and prepare them for (and before) the soon-coming endtimes. We must train them to walk by very strong faith and love. We need to put in provisions for going through the calamity and gain jobs that are needed in good and bad times and have an inter-world need or interface. Our church people and families must be warned about what is coming, and placed into small home churches, into underground churches. Our supported missionaries, pastors, etc. should “now” get additional or alternate financial support, even jobs.

Now read now the Appendices that immediately follow for “vitaly needed” understanding and background information. They present need-to-know but hard-to-find information and aspects that need to be integrated together to understand and appreciate the big picture.
