The “must know” Biblical teachings include the following:

1. We have a “perfect infinite” God in all categories (attributes). He has “always” existed - never created, and has perfect character qualities. For example, (1) He works with billions of people all at the same time; (2) He has always known all happenings, past present, and future that can be known; (2) He has created a universe so big, we do not know how big it is; and (4) He always existed everywhere that exists. He created all of us and is in charge of all of life and has established our eternal futures, dependent on what we believe and have lived our lives under His leadership. He has planned a wonderful eternal future in association with Him if we will respond to is leading.
2. In our lifetime, we sin, and thus, are to believe in Christ, being the Son of God, as our Savior who on the Cross satisfied God’s Justice for our sin (law breaking of God’s laws). We are to activate our faith using such as a prayer to God. Then we become Christians and the Church of Christ. Only then can we go to heaven to live with Him in all eternity. Otherwise God will satisfy His Justice in another way for our sin by casting us into the Lake of Fire, a most “terrible place” for “all” eternity. We would not anyone to go there.
3. In our current lifetime, He wants us as Christians to become maximally mature in Christ-likeness so we can relate to Him in a “maximum way” in His infinite Greatness. Two of the necessary ingredients are to: (1) love Him with our total beings so we keep (obey) His commandments (then we live holy and righteous lives and get to know more of God); and (2) walk by faith trusting God to fulfill is promises with our obedience to His instructions (activating our faith) with the promises (then we live without sin because all is coming from God as a source and we gain revelation of the Scriptures). Then, as He directs our lives, we can maximally live by His holiness and righteousness in close fellowship with Him and each other throughout all eternity, as He leads us and works all things together for our good. We can know much of His infinite Greatness. Apart from this, relating maximally to God, there is nothing. He has the only value and perfect life that exists.
